The Dawn of A New Millennium

Day sleeps all through the silent night,
 And the darkness dies in perfect light.
 Let us say goodbye to evil long past,
 And redeem ourselves in joy at last.

There is to be a great Jubilee;
 The dawning of freedom for all humanity.
 Our debts will be cancelled and forgiveness will rule;
 At last an end to all things that in life are cruel.

If you've a tender message or a loving word to say,
 Don't wait till you forget it but whisper it that day;
 We live in the present, the future unknown,
 Yesterday is a memory, today is our own.

Celebrate this Jubilee by believing it will come;
 Commit yourself completely, beat a different drum.
 There is yet to be this bright array,
 Where the the past is forgiven in a perfect day.

Tyron Waugh
 (Year 12)

PRINCIPAL'S MESSAGE

As the year 1999 draws to an end and we prepare for the year 2000, some significant milestones call for recognition.

Firstly, there is the Year of Jubilee the Year 2000 which marks the end of the second millennium of the Christian era. Some reflections on the Year of the Jubilee, put together by current students, are featured in this magazine.

Secondly, there is the 100th anniversary of the commencement of Catholic education in Burnie when the Sisters of Mercy began their ministry of educating the Catholic children.

Thirdly, there is the completion of 40 years of secondary education on the site where Marist Regional College now stands.

The centenary celebrations are being organized by a committee working closely with the Sisters of Mercy. The main celebrations will be in the week-end of 10th, 11th & 12th March, 2000.

The 100 year and 40 year anniversaries remind us that we are entrusted with the task of carrying on works that were begun in the face of difficult financial circumstances and were enabled to continue and prosper because of the generosity and hard work of many people, teachers, religious and lay, students and parents.

When I first arrived in Burnie in 1994 I was impressed by the high standing that Marist Regional College enjoyed in the community. I have spoken of this to students at our college assemblies and challenged them to do their part to maintain that high standing, by being proud of the school and its traditions and by doing their part to live up to those traditions at school, when representing the school in public and by their participation in the life of the wider community.

The 1999 school year began with the acknowledgement of a tertiary entrance score of 100 achieved in the 1998 TCE by Phillip Pullinger. Five other students scored above 90 to make that set of results very pleasing news to start the year.

The 1999 musical production, "Return to the Forbidden Planet" in July kept up the great tradition of college musicals of earlier years. The enthusiasm and talent displayed by the students and the laudatory comments from seasoned "musical" goers embolden me to say that the tradition was at least maintained.

A study of the Burrowing Crayfish in Shorewell Creek has received high praise and tangible recognition from the students who began the study and for Jonathon Duniam, who put the report of the project together to submit for the Stockholm Water Prize. The College can take great pride in his achievement to be the first runner-up in this world wide competition.

The three things I have mentioned are some highlights of another crowded year at Marist Regional College in which the solid performances of many in the classroom, in cultural activities, on the sportsfield and in community participation have made 1999 another significant year in the life of the College.

Fr William Ryder, S.M.
Principal

BOARD OF MANAGEMENT

In this my first report to the College community, I open with a reflection on the role of the Board of Management. I very much see the Board as a support to the Principal and Staff in providing the facilities required to achieve the objective of the College - the provision of secondary education according to the Catholic ethos for children of the Burnie area and the North west and West coast areas of Tasmania, by overseeing the financial management in a responsible and diligent manner.

In the past 12 months we have seen the milestone of 40 years since the foundation stone was laid at the then St. James Marist College in November 1958. We also mourned the death in November 1998 of Fr. John Smith who was a participant in the vision of Marist as Parish Priest of Burnie in the late 1950's.

With this history behind us, we as a Board now look at the needs of students at Marist Regional College into the 21st Century. The formation of the vision for Marist has to incorporate the demographics predicted for the region, and the advice from the educationists and the community are important as we manage the available funds for the benefit of our students to maximise their opportunities as they grow and move to the next stage of their development.

These considerations are the guidelines when the priorities of the College funding are assessed. The Principal Fr. Ryder has the unenviable role of assessing the priorities brought to him by his staff. The Board's role is to support the decisions of his Administration Team.

The major issue under consideration in 1999 which has resulted in a Capital Projects submission for funding is for the preliminaries required to upgrade the Art Department facilities. This has highlighted a need to upgrade toilet and shower facilities to ensure we maximise the use of existing buildings.

Other projects which have been addressed by the Board this year include the outsourcing of the Canteen and firming up an agreement on the supply of texts and stationery. The Board was also represented on a committee addressing an Information Technology submission and supported the recommendations of the committee.

There was a significant change in the structure of the Board of Management in 1999. Mr. John Bloomfield did not seek re-election as Chairman. John had been Chairman 11 years and had given remarkable service to Marist Regional College and indeed to Catholic education in Tasmania. He will be a hard act to follow, but John remains on our Board to provide guidance as we reach into the next decade.

Mr. Michael Willis resigned from the Board at the end of 1998. Michael had been an active member of the Board and involved in other College activities for several years and has been active in Catholic education on the North West coast. We sincerely thank Michael for his service to the College.

We welcomed Mrs. Billie Hicks and Mrs. Kathy Cameron to the Board in 1999. Marist Regional is fortunate to have their services available to us as they bring experience in education and community services.

I also wish to thank the other Board members for their personal support and for their service to Marist Regional College:-Mark Summers, Peter Blesson, and Fr. Robert Hollow were re-appointed in 1999, to join Kathleen Siggins, Fr. William Ryder and Sr. Beth Calthorpe.

On behalf of the Board, thank you to the staff, members of the Parents & Friends Association and all who have contributed in any way to make 1999 a successful year.

David Dwyer
Chairman

Some students' ideas and reflections on the Year of the Jubilee

..... It will not only be the underdeveloped countries which will benefit, but also citizens of the wealthier countries in both an economical and environmental sense as well as the moral aspect. "Doing right is its own reward." It sometimes takes an act of honesty and courage to acknowledge the weaknesses of the past, but these help to strengthen our faith and prepare us to meet today's temptations and challenges. As Christians we follow the gospel, which states clearly that all Christians are called on to work for justice in their world.

To answer this calling we are required to respond to Jesus' preachings of Jubilee and work towards a world which promotes compassion, equality and forgiveness.

Many people believe that the problem is too great, but even in an individual's day to day life there are many opportunities to promote the aim of the Jubilee campaign. ...

..... As individuals we can take it upon ourselves to spread the word and make people more aware within any community that there are people who tend to be excluded for their differences whether they are disabled, elderly or enslaved by poverty. We each have the power to make a change and allow them to live a dignified life again.

..... The main focus for this particular campaign is to cancel the debt owed by many underdeveloped countries. There is general acknowledgement today that the gap between rich and poor is growing wider. It is evident that in seeking to deal with the debt of these very poor nations, it is not just economics which is being tackled, but a spirit of greed and hunger for power and the dehumanising oppression which poverty brings. It is up to us all to change this. Let us do it now to enable the impoverished people of debtor nations to have a fresh start, to give us hope for a new millennium.

One of the most important elements of Jubilee is the jubilation we can take with us on our journey. Our world is one we must learn to appreciate letting friends and family know how much they mean or taking the time out to watch the sunset and saying a prayer of thanks are important lessons we all need to learn.

Gabrielle Pisano

Love

Devotion

Feeling

Emotion

Don't be afraid to be weak,

Don't be too proud to be strong,

Just look into your heart,

That will be the return to yourself,

The return to innocence.

If you want then start to laugh,

If you must then start to cry,

Just believe in destiny,

Don't care what people say,

Follow your own way,

Don't give up and miss the chance,

To return to innocence.

Wanting

Needing

Striving

Believing

Open your eyes and you will see,

What the world could be,

Search the hearts of those in despair,

And let them live in harmony

A life in repair,

To return to innocence.

Andrea Boland

A mother cries at the birth of her child but
the tears are sadness not joy,
In a world ruled by money what will
become of her precious little boy.

Born into poverty he has no choice,
but today's youth of the world share a common voice.

They don't want to see war and hate,
they just want everyone to be their mate.

They try so hard to help the poor,
but their efforts are needed more and more.

"What can we do?" the parents say,
"the problem just won't go away."

"The problem's too big what can I do?"
Said a lady in her BMW.

As the new millennium approaches fast,
we ought not continue living in the past.

Imagine true equality,
all of humanity living free.

The millenium is the time to do something advanced,
one small step for God one giant step for man.

Cancelling all debts that are monetary,
to give countries back their dignity.

So let's start afresh and keep the peace together
hand in hand,
and reach into our hearts and voice our support
for Jubilee 2000.

Shontelle Cocks

"A Fresh Start for the New Millemium"

Jubilee 2000 is an international movement working towards a comon goal. This goal involves the cancellation of the unpayable debts that are held by the poorest nations by the year 2000.

The burdens of these debts cause the people of these nations to suffer grave injustices. They are forced to repay this money, instead of it being spent on more valuable services such as health and education. The cancellation of the debts would enable the nations to begin improving again and improve the immense poverty.

From the 1970's and onwards, the poorer nations were encouraged by the richer western nations to take out large loans. Due to factors such as recessions and higher interest rates, these debts increased to unpayable amounts.

The Jubilee is a time of forgiveness; the challenge has been made to the rest of the world to cancel the debt of the poorest nations. It calls on the creditors and debtors to take responsibility for their actions. The debt is a burden on the people of these nations, through no fault of their own, and is unlikely to be paid off, only inherited by future generations.

The essence of Jubilee is a biblical one. Every fifty years all debts were cancelled and slaves set free to enable a fresh start for all, including the future generations. People are suffering due to the mistakes of their leaders and the irresponsible actions of the money lenders. They are incapable of repaying the massive debts, and need our help to free them from it. Western society has the capability to cancel the debt, and only needs the support of the people and politicians to enable such a gift to occur for those who desperately need it.

BROTHER OSCAR ICHIBA, S.M.

From July through to November this year we have been privileged to have Br Oscar as a member of the Marist Community in Burnie and to have his assistance in an honorary capacity in the teaching programme at Marist Regional College. Oscar has been in Burnie as part of his pastoral experience in preparation for ordination to priesthood and we have all appreciated the gentle and caring manner in which he assisted in the Japanese programme in Years 10 and Senior College and in the Religious Education Programme in Years 7-9. We wish him well as he continues his ministry in Sydney and assure him of our prayerful support as he continues his preparation for perpetual profession as a Marist and for ordination.

PARENTS AND FRIENDS' ASSOCIATION

PRESIDENT:	Mrs. Sue Walsh
VICE PRESIDENT:	Mrs. Marilyn Monson
SECRETARY:	Mrs. Marilyn Smiley
TREASURER:	Mr. Paul Roberts-Thomson

With 1999 seeming to be rapidly drawing to the business end of the year the time has come to write our report for the Association's activities to date.

The first function conducted was our Annual Fair which proved to be quite successful, \$9,683.00 was raised, after expenses, so that was excellent. I would personally like to thank the Fair Committee for all of their hard work. Special thanks to Mrs. Wighton, Mrs. Watson, and Mrs. Goninon who were the staff representatives on the Committee, and all of the office staff who were magnificent, the monthly craft workers deserve our thanks and also to Miss Rattray, Mrs. Viney and Mrs. Gleeson; indeed all staff members who went out of their way to make the day a pleasant one. Thanks also must go to our P & F committee and especially Mrs. Moira Marshall who was thrown in at the deep end by my unfortunately taking ill with two weeks to go to the Fair Day.

Lastly our sincere thanks to all parents, sponsors and students who participated fully on the day. Without this generous support the fair would not have been the successful day it was. Please note down that the fair will be held on Friday, March 31st, 2000, plan to attend if at all possible; your children need our support.

The annual Christmas Cheer night was once again well supported and raised the wonderful total of \$1835.00. Our thanks must go out to Mrs. Pat Jensen and her helpers for being such loyal supporters of Marist Regional College.

During the year we had a number of smaller fundraising efforts, the Sock-It-To-You Fundraiser, the Mother's Day Decorated Cake Raffle, and Family Portraits come to mind.

Parents and Friends also issued a number of Merit Certificates to students who helped out during the year particularly those students who helped erect the sports fence.

The Parents and Friends also helped with a contribution towards expenses incurred by Jonathon Duniam on his recent trip to represent Marist Regional College and Australia in the Science Competition held in Sweden. First Runner-up - congratulations from us all.

I would like to thank Fr. Bill, and all staff who regularly attend our monthly meetings. Unfortunately two meetings this year have been abandoned because of a lack of a quorum. Most of the regular members of Parents and Friends for the past few years have students leaving the college either at the end of 1999 or 2000 so it seems we may have difficulties in getting an Executive for 2000. Please come along and help us keep our students well informed, well educated and able to move into the next century with confidence.

The Parents and Friends Association wishes you all our good wishes for the year 2000 and beyond.

Sue Walsh, President.

STUDENT REPRESENTATIVE COUNCIL

The Student Representative Council for 1999 have had a very busy but enjoyable year. The year commenced with the group meeting for the first time at the Waterfront Wynyard Motor Inn. This was an opportunity for the council to build and strengthen friendships, work together as a team and learn some of the skills of leadership. It was at this camp that we set down our goals for the year and planned out how we hoped to achieve them. Our weekly meetings have enabled us to monitor our progress towards achieving these goals as well as providing us with the opportunity to organise and coordinate up and coming activities.

Our biggest goals, and one that has been the major focus of student councils for many years, is the building of school spirit throughout the college community. This was achieved by encouraging student involvement in a variety of activities initiated by the SRC.

Some of the highly successful and most entertaining events of the year included the inaugural Spaghetti Eating Competition, which was enjoyed by participants and more particularly the spectators. Our congratulations are extended to Nick Whittle, who was the winner of the competition final. The Feast Day saw hundreds of Marist students (and Mr. Horniblow) getting wet and muddy on the waterslide. Class groups from around the school participated in a tug of war challenge and a barbecue lunch was supplied for all. Our three school socials were more successful than we could have possibly hoped for and we thank all staff and students who attended and especially all those who entered the spirit of the "theme" and dressed up. Our Pancake Breakfast was well supported and provided a good fundraiser for the council. The end of term assemblies along with the side show (a display of whip-cracking, gymnastics, music, juggling etc), which was held at the school fete provided entertainment and showcased some of the talents that our student body has to offer.

Fundraising for this year included the Easter Cross, Feast Day, our Pancake Breakfast, Spaghetti Eating, Jeans-for-Genes Day and our socials. We were also able to raise money to purchase a stereo for the senior college common room by holding a Jellybean Guessing Competition. In all the SRC has raised over \$3000 both for charity and to go towards our major project.

This year's major project has been in conjunction with the art department. We plan to contact former Marist students, who have undertaken further education in fine arts, to return to the school to design and construct mural-type art works in areas of the school which are in need of brightening up. Mr. Grieve and Mr. Hawley have given valuable assistance to the SRC and their contributions in this area are genuinely appreciated.

A huge thank you to Miss Helen Byrne for taking us on as staff liaison and for all the time and energy she devoted to us. Our thanks go to Jarrod Polson, Heath Calvert, Greg Bacon and Troy Bester for all their assistance in setting up socials, assemblies and spaghetti competitions. Finally, our appreciation and gratitude to the entire student body for their support and involvement and to all staff members who made our time at Marist Regional College so memorable. We wish the Year 2000 SRC every success and we hope you will enjoy the privilege of serving our school as much as we did.

Natalie Woodhouse and Duncan McKenzie
SRC Co-Captains.

This year at Marist Regional College marks 40 years of secondary schooling on the beautiful site overlooking Bass Strait

MARIST REGIONAL COLLEGE, BURNIE

Catholic Education in Burnie began with the arrival of the Sisters of Mercy in 1900. Catholic secondary education began its move to the present site of Marist Regional College in 1959.

Marist Regional College continues the task of providing a catholic secondary education for children of the catholic community of the North West and West Coasts.

In addition Marist Regional College has the capacity to accept enrolments from other families who can support the catholic christian ethos of the school.

This college offers:

- A commitment to the religious programme and to putting the gospel ethos into practice.
- Programmes of study to cater for a wide range of abilities and strives for achievement appropriate to each student from year 7 to year 12.
- In Senior College this includes opportunities to undertake Vocational Education courses. In 1999, Hospitality and Tourism Office and Community Care courses are being conducted.
- Some special programmes to assist with numeracy, literacy, work organisation, preparation for employment, self esteem and thinking skills.
- General counselling and career counselling and advice.
- A range of extra curricular activities including music, drama, public speaking and sports.

These photographs show the development of the buildings over the last 40 years

ST VINCENT DE PAUL CONFERENCE

We have been able to run two conferences at the College - one in the Senior College and a Year 10 Conference. We have had some solid inservicing on the spirit of the Society and spent time strengthening the spiritual aspect of the conferences. Both Conferences are positive and enthusiastic. There is a great amount of commitment and interest in this year's Year 9 students, therefore the future of the Society in the College seems quite solid with good support from the administration and staff.

I wish to thank the local parish Conferences, the Regional Conference and the school administration and staff for all the encouragement and support that they have given both the conferences and myself.

Steve Dobbie, Bailly.

SENIOR COLLEGE CONFERENCE

Our Conference has 21 members on our books. We ran an Easter Party for 20 students from Acton Primary School and organised the September Buddy Camps which involved 6 of our members. We also held 2 car washes and a 'Thunder Hockey' competition as fundraisers. In conjunction with St Brendan Shaw College, Devonport, we organised a picnic/activities day for some under-privileged children from both areas with the support of St Patrick's College, Launceston.

Two members of the conference were involved in the June 'Buddy' camps and another 2 members represented us at the society's centennial celebration at Launceston.

Robbie Moore, President

YEAR 10 CONFERENCE

The Conference has 31 active members and we are learning about the Society with its traditions and spirituality.

We were involved in the staffing of an Easter Party organised by the Senior College Conference for some of the students from Acton Primary School. We ran a children's clothing and toys appeal for the Kosovo Relief Appeal and were able to present the Red Cross, Burnie, with 8 large bags of clothing and toys. Seven members were involved in the June 'Buddy' camps, and some of our members supported the Senior College's combined picnic/activities day. This day gave 20 under-privileged children from

Burnie and Devonport a wonderful day of relaxed activities, allowing them to just be kids for the day. As fundraisers, we ran a successful 'Lucky \$50 Note' competition plus a Chocolate Drive and established a donation box within the College. We regularly visited residents at Umina Park and Yaraandoo Hostel, held a 'games afternoon tea' for some of the students from Acton and 'adopt-a-student' through the Society's programme. We supported the local parish conferences during the Button Day appeal by helping with the sale of these buttons and are in the process of establishing contact with our Twin Conference at St Sebastian's, Madras, India.

We thank the College administration for their ongoing support and cooperation and our Senior Conference for their example, and the way they involved us in all of their activities. We pray that the Lord continues to bless our conferences as we try to continue the work of the society in the Burnie area.

Ben Johnston (President), Christopher Sandy (Treasurer) and Kahn Lyall (Secretary)

RESOURCE CENTRE

The year began with the transferral of our cataloguing data to the new Athena system. It was a surprisingly smooth transition with fewer problems than anticipated. The students adapted well and did not require tutorials. The new system is visually attractive and very user friendly. At the same time we were able to increase the number of computer workstations to 14, 10 of which are available to students for access to the Internet, the library catalogue and a number of CD-Roms.

Catherine Woodberry offered to run a Chess Club at lunchtime and was overwhelmed by the response! Three highly competitive chess tournaments were held. Outstanding competitors were Nicky Cuff and Ben Hey. We were particularly grateful for Maciej Samborski's support in organising the tournaments.

Bushranger's display

Another innovation was the Teenage Fiction Club. Members contributed their reviews and recommendations to the Marist Regional College web page, and these can be found at [/reviews.html](#). Junior secondary students have been our major contributors with Courtney Brunetti being the star contributor!

The library continued to be responsible for the development of the Marist web page: www.mrc.tas.edu.au. The students use the links provided to locate information relevant to their subject area. This makes Internet time more productive, especially when

teachers have requested library staff to identify appropriate sites in advance.

A special thanks to the library monitors who have consistently turned up to do their allocated duties. This is the first year we have had monitors from Year 10, most of whom have been assisting for a number of years. Thanks also to the parents who have covered a great number of books this year.

AFL display in Grandfinal Week

Susan Chen, Teacher-Librarian

ARTIST IN RESIDENCE

In March Senior College Art students participated in a special workshop by visiting English artist Claire Barber (currently Artist in Residence at the University of Tasmania, Launceston Campus). The aim of the workshop was to introduce students to the somewhat unknown artform called 'Site Specific Installation'. Students were treated to a slide presentation by Claire which included images of installations she had constructed whilst undertaking residencies and commissions in Europe. Following this presentation, students were then driven to a site and they participated in the construction of their own installation. Each artwork was constructed using materials only available on site, i.e. leaves, pine needles, wire, blackberries, poles, junk metal etc. The unusual nature of this event attracted interest from several local Burnie artists who paid a visit to observe the results. Claire was very impressed with our students' willingness to take on new ideas and experimental techniques; consequently she was very pleased with the installations each student created.

FETE

The skies of the morning of Friday, 26th March, were grey and the ground was wet.

After much deliberation it was decided that the fete would go ahead - and ahead it went.

By lunch the sky had cleared, the ground had dried, the food stalls were busy and the school, once more, was filled with the sound of the Marist Fete.

DEBATING

Yet another year, yet another Marist debating team travelled to Launceston to Scotch Oakburn College to participate in the Commonwealth Parliamentary Debating Shield. We competed against our arch rivals Launceston Church Grammar, Scotch Oakburn and St Patrick's College but unfortunately this year not St Brendan Shaw College as they sadly forgot about the big debating weekend! Our Marist 'A' team consisting of co-captains Carmen Duthoit and Sarah Bartlett, William Hindmarsh and Claire Dean went through the weekend with only one victory. That victory only came because Marist 'A' were debating against Marist 'B' consisting of Ettia Wong, Naomi Roberts-Thomson, Isaac Poole and Lyle Crawford. The 'B' team sadly didn't have success in any of their debates. After what was thought to have been a fruitless weekend, the exciting news was received that Claire Dean had been chosen as the first representative from the North West Coast in 15 years

for inclusion in the State Debating team - and we must add, ahead of two Grammar 'A' team debaters !! We thank Mr Listo and Mrs Viney for their assistance and support over the weekend, especially Mr Listo for his encouraging comments and Mrs Viney for her brilliant facial expressions!
Sarah Bartlett and Carmen Duthoit (Co-Captains)

STATE DEBATING

Over the course of the Commonwealth Parliamentary Shield Debating weekend four students were chosen from the eight teams at the competition to attend the selections for the state Schools Debating Team. Much to my surprise I was chosen along with three other students from Launceston. The trials consisted of two days in Hobart during which four state team members and two reserves were to be chosen to travel to Canberra in July/August and compete in the National Schools Debating Competition. The team was selected after a final presentation debate on the Sunday afternoon and for the first time in fifteen years someone was chosen from the North West Coast - me! Intense training took place in the weeks that followed, involving trips to Hobart and Launceston. The style of debating I learnt is much different from school level debating.

In July I travelled with the other team members, three boys from Hobart, two reserves and our coach Olivia Goodman to Canberra for a week of competition with the country's best debaters from every state and territory. The debating skills on display from many of the state teams was very impressive. During the week I improved my debating skills, increased my general knowledge, made many new friends and had lots of fun. I was surprised by my selection in the team due to my lack of experience. I was also daunted by the amount of time and effort I would need to put into training for Canberra. In hindsight I realise that no matter how little experience you have in debating, it is a great area in which to be involved. Debating helps you think in a clear and organised manner which will help generally with speaking and writing skills. It also helps develop confidence and broaden general knowledge. You also meet many interesting people debating. I consider myself lucky to have had the opportunities that I did. I now realise that you need to make the most of opportunities that are offered to you. I would love to see a local competition in Burnie. I strongly encourage students to get involved in the Parliamentary Shield Competitions because debating is fantastic fun and expands your mind.

JAPANESE

We have had an exciting year with the long awaited and planned for trip to Japan in May being a huge success. The students and I not only had a great time but had the opportunity to experience Japanese culture and to use our Japanese language in real life situations. The increase in those students' confidence and ability has been marked. Many thanks again to all those in the school community who supported us.

We have been fortunate to have the service of Rikako Kubo our JAPEP assistant for nine months this year. She has been a wonderful help and our students are lucky to have a native speaking teacher.

Eleven short term AFS students from Japan used Marist Regional College as their base for six weeks of intensive English study and immersion into Tasmanian lifestyle, in July and August. Most Japanese classes had the chance to interact with these Japanese students of a similar age.

We have been successful in submissions to NALSAS and Japan Foundation to continue to build the library and classroom resources.

RIKAKO KUBO (Japanese Assistant Teacher)

"Since I came to Marist, I've enjoyed teaching and studying Japanese and culture with students, and also enjoyed my Tassie life with wonderful host families, friends and many nice people. It was one of my challenges to live and teach language out of my country. It gave me not only confidence but also great experience, even if sometimes people looked at me as an exchange student. We have lots of difference between Japan and Australia, for example, I like that people here say hello to everyone, even strangers. It doesn't happen in Japan. However students are the same no matter where they come from. They love fun and new things! I know it is hard to learn a new language, especially Japanese with different writing scripts, but the students can communicate with people from completely different background.

I am very lucky to be here now and meet warm-hearted people like you. And I hope students have enjoyed learning about the language and culture of my country."

EXCHANGE STUDENTS

"We experienced what we couldn't do in own countries such as school ball, social and also school life. Everyone at Marist is nice and helpful. We feel thankful to friends and teachers. Weather in Tasmania changes a lot, so we don't really like it, because it's quite different from weather in our countries. But, we love Tasmania beach, stars and people so much. We had great fun here. We'll come back someday. Thank you very much."

JAPANESE TRIP

On 23rd May, Ms Judy Ball bravely led a party of 12, including 6 Marist students (Alanna Smith, Sylvia Hinkley, Claire Dean, Rachel King, Jessica Barnes and John Guest) to Japan for 19 days. The aim of the trip was to improve our language skills, experience the Japanese culture and to have fun.

We travelled for 22 long hours before finally arriving in Tokyo. Greater Toyko has 30 million people, the size was overwhelming. While in Tokyo we met Tomoko Ochi, a past student teacher at Marist who took us shopping at Ginza. Later we went on a Tokyo Sightseeing Tour which visited the Imperial Palace, Asakusa, Meiji Shrine. We went on a ferry ride around Tokyo Harbour and then to Tokyo Disneyland where we had a fantastic day.

We then experienced the busiest train station in the world, Shinjuku, where we caught our first bullet train to Matsumoto, a small country town where we stayed at a traditional Japanese Inn. We slept on futons, had traditional Onsen (public baths) and tatamu mats. We visited Matsumoto Castle and a traditional museum.

We then experienced the busiest train station in the world, Shinjuku, where we caught our first bullet train to Matsumoto, a small country town where we stayed at a traditional Japanese Inn. We slept on futons, had traditional Onsen (public baths) and tatamu mats. We visited Matsumoto Castle and a traditional museum.

Upon arrival in Kyoto we went with a little apprehension to stay with our Japanese families for one week. Our new experiences we will never forget, and friends and families whose kindness we shall always remember. One day we spent in Nara where we saw the largest Buddha in the world. On our last day of school we had a farewell party. We dressed in traditional clothes and took part in traditional activities such as a tea ceremony and calligraphy.

Next we travelled to Hiroshima where we spent the Sunday on an island near Hiroshima called Miajima. It was a relaxing day where we rode around on bikes, saw the floating Torii (gateway) and tried to avoid the deer that liked eating all our things. On Monday we went to the Hiroshima Peace Park and museum. Everyone admired all the paper cranes that had been made by students all over Japan, symbolising luck and peace. The museum was very horrific but helped us understand the war and sympathise with the victims of the Hiroshima bomb.

We left Hiroshima that day and travelled back to Osaka where we spent our last day in Japan with Sono, an exchange student at Marist in 1997 and Yoshiko Arai, a past teacher at Marist.

We arrived home in Tasmania exhausted but happy. We would like to thank Ms Ball for her tremendous efforts both in organising the trip and in taking us to Japan. Thank you to all the parents who spent many nights cooking cakes and organising our trip. A thank you also to everyone who supported the weekly cake stall. Our trip to Japan was a fantastic experience both in furthering our language skills and understanding the Japanese way of life.

RELIGIOUS EDUCATION

The spirit of the Lord has been given me,
for he has anointed me.
He has sent me to bring good news to the poor,
to proclaim liberty to captives,
and to the blind new sight,
to set the downtrodden free,
to proclaim the Lord's year of favour.
(Luke 4: 18-19)

Elice Wells, Julie Morgan
(Caritas) and Tom Murray

Jesus announced his ministry two thousand years ago with these words from Isaiah. It was a ministry of radical action, which upturned the conventions of the time, yet came out of the Jewish tradition of Jubilee or 'Lord's Year of Favour'. It was a call to action that still reverberates today, most recently with Pope John Paul's call for Jubilee 2000 and is described in detail by some students in this edition of the Kalori.

Jesus' call for justice has been an important theme this year both in and out of the classroom. Julie Morgan representing Caritas Australia, visited the College in March and spoke to the school assembly about the work of Caritas in the areas of emergency aid and community development in Australia and overseas. During the day she worked with each of the Year 10 classes recounting her experiences and talking passionately about our social justice responsibilities.

L to r: Naomi Clayton and Shu Ling
Liauw discussing Jubilee 2000 with
Fr Brian Gore

Father Brian Gore visited in Term Two. He spoke to the Senior College about world poverty and the Pope's call for a remission of third world debt. Again he spoke from personal experience as a priest who worked with the poor in the Philippines during the Marcos regime, experiences that included imprisonment on false charges of murder. He challenged the students, not only to consider the part played by wealthy countries and multi-national companies in contributing to world poverty, but also the need for young people to work actively towards a solution.

The call to action resulted in increased fundraising via the mission boxes including car washes, raffles and a coin cross in the courtyard. The school has been able to make a number of donations. Two thousand five hundred dollars has been sent to Caritas and earmarked for the emergency appeals of Kosova and East Timor, and some for long term projects. One thousand dollars was donated to Catholic Mission and another one thousand dollars for the Sisters of Mercy work in Pakistan; in total four thousand five hundred dollars, a marvellous effort reflecting the generosity and compassion of Marist students.

College masses are a highlight each year as they mark a coming together of the school to celebrate the Eucharist. This year we say goodbye to Sarah Scharvi who has been a lead singer on these occasions for a number of years. We will miss her beautiful voice and wish her the best for the future.

Changes to the Renewal Programme in 2000 will be inevitable as Sister Marlene Binns, who has facilitated the program for six years, is taking up the position of Parish Facilitator on King Island. Her commitment to the programme, her organisational skills and care for the students will be greatly missed. The parishioners of King Island are sure to benefit from her skills and sense of humour. We wish her all the best.

College Mass concelebrated by Frs Patrick
Kervin, Bill Ryder and Paul Pearce.

Dragon's Eyrie

Across the mountains, lakes and seas
 In a vast land where the Elves ride free,
 Up in the fiery peaks the Dwarves speak
 Of where a huge mighty Dragon does sleep.
 There in the depths she stays and she sees,
 Waiting and watching until the cool night,
 She readies her wings preparing for flight.
 At last she flies laughing darkly in glee
 Through the grey sky she swoops and glides.
 Scanning the horizon for possible prey
 The dragon sees sheep and dives into the fray.
 With a sheep in her mouth she makes an arc wide
 Heading for home before the coming of day,
 She reaches her mountain where she again can hide.

VOCATIONAL EDUCATION & TRAINING (VET)

VET programmes in the Industry areas of Hospitality, Office Administration and Community Services were run at the college this year, and as usual Hospitality and Office Administration were combined programmes with Hellyer College. Trainees commenced the year with the well established VET Orientation Day at the Burnie Club and have undertaken various workplacements through the year. For the Hospitality trainees the VET year concluded with a Training and Assessment Week at the Burnie Club held from October 18th - 22nd and organised by the Hospitality/Tourism Management Committee. During this period students from Marist and Hellyer received training in preparation to operate a 5 star, fine dining restaurant for two days. The menu posed a challenge to both Kitchen Operations and Front of House trainees allowing them to demonstrate their talents and skills in the hospitality area. Prizes were awarded at the official lunch to the most outstanding trainee in the areas of Hospitality Kitchen Operations, Front of House and Tourism. Hannah Boyd received the award for Hospitality Kitchen Operations. Mr Andrew Groves, Chairperson, and the members of the Hospitality/Tourism Management Committee are to be thanked for their involvement and vision which made this

Maria Jones on workplacement at Umina Park

week a success. Many local sponsors also contributed generously and their support is gratefully acknowledged. Students have undertaken workplacements locally and several have opted to take placements further afield to extend their experience. Programmes offered in 2000 will include Hospitality, Office Administration, Community Services and a new Trades course negotiated with TAFE.

Sincere thanks are extended to all workplacement employers, trainers and supervisors, Hellyer College personnel and the

Hannah Boyd, recipient of the Kitchen Operations Training Award for 1999

hardworking members of the Management Committees. We look forward to next year with the involvement of more students and staff in the VET in Schools Programme.

COMMUNITY SERVICES

The newest VET programme was launched this year to enable students (re-named trainees) to commence industry training in Aged and Disability Care. This unique VET course based on the National Training Package has been totally delivered by industry personnel both on and off the job. Trainees will have completed eight of the core units for Certificate 2 Community Services by the end of the course ready to take elective units in workplace traineeships for their favoured aspect of this industry. Sincere thanks are extended to the Management Committee members: Mr Gerard Moore (Chairperson and Director Tasmanian Family Based Care), Mrs Sue Hope (Director, Spencer Home for the Aged), Mrs Christine Turale (Director, Yaraandoo Outreach), Mrs Lauraine Stott (Executive Director of Umina Park) and Mrs Dianna Baird (Director, Multicap Day Centre) for their generous support in planning and implementing this successful programme.

Disability Training with Dianne Baird in the training room at Hellyer State Library.

CATERING

Hannah Boyd participating in a Chef training session with Noel Showell, Chef at Monty's Restaurant, Penguin

The Catering class has had a very busy and exciting year to say the least. The class consisted of 10 students electing to undertake a second year of studies in catering. The students have combined to work as a team to cater for many functions throughout the year which included the Musical wine and cheese, Year 10 dinner, parent dinners and many staff functions.

Patrick Kennedy serves Mr and Mrs Les Allen at the Musical Wine and Cheese evening

The Year 10 dinner was a major function for the team this year. It was prepared and served by the catering team with assistance from parents and friends. Mr and Mrs Noel Showell of Monty's Restaurant, Penguin, are gratefully acknowledged and thanked for their energy and guidance given throughout the course of this

venture. It was a very successful and rewarding evening for both Year 10 students and the Catering Team.

THE GAP SCHEME

Moore and Jennifer Mather completed applications and subsequent interviews in May this year and were told of their selection in August and October respectively. Robbie will live and work in Surrey and Jennifer in Hampshire, England. We congratulate them on their resourcefulness and success and wish them well for their year of personal adventure!

GAP Activity Projects Ltd. is an educational charity, registered in the United Kingdom, which offers school leavers across the world the opportunity to live and work in a different country and culture for up to a year. It is a chance to experience a different way of life, take a break from studying, make new friends and know you have made a difference. It demonstrates you are willing to give service to others and there is no doubt universities and employers look favourably on those who have done something constructive during their year off at the age of 18. Approximately 6 Marist Regional College students have been selected for GAP placements in the last 10 years. In 2000 GAP will send approximately 150 Australian volunteers on work placement in the United Kingdom and Central Europe. Robbie

RECORD YEAR FOR PORT TOURS

1999 has seen the fifth year of the Port Tour Guide programme offered by the Tourism Studies class as a community service for the Burnie Port Cooperation. A total of 16 tours will have been conducted by the guides by the end of the term, most of them for primary school groups of varying ages, from the following schools: Ulverstone Primary (5), Montello Primary (2), Stella Marist (2), Smithton Primary, Burnie High Grade 8, Natone Primary, Boat Harbour Primary, Sprent Primary, Yolla School Grade 5, Somerset Primary.

Congratulations to the guides who underwent a training programme prior to commencing the tours:
Nannette Anderson, Hannah Boyd, Kristy Elphinstone, Rebekah Frankcombe, Amanda Hartley, Maria Jones, Patrick Kennedy, Sue-Anne Knight, Louise Medwin, Bonnie Owens, Laura Sandy, Lucy Walker and Clay Walsh.

CONGRATULATIONS EVERYONE FOR A GREAT EVENT WHICH WILL HOPEFULLY BE REPEATED !

SCIENCE

SIEMENS SCIENCE EXPERIENCE

The Siemens Science Experience is a 3 day hands-on program for students who will be entering Year 10 in the year 2000. Thirty three Australian universities participate in the national program and students can attend any one. Most programs are scheduled for January 18-20 2000. The Siemens Science Experience is intended to introduce students to the facilities available in our universities and the opportunities for later studies and careers. Each Siemens Science Experience includes a wide variety of hands-on practical activities in many branches of science, engineering and technology, together with interesting presentations by leading scientists and engineers. Participating students for January 2000 are Nicholas Beeton, Laura Frankcombe, Andrew Gauld, Thomas Hiscutt, Christopher Johnson, David Kirkpatrick, Allison Neilson, Melinie Ridge and Christopher Wookey.

1999 STOCKHOLM JUNIOR WATER PRIZE

On August 11th via a phone call from Chris Davis, Executive Director of the Australian Waste Water Association (AWWA) in Sydney that "The Australian Representative, Jonathon Duniam, presenting a paper entitled '*Habitat Assessment for the Burnie Burrowing Crayfish on Shorewell Creek, Burnie, Tasmania*' had been placed first runner up to the overall winner, Spain, at the International Competition." National representatives from Argentina, Australia, Finland, France, Germany, Great Britain, Italy, Latvia, Poland, South Africa, Spain, Sweden, Thailand and the United States contested the prize. Jonathon was presented with an International Certificate of Commendation by HRH Crown Princess Victoria of Sweden, the Patron of the Stockholm Junior Water Prize.

Sponsors, Australian Waste Water Association and Rio Tinto were thrilled with the outcome in this Australia's first involvement in the international competition which has been running since 1997. Mr. Davis thanked Marist Regional College Science Department for the guidance and supervision which led to the quality of the entry and for the intense preparation of Jonathon for the event. Mr. Greg Cawston, Federal President, who travelled to Stockholm with Jonathon and his family and who spoke with the judging panel stated that what gave the Australian representative the edge was 'his absolute compliance with the entry requirements of the competition, his thorough understanding of all aspects of the project and his ability to speak with passion about the plight of 'The Crayfish', the subject of his study.'

The entire College community applauds Jonathon on his achievements on the international stage and thank him sincerely for his personal preparation which led to such a polished presentation. Well done Jonathon!

(The Swedish International Water Institute has a web page which can be accessed at: www.siwj.org.)

AUSTRALIAN SCHOOLS SCIENCE COMPETITION

On May 11th, 274 students at MRC sat the Australian Schools Science Competition organised by the Educational Testing Centre at the University of New South Wales. In 1999, 717 new schools entered the competition and an enormous 437,047 students participated at venues across Australia, New Zealand and the Asia Pacific region. When results were released, the Competition Director commended highly Marist students Sam Johnson (Year 7) and Nicholas Beeton and Thomas Hiscutt (Year 9) who achieved within the top 1% in the competition. The following Marist students received High Distinctions and Distinctions:

Year 7:	High Distinction:	Samuel Johnson
	Distinction:	Thomas Bradley, Justin Cameron, David Cock, Lisa Conroy, Tyler Duniam, Matthew Garwood, Luke Inkson, Rachel McKenna, Ty Quinn, Matthew Ribbon, Kayden Walsh, Liam Webb
Year 8:	Distinction:	Katrina Aldridge, Gemma Allan, Toni Chugg, Selena Dixon, Jane Forrest, Robert Guest, Annette Lakeland, Jarred Moore, Daniel O'Donnell, Ryan Oswin, James Parry, Brittany Quayle, Lewis Tunstall
Year 9:	High Distinction:	Nicholas Beeton, Thomas Hiscutt
	Distinction:	Nicholas Cuff
Year 10:	Distinction:	James Dwyer, Shaun Fitzmaurice, Alexander Klein
Year 11:	Distinction:	Joshua Parry, Michael Pullinger

7TH ANNUAL SCHOOLS PHYSICS QUIZ

The Physics Quiz was hosted this year by The Hutchins School, Hobart on Saturday 28th August. Whilst the subject matter for the Quiz is drawn from the content of the pretertiary course the emphasis on the day is FUN and CHOCOLATE consumption!

Marist was represented by one team comprising Shu Ling Liauw, Luisa Lyall and Catherine Neale. The three girls are to be congratulated for making the arduous trek to Hobart and back and performing all in the one day. In all 14 teams participated from a total of six schools and Marist was the only school representing the North West region. The girls did not make it into the top 3 places but were not far short. They were presented Certificates of Achievement and a book (on Physics, of course!) which they in turn presented to the College Library.

TASMANIAN SPACE SCHOOL

On 5th July, Shaun Fitzmaurice (Year 10) received the news that he was selected as one of the 40 students from across Tasmania to participate in the 1999 Tasmanian Space School. Shaun attended the Space school from 14th-16th July in Devonport. Over the three days the students had an action packed itinerary including workshops and trips (Cape Grim Clean Air Station, Tasmanian Alkaloids, Launceston Planetarium, RAAF presentation, Devonport Airport, Australian Maritime College). The climax of the series of events was a presentation by astronaut, Jim Reilly (NASA), and a rocket launch in the grounds of the Australian Maritime College. Jim Reilly was on the 8th shuttle – Mir docking mission during which the crew transferred more than 9000 pounds of scientific equipment, logistic hardware and water from space shuttle Endeavour to Mir (Jan 21-31 1998). In the 5th and last exchange of a United States astronaut, Reilly delivered Andy Thomas to Mir and returned with David Wolf (February 1999) Shaun's comments: *'The Tasmanian Space school was excellent with great food and people. It was not just about space but about careers in all areas of Science.'*

ROYAL AUSTRALIAN CHEMICAL INSTITUTE TITRATION COMPETITION

The 1999 RACI Titration Competition for the North West region was hosted by Hellyer College on Friday, 13th August. The College was well represented having nine teams of Year 10 students participate. Teams were as follows:

- A. James Smiley, Jonathan Matthews, Shaun Fitzmaurice
- B. Mark Spinks, Ryan Tuckett, Kurt Atkins
- C. Kara Johns, Keely Spurr, Jessica Barnes
- D. David Fitzgerald, David Evans, Ben Smith
- E. Patrick Anderson, Lachlan Robertson, Jake Rienits
- F. Keegan Rush Buckley, Clare Reid, Rachel King
- G. Kahn Lyall, Antonet Allaki, Haani Beswick
- H. Nanwyn Thomas, Michael Nichols, Lisa Neilson
- I. Emily Millar, Belinda Parker, Karlie Gibson-Reid

Students were given a solution of hydrochloric acid with which they had to make a one in ten dilution. They then used this dilution to estimate the concentration of a sodium hydroxide solution by titration. Finally, they used the known sodium hydroxide solution to find the concentration of an acetic acid solution by titration. The best placed team was 'Team B'. Several outstanding personal performances were recognised with Certificates of Achievement. They were won by Antonet Allaki, David Evans, David Fitzgerald, Kara Johns, Keegan Rush Buckley, Mark Spinks and Nanwyn Thomas.

LIAN CHEMICAL INSTITUTE NATIONAL CHEMISTRY QUIZ

The RACI National Chemistry Quiz was held in schools across Australia on 22nd July. Fifty Senior College students at Marist participated in the quiz of which 35 contested the Year 11 Quiz and 15 the Year 12 Quiz. Certificates were presented as follows:

High Distinction: Year 11: Adam Hoare, Joshua Parry, Michael Pullinger
 Distinction: Year 12: Benjamin Cuff
 Year 11: Nicole Morse, Ryan Sweeney

ANZAAS NATIONAL YOUTH CONFERENCE SYDNEY, JULY 4TH-6TH

Luisa Lyall and Anita Madden win National bursaries.

The 1999 Conference was held in Sydney to coincide with the Pacific Science Congress. The Commonwealth Government, Department of Employment, Department of Education, Training and Youth Affairs provide a number of grant aided scholarships to attend. These bursaries were heavily contested by Senior College students around Australia and were ultimately won on merit. Students had to provide evidence of academic achievements and interest in science related careers.

Grade 12 students Luisa Lyall and Anita Madden were the recipients of two of the 1999 bursaries. They had the opportunity over three days to hear experts in their fields discussing a range of aspects of science, to meet the speakers personally and to interact with like-minded students from all across Australia. Topics under discussion included molecular biology, environmental science and physics. Both girls considered this a very worthwhile

involvement and made a presentation on their experiences to their peer group upon their return. The following is a comment from Luisa: *'Overall I found the Youth ANZAAS program of 1999 very interesting and was surprised to see how well it related to my current studies at school. It is a good experience to mix with others the same age who were interested in similar subjects to myself and the various activities we undertook gave me a greater understanding into various scientific fields and the future careers options available within them.'*

TASMANIAN SCIENCE TALENT SEARCH

The Tasmanian Science Talent Search is an initiative of the Tasmanian Science Teachers Association and is now in its 41st year. The competition adopts a 'theme' each year with that of 1999 being 'Science and Time'. Competitions representing the diversity of science are run throughout the year and award winners are presented at an Annual Awards Ceremony. The 1999 winners will be presented in Wrest Point Casino, Hobart in March 2000. Marist Regional College has been well represented in many sections for the 1999 competition: posters, creative writing, science games. As we go to press numerous students are completing Research Investigations for submission. Reviewing the list of entrants it looks like we will need a bus to take our prize winner to Hobart in the New Year.

EARTHWORM ENVIRONMENTAL AWARDS

"And yet it lives" the work of Anna Capern, Lyle Crawford, Jonathon Duniam, Adam Gillett, Joshua Parry and Michael Pullinger has been selected as winner of the Senior Group section and forwarded to Canberra for National Selection. The project depicts the continuing struggle of the Burnie Burrowing Crayfish to survive despite environmental conditions that are less than ideal in its habitat, Shorewell Creek. Two other projects from the College have been 'Highly Commended' in the competition "*Rheum Rhaponticum ... gastronomic treat or toxic poison*" an investigation into the toxicity of rhubarb leaves by Carmen Duthoit and Catherine Neale was applauded for its innovative approach to evaluating the toxicity of common plants.

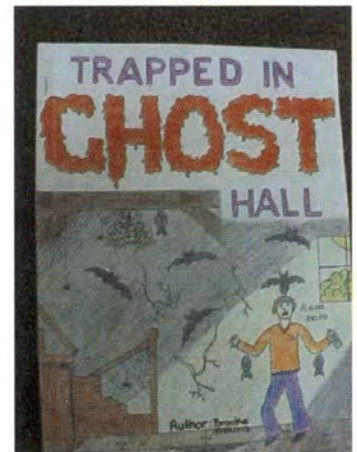

Back: Joshua Parry, Jonathon Duniam, Adam Gillett
 Front: Anna Capern, Michael Pullinger, Lyle Crawford

"*Australian Wine – how environmentally friendly is one of our best loved beverages?*" - the work of Andrea Boland and Anita Madden was also highly commended for the significance of the work to those people with low tolerance to sulphur dioxide additives. Well done to all our young researchers on their hard work.

Update 15th November: 'Yabby group' wins National Finals in Canberra !

YEAR 10 DINNER DANCE

It was obvious that the whole year group had a great time at this event due to each individual's preparedness to be involved in all aspects of the night. Decorations in the hall and canteen were excellent and I thank all those students who gave up many lunch times to prepare them, as well as Miss Cumming for her tireless contribution.

Thanks must also go to:

- Mr Noel Showell, Mrs Woodcock and the Senior College Catering Class who put on a superb spread of food - a huge effort at a very busy time for all involved;
- the many mothers who helped during the day and on the evening it self providing a very efficient team effort;
- the teachers who attended on the night to help make the evening run smoothly, and who also enjoyed the company of our Year 10 group.

Congratulations Year 10 on a wonderful evening !

Mrs Fiona Hamilton
Year 10 Coordinator

MUSIC REPORT

The 1999 Band Programme has been a very busy ongoing process throughout the year, the biggest attraction being our Melbourne Concert Tour, held in September, which was a tremendous success.

1999 saw many other highlights that included great performances at the Eisteddfod, the production of a superb musical, "Return to the Forbidden Planet", a brilliant fundraising music Gala night and several outstanding public performances.

The Concert Band programme at Marist Regional College involves approximately forty dedicated students, the Jazz Band programme approximately 24 dedicated students, the Choir programme approximately 40 dedicated students and the Musical programme approximately 70 dedicated and enthusiastic students (these are just the chorus singers, principals and musicians).

Eddie "Minime" Maguire

All of the music programmes are designed for students to express themselves and develop skills in the performing arts. The programmes are not focused on the "musically gifted" student, but rather aim at developing the skill level of any student willing to be involved, and it is found that through these music programmes many students begin to achieve a very high standard of performance and instrumental/vocal skill.

Mr. Scott Weston, Music/Band Co-ordinator

MELBOURNE TOUR

What a top group of Musos!

After six months of organisation and rehearsals, thirty seven students, three chaperones and one teacher were ready to hit the seas for Melbourne. We departed on the Spirit of Tasmania on Tuesday, 31st August. Engine 3 conked out at 3:00am Wednesday morning (we know because some of us were still awake), but we arrived slightly late at Melbourne dock safe and sound.

Our coach driver, Don, was an instant hit with the students and proved extremely helpful when trip plans altered.

Our students were billeted with our host school St. Joseph's College, and by all accounts, they all had a great time with their billets.

Wednesday - Attended "Boy from Oz" workshop and musical performance.
 Thursday - All day performances at Overnewton College.
 Friday - All day performances "Our Lady of Lourdes".
 Saturday - Visited "Highpoint" shopping centre and then went go-karting.
 Sunday - Visited Victoria Markets and then travelled to Mt Macedon.
 Sunday night (the evening to remember) - All travel plans started to go hay-wire as I learnt, thanks to concerned parents and no thanks to TT Line, that the Spirit of Tasmania was in dry dock. We had originally planned to perform on Monday before heading back to the boat.

Zane & Don - what a great comedy act!

On Sunday night and after 3 hours of phone calls, I finally got TT Line to pay for a flight home, coach to Burnie and freight. We were disappointed about not performing Monday, but the situation was out of our control.

One of our Tour Performances

We had a very successful trip and we were well received by all audiences. I would like to thank the students for their hard work and professionalism on tour. I am very proud of you all.

Finally, I would like to thank the chaperones, Mr Steven Locke, Mrs Anthea Carins and Mrs Billie Hicks. They were invaluable in their help and support. Thank you also to all parents who helped with the fundraising and supported the band students. Thank you for all your hard work.

Mr Scott Weston, Music/Band Coordinator

"Drusilla Mansion" - our accommodation at Mt. Macedon

Musical

This year's Musical "Return to the Forbidden Planet" was a huge success. The story line was based around 60's rock songs such as Great Ball of Fire, Hey! Mr. Spaceman, Gloria and many others.

Rehearsals were a real juggling act, with the Concert Band and Jazz Bands rehearsing on Wednesday lunchtimes and after school, the Pit Band rehearsing on Friday lunchtimes, the Principals rehearsing Tuesday and Thursday lunch times and the Chorus on Monday lunchtimes. These rehearsals were just for the music. In addition, there were lunchtime and after school acting, choreographing and line learning.

Congratulations to all students involved. A great show.

Mr. Scott Weston, Musical/Choral Director

THE MUSICAL

“Return to the Forbidden Planet” by Bob Carlton

The 1999 musical was an amazing combination of Rock’n’Roll, Shakespeare and Science Fiction. All “The Bard’s” best known speeches were borrowed to create a loose parody of “The Tempest”, about two hundred years in the future and set, not on a remote island but on a remote planet. The story goes as follows:

The audience are all passengers on a ‘routine survey flight’ with the glamorous Ensign (Corrie Wheare) taking them through a ‘polarity reversal drill’ before take-off. Ensign is ably assisted by eighteen glittering “Cabin Crew” whose performances include dance routines in the aisles. Captain Tempest (Nathan Broomhall) assisted by Bosun (Hayley Nebauer) and Navigation Officer (Zoe Edwards) is challenged by the new Science Officer (Jessica McPherson) who accuses him of being a misogynist. The flight crew, who unobstrusively monitor and manipulate the ships endless dials, knobs and gauges, are always ready to spring into complex dance routines, whenever the “inflight on stage” band drops an introductory note.

No one seems to have any control over Cookie (Daniel Taylor), a scene stealing comedian who loves good food and beautiful women. The Science Officer has a secret mission of her own, to find her daughter, whom she inadvertently fired off into space while disposing of her over-ambitious husband something-teen years ago.

Suddenly the ship is caught in an asteroid storm, provided for the first time in the musical’s history by computer animation (Keegan Rush-Buckley) and is drawn towards a beautiful planet. Strangely enough(!) here lives Prospero (Peter Smiley) an eccentric scientist, and his beautiful daughter Miranda (Sarah Scharvi) and their faithful but somewhat naive Robot, Ariel (James Dwyer) who are (you guessed it!) the lost family of the Science Officer.

A monster attacks the ship, twenty metre tentacles flying down the aisles and across the Flight Deck. This along with Cookie and the Captain’s wooing of Miranda, the Science Officer and Prospero resuming their stormy relationships, nineteen Rock’n’Roll songs of the fifties and sixties and the brilliant choreography of Hayley Nebauer, Emily Lane, Penelope Bruce, Alysha Cumming and Mrs. Judy Tyson (with input from many of the crew) danced energetically by the huge cast ensured that great fun and entertainment was had by all.

The set was visually stunning, designed and supervised by Mr. David Hawley with assistance from Zane Lynd and Peter Smiley. The set construction was by Mr. Brett Argent and the MDT team, the glittering costumes were made and designed by Mrs. Suzanne Hennessy, Mrs. Bev Dwyer, Mrs. K. Raschle and a band of parents. Special mention must be made of Ariel the Robot’s costume.

The stage crew, highly efficient and supervised by Mr. Steve Dobbie and Mr. Matthew Williams, managed the science fiction effects very well. The lighting by Mr. Garth Tuckett reinforced the SciFi effects. Mr. Marcus Taylor and Ms. Oma Rodger designed and made the monsters fearful twenty metre tentacles. Computer animation was provided with the assistance of Launceston Church Grammar CAD students. Five videoed scenes were filmed and edited by Dr. Wayne Martin. “The Newsreader” Michael Pullinger held the plot together through these segments in a ‘Pythonesque’ manner. Sound was co-ordinated by Mr. Jamie Howell.

“Return to the Forbidden Planet” was a huge success due to the hard work and dedication of its cast who rehearsed for four months on Sundays, after school and for one week of their holidays. The show was directed by Mrs. Penny Thomas and Mr. Scott Weston assisted by Ms. Oma Rodger and produced by Fr. Paul Pearce.

MATHEMATICS

TASMANIAN MATHEMATICS COMPETITION

This year 125 students entered the Tasmanian Maths Competition, 23 in the Senior Section (Senior College), 55 in the Intermediate Section (Year 9 & 10) and 47 in the Junior Section (Year 7 & 8).

Our most successful student was Ryan Oswin (Year 8) who, for the second year in a row, was awarded equal third place in the Junior Section. Nicholas Beeton (Year 9) received an Outstanding Award in the Intermediate Section.

The following students' high standard work was recognised by the presentation of a School Achievement Certificate:

Senior Section: Ben Ismay, Ryan Williams, Andrea Boland, and Joshua Parry.

Intermediate Section: Nanwyn Thomas, David Kirkpatrick, Kahn Lyall, John Aldridge, Brendan Collis.

Junior Section: Rachel McKenna, John Ribbon, Jarred Moore and James Parry.

MATHS RELAY

On Sunday, August 22nd, seven teams of students accompanied by four teachers participated in The Mathematical Association of Tasmania Relay Competition. Marist entered two teams in the Senior Secondary Section, one in the Upper Secondary and four in the Junior Secondary Section.

Teams consisted of four students. At any one time three of the students work co-operatively to solve a mathematical problem while the fourth student acts as the team runner. As each problem is solved, the role of team runner is rotated. Teams have 20 questions to tackle in 45 minutes. Teams from the North West competed against teams from Launceston and Hobart, via a phone link.

Although none of our teams won their section an enjoyable and competitive time was had by all.

AUSTRALIAN MATHS COMPETITION

Marist was well represented in the Competition this year with 334 students participating. The certificate for best performance by a student from Marist Regional College was awarded to Gemma Allan. Gemma, who is in Grade 8, was also awarded a Prize for being placed in the top 0.3% of students in the Junior Section in Tasmania.

Six students were awarded High Distinctions for being placed in the top 2% in their year group in the state. They were Nicholas Beeton and Allison Neilson (Year 9), Annette Lakeland and Ryan Oswin (Year 8) and Alice Wilkinson and Rachel McKenna (Year 7).

Fifty three students received Distinctions for being placed in the next 13% of students. They were:

Year 7:

Ty Quinn, Matthew Ribbon, Samantha Peisker, Jason Wright, Sumeet Singh, Benjamin Gaul, Justin Cameron, John Hyslop, James Berechree, Samuel Johnson, Jade Rhodes, Liam Webb, Kayden Walsh, Alysha McCreadie.

Year 8:

Katrina Aldridge, Timothy Stevens, Jarred Moore, Keiran Andrusko, Kade Hyland, John Ribbon, Selena Dixon, Lewis Tunstall, Robert Guest, Matthew Carrolan, Georgina Ball Smith, Therese Gibbons, Rory Waugh, Andrew Stevens, Will Owens.

High Distinction and Prize Winners

Back: Allison Neilson, Ryan Oswin, Nicholas Beeton, Alice Wilkinson

Front: Gemma Allen, Annette Lakeland, Rachel McKenna

Betta Milk
The Tasmanian owned milk company

Year 9:

Nicholas Cuff, Christopher Wookey, Andrew Gauld, Matthew Duniam, David Campbell, David Kirkpatrick, Christopher Johnson, Evelyn Raschle, Brendan Berechree, Zoe Edwards, John Guest, Alexander Croome, Abbie Radford.

Year 10:

James Dwyer, Ben Johnston, Nanwyn Thomas, Joshua Leary, John Aldridge, Alexander Klein, Lisa-Jayne Scolyer, Mark Spinks.

Year 11:

Joshua Parry, Michiko Araki, Ryan Sweeney.

All Year 7 students were entered in the competition and a further 33 received Credit Certificates. It was very pleasing to see the large number of students from other year groups who chose to enter the competition. The number of Credits awarded in other year groups were Year 8, 19; Year 9, 25; Year 10, 18; Year 11, 10; and Year 12, 7.

SUPPORT FOR OUR TROOPS IN EAST TIMOR

The Student Representative Council arranged to send parcels via the International Mail Centre, Sydney, to ex-Marist Regional College students who are presently serving in the Australian forces in East Timor.

The Student Representative Council and the entire Marist community wanted the families and friends of our personnel in East Timor to know the North West Coast of Tasmania is fully supporting them in endeavours to maintain peace and order in the area of our near neighbour, East Timor.

Having our young men and women serving in the Interfet really brings home the conflict and the trauma to all of us, especially when it is considered that only a few short years ago these Australians were attending schools such as Marist Regional College in Burnie.

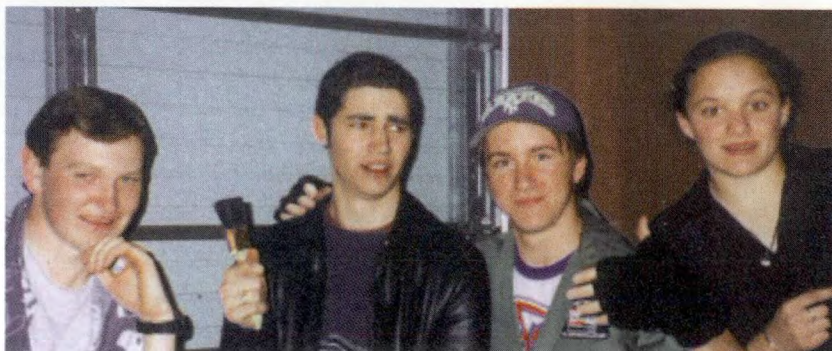

College Co-captains, Natalie Woodhouse and Duncan McKenzie, believed the packages were crucial in assisting the morale and keeping up the spirits of our Australian troops. The parcels contained news from school, news from the North West region, non-perishables, sweets, Christmas cards and recent magazines.

The ex-Marist students serving in the Interfet are Brent Saltmarsh, Christopher McKenna, Kirk Allison and Danelle Casey. The Student Representative Council believes these ex-students, and all our diggers, are making a huge personal sacrifice and doing themselves proud fighting for a peaceful resolution in East Timor.

As Christmas approaches it is hoped that more packages and contact can be made with the servicemen and women.

Natalie Woodhouse, Duncan McKenzie, Mr. T. Horniblow

GRADE 10 WORK EXPERIENCE

Our 1999 120 Year 10 students prepared themselves thoughtfully and effectively in the months and weeks prior to their Work Experience placements in August and are to be congratulated on a most successful learning experience and outcome. Fruitful discussions with their Careers Adviser, planning, selecting, researching their chosen career options with care, contacting their host organisation and introducing themselves to supervising staff, all paid dividends as employers were most impressed by the appropriateness of choices made and the suitability of students for the particular work involved. This is a vitally important process for the success of a work experience placement for both student and employer.

Excitement and anticipation were high as students travelled to wide and varied destinations for their week of work. Two had interstate placements, twenty or so were placed in Hobart, several travelled to Launceston, Smithton and Devonport, while one young man had a voyage on the Australian Maritime Training Vessel 'Wyuna' from Beauty Point which necessitated his week being taken in October rather than August.

Interesting career ideas and aspirations explored included a young lady working as an electrician, another looking closely at the aquaculture industry on Macquarie Harbour at Strahan with a company who export trout overseas and another looking closely at geology and metallurgy at Hellyer mine. A useful and rewarding week was completed by all providing invaluable knowledge for students as they begin to plan for their futures and make decisions about subject choices for the year 2000 and beyond. Placing students in areas of work which are suited to their interests and their abilities has not been easy and I am deeply indebted to the business and industrial communities of Burnie and many firms in other parts of Tasmania. The goodwill and generosity of employers to allow our students to participate in this valuable vocational programme is greatly appreciated.

MOCK INTERVIEWS

Tuesday May 11 saw Marist Regional College once again transformed for the afternoon into an efficient, very busy and exciting mock employment agency with 70 invited business people joining our staff and Year 10 students to participate in the College's annual Mock Interview Day.

The generosity and support of our visitors so ready to supply the necessary helping hand, giving up their valuable time to assist our students and the flexibility of our staff that allows such re-organisation of the school day for this unique programme can never be overstated and is greatly appreciated.

The day is the culmination of many weeks of preparation and hard work for the students and teachers of Work Studies. The sincerity and care with which the students faced the challenge was commendable. With a clear sense of purpose 120 students met interviewing panels of 2 or 3 employers invited especially to lend their expertise and experience matched to the choice of work selected by the student. Pre-examined letters and resumes were discussed and evaluated, personal statements, Records of Achievement folders were presented, knowledge of the position applied for and the associated study requirements and career pathways were tested. Personal presentation, courtesy, and interviewing techniques were observed in an atmosphere of concern and genuine support. Our students enthusiastically accepted the knowledge gained not only in the area of communication and interviewing skills, but the broader sense of understanding themselves and their life's goals more clearly.

Right at the heart of the success of this programme has been Mrs Iris Bingham, member of the Burnie Business and Professional Womens' Club whose members initiated the very first Mock Interview programme at Marist Regional College 15 years ago and have supported it ever since. Mrs Bingham has devoted endless hours all of those years to the task of inviting Year 10 students to present themselves for interviews with the business community she coordinates to assist our students. Regrettably Mrs Bingham has retired from this role this year. We will miss her enthusiasm,

generosity and energy greatly and thank her sincerely on behalf of the many hundreds of students she has assisted during her time working for her adopted school. We also congratulate Iris for the book she has produced this year recording the processes used for the programme at this College. Titled 'Organising Mock Interviews' it is available for a small price for those who wish to consider a similar programme.

Thank you Iris from all at Marist Regional College !

We believe our young people leaving school are, more knowledgeable and better prepared than any other generation before them but also need all the help they can get at a difficult time in their own development and the economy of this state.

Mrs Cleone Probert
Careers Adviser

'E' TEAM

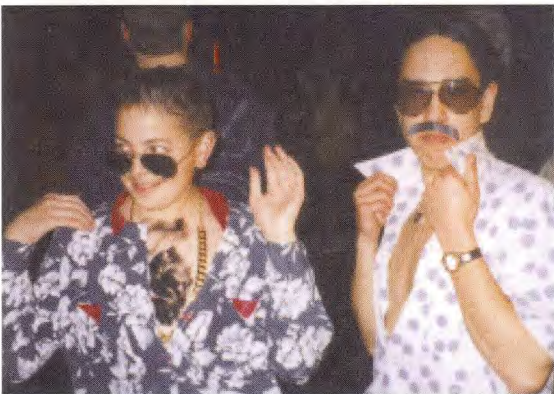

Each year a group of Senior College students spend a week in a working environment developing team work and problem solving skills with the aim of solving a problem for a host company. 'E' stands for Enterprising Students Energising Australia.

This year's 'E' team was selected from prepared applications and was made up of five Year 12 students: Naomi Clayton, Damien Grave, Adrian Nickols, Mikala Purton and Ryan Williams and the host organisation was North Forest Products, Burnie. The problem given was "To improve the efficient production of a 'Timber Harvesting Plan' (THP)" which is a legal document introduced to protect aspects of native forests which should be maintained e.g. fauna, flora and archaeology. During a comprehensive training day where we learnt Quality Management skills in investigation problem solving and report writing, we also met our industry facilitator, Ms Jane Yelland. By conducting interviews and setting goals, the team succeeded in completing the given task which they presented to North Forest and Marist Regional College staff at the conclusion of the week. Not only did the program offer skills varying from those obtainable through school but it also developed the personality of each member with the experience of a week working in an active business environment and in working closely with each other.

Sincere thanks go to the Australian Quality Council who administers and manages the programme and Mrs Probert for offering us the 'E' Team opportunity, and North Forest, Burnie for their ongoing support of the programme and our school.

HOCKEY

DIVISION 1 GIRLS

The team started off the year with the majority of girls coming through from Division Two with newcomers Zoe Edwards and Erin Alderson making the squad of twelve players. The girls improved as the season progressed, winning their first game mid-way through the season. Our goalie Megan Newman was put to the test most games and showed great skills. The girls played Wynyard in the first semi final and went down 1-0 but not before each girl showed the skills that they had gained this season proving that teamwork is the only way to go. Many thanks for being part of the Division One Hockey Team and the best of luck for your future in hockey.

Joan Hinkley, Coach

Back: Monica Hinkley, Samantha Bradley, Megan Hogarth, Jaclyn Halpin, Katrina Ray, Jenna Hills
Front: Rochelle Devlin, Zoe Edwards, Erin Alderson, Monique Cocks, Lauren Dazeley

DIVISION 2 - MRC 1

After a good start to the season the team looked promising. As the season progressed the team showed good team work and spirit. With the experienced girls helping out, the new players, and a consistent goal keeper, the team had a great game against MRC 2 winning 8-0. As the season progressed numbers dropped and players became unreliable but with persistent games from most players the team made the final. Unfortunately the team lost the first final to the MRC 2 team. The girls had an enjoyable and interesting season. Good luck in seasons to come.

Alanna Smith and Shontelle Cocks.

Back: Shontelle Cocks (Coach), Alanna Smith (Coach), Jade Hodgetts, Sarah Pettingill, Christalyn McMillan, Bianca Wise, Gabrielle Emmett, Joan Cortez-Baird
Front: Sophie Edwards, Nicole Hardstaff, Chelsea Buckley, Selena Dixon, Tahlia Britton, Laura Millar

DIVISION 2 - MRC2

The MRC 2 girls hockey had a rather disappointing start to the year, not being able to secure a win. All team members kept up their spirits and because of a team pulling out of the roster we were able to combine together and win the last game, finishing in third place on the ladder.

Thank you to all girls for your enthusiasm and excellent playing skills shown throughout the season. A special thankyou to Mrs. Viney for her assistance throughout the roster and all the parents for their support.

Naomi Clayton and Mikala Purton.

NSATIS BOYS' HOCKEY

A young NSATIS boys' hockey team went into the Northern Independent Schools Championship with high hopes for the up-coming season. The first two games of the season were a learning experience with the team not having played together before. From these games we managed a close loss and a draw. This draw was quite costly being the only thing keeping us out of the state final at the end of the roster.

With renewed spirit and excellent teamwork the side rebounded to show some exceptional skill and easily defeated our rivals in the remaining games of the season. As the season progressed, the confidence of the team grew with every game. In the final game of the year we easily accounted for the team that went on to win the state final in a disciplined display of teamwork and precision hockey.

All team members must be congratulated on the dedication and commitment shown throughout the season. All players turned in some outstanding performances at different times of the year. Most consistent performers included Jarrod Page, Chris Norton, Kim Lyons, Michael Hennessy, James Norton, Stuart Bowles, Heath Calvert, Chris Morgan, Neville Scott and Chris Ward. Simon Lovell and Ben Day are also to be congratulated on some good performances in the goals. A special thanks must go to Mr Grant Sims for all the time and effort that he put into coaching the side. The team looks very strong for next year and with some new younger players entering the side we hope to go all the way to win the state final.

NSATIS GIRLS

What a year it was for the NSATIS girls hockey team! Although we just missed out on beating any of the Launceston teams, we were lucky to defeat St Brendan Shaw College each time we played them, the scores being 3-2 and 8-0. It is noteworthy to mention these two successes as they were the first wins for the NSATIS team in the past three and a half years !! The team consisted of 15 players: Shontelle Cocks, Alanna Smith, Elizabeth Lea, Michiko Araki, Hayley Becker, Carmen Duthoit, Penny Moore, Nanwyn Thomas, Claire Reid, Lauren Bishop, Chelsea Beswick, Stacey Ashton, Monique Cocks, Keely Spurr and Andrea Boland. The side-line players, Rebecca Reid and Mrs Viney, also proved to be quite a can-can extraordinaire! An extra special thank you must go to Mrs Harvey for her help with coaching and for also being able to put up with the bus trips to and from Launceston. Although we did not come out on top, we know that, as a team, we had great fun and memorable times. Well done and good luck for next year.

NORTH WEST SECONDARY/COLLEGE SCHOOLS VOLLEYBALL

This year Marist Regional College had two teams entered in the above competition. Our senior team was very competitive and narrowly missed taking out the final in an exciting game.

The Year 9 team was the big improver in the competition and with further commitment and training could be a competitive unit next year.

GYMNASTICS

This year Marist entered a gymnastics team in the competition with outstanding results. At the competition, held on Thursday 12th August, Marist took out first, second and third placings in the overall team competition. Our team competed against stiff competition from the other schools – Reece High, St Brendan Shaw and Penguin High. The team trained only a few times before the competition at the Burnie PCYC Gymnastics Club, coached by Louise Morse, Mrs Keeling, Claire Wood and Nicole Morse. The competition was organised by the Tasmanian Gymnastics Association and participants competed on the balance beam, mini tramp, vault and floor. It was great to see such a high level of enthusiasm and motivation during training and competition from the students who were from Years 7 to 11.

A special 'thankyou' must go to Mrs Keeling who gave up a large part of her free time organising and supervising. Let's hope that next year's competition will be just as successful for Marist.

Front: Toni Chugg, Anna Wilson, Nicole Morse, Nikki Allan, Gemma Allan, Louise Morse

SOFTBALL

The team consisted of a group of very enthusiastic young ladies determined to make their mark in the "B" grade NSATIS competition. To help develop some skills and techniques Mr. Nigel Brown coached in the latter part of the season. The girls improved as a more thinking game plan was instigated. Although the team didn't win many games team spirit was excellent and everyone enjoyed the season.

CRICKET

NSATIS CRICKET

The NSATIS First and Second teams performed creditably throughout the '99 season. The attendance at training and general team enthusiasm was first rate although both teams showed an inability to capitalise after many solid starts. One high point was the continued development of our young players in the squad. Both teams were well captained by Isaac Poole (1sts) and Clay Walsh (2nds) and I am quite certain that both teams with continued application and belief in their ability will improve next year.

AWARDS

First XI	Best Batsman for '99	Ben Allen
	Best Bowling Award	Tim O'Connor
	Best Allrounder	Orson Poole

Second XI Averages:

Batting:	Adam Hoare	45.00	Bowling:	Nathan Hay	4.75
	Clay Walsh	36.00		Adam Hoare	10.4
	Jarrold Page	31.00		Martin Marshall	16.25
				Brett Robinson	16.50
				Luke Roberts	18.12
				Clay Walsh	18.42

YEAR 7 REPORT

The season was an overwhelming success. Throughout the year a total of 26 boys participated, and on occasions teams had 12 or 13 players. MRC 1 enjoyed a successful year winning seven of eight games mainly , success mainly due to the consistent effort of all players. MRC 2 had a hard year not winning a game but coming close a few times. For some of the boys this year was a learning experience as they had not played before, but with a bit more practice and the experience from this year the boys should go on to better things next year. The future of Marist Regional College cricket appears to be very safe with many potential 'Pontings' amongst the ranks. Special mention must go to the dedicated Phil Bester and Bill Lee for their time and effort.

Matthew Williams / Phil Bester (Coaches)

NETBALL

NSATIS 'A'

The 1999 team consisted of Shae Beswick (Captain), Sarah Morgan (Vice Captain), Kelly Gleeson, Angela Ramsden, Bonnie Owens, Storm Anderson, Casey Daley and Sarah Bartlett.

Although we had four returning players from last year's team, we were unable to continue our winning streak for the 1999 season. The girls always played to the best of their ability, winning three out of seven games in a strong competition of high standard. The very early Saturday morning departures (5.45am!) for 'away' games were a struggle for some but the girls' dedication and commitment to the team was an outstanding feature of the season. Team work and effective play certainly improved through coach, Wendy Berry's excellent training and we became a very happy, working group. A big thank you must go to the two people who made the team possible and who gave up their time for us: Mrs Probert for coaching us on Saturdays and Mrs Wendy Berry for training us so effectively during the week. We would also like to wish the 2000 NSATIS 'A' team good luck for the coming season.

Shae Beswick and Sarah Morgan

Angela Ramsden, Sarah Bartlett, Sarah Morgan, Storm Anderson, Shae Beswick, Kelly Gleeson, Bonnie Owens, Casey Daley

NSATIS 'B'

Unfortunately the NSATIS 'B' team were unable to win a game during the season but all members always played their very best and often came close to winning, final margins only being a few points. It was satisfying to see our skills and team work greatly improve as the roster progressed. Congratulations to all members for their commitment and team effort throughout and enjoyable season. We thank Haani Beswick and Victoria Collins who often filled in when our numbers were down, for their great support during the season. A special thank you to Mrs. Probert, Mrs. Keeling and Mrs. Watson for their support and guidance.

TENNIS

NSATIS - BOYS

After a delayed start to the new season due to inclement weather, Marist A and B teams once again proved to be very competitive. With comprehensive wins over St. Brendan Shaw and St Patrick's and narrow loses to Scotch Oakburn and Grammar, both teams finished third on the ladder.

The A team consisting of Ross Tyson, Damien and Tim Okines and Robbie Moore played some excellent tennis in the face of stiff competition from some very skilled opponents.

Tyron Waugh, Ben Wagner, Joshua Leary and Peter Boyles were the mainstays of the B team. These players were ably supported by Kalan Woodcock, Andrew Okines, Stephen Stone, Louis Tunstall, Christopher and Matthew Garwood and Christopher Hughes, all of whom remained committed to the team throughout the roster.

Thanks to Mr Horniblow for his encouragement and time during what was a very enjoyable season.

Back: Tyron Waugh, Christopher Garwood, Joshua Leary, Lyle Crawford
Front: Kalan Woodcock, Ben Wagner, Lewis Tunstall

NSATIS - GIRLS

The girls' tennis team this year had a very enjoyable season, although there were very few games won. Most of the team were new this year, so the season was spent adjusting to suit each other's playing needs. Our skills improved throughout the season and hopefully next year we will have a strong team. Thanks must go out to Mrs. Rogers, Mr. Horniblow and Mrs. Robertson for transporting us to games and being there to support us.

Lisa Neilson, Captain.

SOCCER

NSATIS

In its second year of fielding a team in the NSATIS League, Marist Regional College has met with much greater success. With a win and a draw, we managed to finish equal third in the top NSATIS League, defeating Scotch Oakburn College in a hard fought encounter, and drawing with them when we had only ten players. With a form slump in the latter half of the season, we never fulfilled the potential that was shown early, but all players should still be pleased with the result. Special mention must go to Tyron Waugh, who took out the Best and Fairest Award, and Andrew Bartlett, who received the Golden Boot. A special thank you to Paul Roberts-Thomson for managing the team and Paul Gregory for his arduous training sessions.

Back: Lyle Crawford, Douglas Macdonald, Stuart Campbell, Ben Cuff

Front: Tyron Waugh, Gordon Watt, Ben Ismay, Peter Smiley, Luke Gregory, Corey Edwards

U/15 BOYS "A"

The performance of our team this year was great as we came second on the ladder and won the six-a-side competition. Our team played a wonderful year of soccer rarely losing against the other teams.

Our defence was our stronghold not letting too many people get through and even if they did our wonderful goalie James Dwyer would save it. Although our midfield was slightly weaker our forward line was very strong scoring most of the winning goals. But in conclusion all players put in a good season. We would like to thank our coach, Andrew Nichols.

Back: William Nichols, Kahn Lyall, David Evans, Jonathon Chugg, Christopher Wookey, David Campbell

Telephone: (03) 6431 9199
Facsilile: (03) 6431 8891

U/15 BOYS "B"

With the advent of an U/15 Roster in schools for the first time this year, Marist's Grade 8 boys (all U/14) found themselves in an unfortunate situation of having to play against older and in some cases much bigger opposition every week. To their credit, all boys remained keen and played out the season even if results rarely went their way. Although the team only won one roster game the nature in which they competed and the marked improvement throughout the year will hold them in good stead for next year. Highlights of the year included a 7-0 thrashing of Devonport High School; a closely fought 1-2 loss to Marist 'A' and an unlucky exit out of the Six-a-Side competition in the semi-finals when the team was eliminated without losing a match. It was hard to pick out the better players in a very even team but consistent performers such as James Parry, Kieran Rimmelzwaan, Chris White, Chris Clarke, Keiran Andrusko and first year player, Lewis Tunstall, all deserve special mention.

Brett Argent, Coach

Back: Lewis Tunstall, Jonathan Sharman, Jesse Mann, Christopher White, Kalan Woodcock
 Centre: James Parry, Andrew De Vries, Keiran Andrusko, Kieran Rimmelzwaan, Michael Parker, Ahron Rahel
 Front: Stephen Stone, Tim Stevens, Christopher Gleeson, Tristan Locke, Christopher Clarke, Joshua Bakes

U/13 BOYS

The U/13 soccer team had the distinction of finishing second in all three competitions in which they participated this year. However, with a little luck in a few crucial matches they could have won all three. They combined to become an extremely formidable team by the end of the season. One huge positive was the manner in which students from several other primary schools integrated with a core group from Stella Maris and quickly developed the new team identity. Year 7 can be a very daunting and challenging period in an adolescent's life and it was obvious that their participation helped their personal development. Their transition from children's soccer to a higher level was a very rewarding experience to observe from a parent and coaching perspective. It is not easy and the players, as a group, finished as winners through their effort. The next challenge will be to extend from the solid foundation they have worked hard to build.

 Front: Matthew Ribbon, Luke Joyce, John Hyslop, George Walker, Alastair Hills, Sam Johnson

FOOTBALL

JUNIOR 'A'

The reigning premiers from 1998 finished third after a frustrating and disappointing final series. The team had finished in second place after the home and away roster but with injuries and players being unavailable to play, the end of season was always going to be a struggle. To the team's credit they played some fantastic football but couldn't maintain the momentum for a full four quarters in both final games.

Six of the team were selected to train with the U/14 North West team, which showed the individual talent in the side. Special thanks to all parents and supporters once again this year who helped with training, first aid, time keeping, umpiring and scoring, in particular Terry Owens, Tony Yaxley, David Robinson, Dean Lovell, Yani Jensen and Steven Tammens. Apologies to anyone who has not been mentioned but your support was greatly appreciated by all concerned.

All team players have been a credit to the school with regard to their attitude to training, sportsman-like behaviour and willingness to play the game to the best of their ability. Congratulations to captain Matthew Hall on winning the Most Courageous Player Award. Good luck to all team members for the coming year with their football development at Marist Regional College and beyond.

Tony Smith, Junior 'A' Coach.

Centre: Jarred Tammens, Johann Jensen, Kerryn Pyke-Wilson, Daniel Yaxley, Ben Lovell, Brendan Giani, Sam Abell

Front: Will Owens, Brett Robinson, Matthew Hall, Joshua Rienits, Rory Waugh, Michael Gee

JUNIOR 'B'

The boys should be congratulated for their conduct throughout the season. Their commitment against big odds at times was first rate. Throughout the year the team improved playing good team football with some fine individual efforts from all team members.

Special thanks to our Year 6 players from Stella Maris. Without them we could not have fielded a side for most of the season. Josh, Boden, Byron, Cameron, Scott and Adam did not just make up the numbers but all played good football. Two very consistent seasons from Nicholas Anderson and Christien Triffett resulted in a tie for the Best and Fairest award. Jacob Wesker narrowly defeated Kurt Barker for Runner-Up and Justin Grave won the Most Improved player award.

Members of the team were Daniel Aitken, James Berechree, Boden Draper, Adam Freeman, Eddie Maguire, Nathan Newton, Jacob Wesker, Nicholas Anderson, Murray Bickerstaff, Joshua Donovan, Steven Gardner, Luke Tokarski, Byron Tuckett, William Lee, Kurt Barker, Cameron Britt, Glenn Freeman, Justin Grave, Scott Timmins, Christien Triffett and Elliott Triffett.

SENIOR 'C'

The Senior 'C' boys unfortunately claimed the wooden spoon this year. However the boys impressed supporters with their improvement during the home and away games. The team consisted of mostly Year Nine students and was often faced with older and much bigger opponents. As the roster progressed the team worked hard on the training track and Marist was unlucky to be defeated by only a few points in its last few games. A special mention must be given to Josh O'Rourke, Patrick Anderson, John Lipsius and Ben Dobson who all had outstanding seasons this year.

NSATIS FOOTBALL

This year the College entered a seconds side into the NSATIS competition and throughout the whole year many of the regular players improved a great deal. Many thanks must go to Mr Marcus Taylor who filled in for me during my leave. His encouragement and advice enabled the boys to put pressure on the state finalist in the last game and as quoted by Marcus "ordinary boys can do extraordinary things!"

John Hamilton, Coach.

ATHLETICS

The annual Athletics Carnival was held on 23rd and 24th September on the school grounds. The event was a great success with two good days weather wise and excellent participation from students.

Age champions were:

GIRLS:

Open Track:	Andrea Boland
Open Field:	Kelly Gleeson
U/16 Track:	Erin Kelly
U/16 Field:	Erin Kelly
U/15 Track:	Calantha Vovou
U/15 Field:	Claire Wood
U/14 Track:	Holly Daley
U/14 Field:	Lauren White
U/13 Track:	Kimberly Brown/Jane Forrest
U/13 Field:	Kimberly Brown
U/12 Track:	Courtney Brunetti
U/12 Field:	Rosie Akauola

BOYS:

Open Track:	Nathan Broomhall
Open Field:	Christopher Morgan
U/16 Track:	Aaron Jones
U/16 Field:	Joshua White
U/15 Track:	Isaac Newton
U/15 Field:	Daniel Draper
U/14 Track:	Brett Robinson
U/14 Field:	Sam Johnston
U/13 Track:	Gilbert Claridge
U/13 Field:	Andrew Jarman
U/12 Track:	Liam Webb
U/12 Field:	Liam Webb

FINAL POINTS:

First:	Tasman	4338
Second:	Bass	3812
Third:	Cook	3735
Fourth:	Flinders	3661

NSATIS ATHLETIC CARNIVAL

The NSATIS Athletic Carnival was again held in Launceston this year on Saturday October 9th. Fine weather and a good team spirit made for a successful day.

Marist Regional College had many outstanding performances such as:

Erin Kelly	U/16 girls hurdles
Tim Okines	U/16 boys high jump and long jump
Liam Webb	U/12 boys discus
Brett Robinson	U/14 boys long jump
Aaron Jones	U/16 boys 400m, 800m and 1500m
Nathan Broomhall	Open boys 200m
Sam Johnstone, Jeremy Huddleston, Brett Robinson and Will Owens	U/14 boys 4 x 100m relay

Aaron Jones set new records in both the 400m and 800m events.

SATIS ATHLETIC CARNIVAL

On Saturday, October 16th, Marist Regional College Athletics Team travelled to Hobart to compete in the SATIS Athletics Carnival.

All team members should be commended on their enthusiasm and positive team spirit on the day. Every person gave their all in every event and the majority of our students achieved personal best times or distances. Congratulations to all team members.

Students who gained first placings were:

Gilbert Claridge	U/13 boys 100m
Brett Robinson	U/14 boys 800m
Aaron Jones	U/16 boys 400m, 800m, 1500m
Patrick Anderson	U/16 boys shot put
Erin Kelly	U16 girls hurdles

SWIMMING

The College Swimming Carnival began on a positive note with two staff relay teams taking on the juniors. Unfortunately the staff were unable to match the speed and smooth strokes of the juniors but congratulations should go to all staff members for their effort.

Many records were broken throughout the day and many swimmers also swam personal best times.

A big thankyou to all parents who gave up their time to help at the carnival and also thank you to all staff for help and support during the day.

Overall points saw Cook take out first place on 3474 points ahead of Flinders on 3246, only six points ahead of third placing Tasman and finally Bass came in fourth on 3155.

NSATIS SWIMMING CARNIVAL

St. Patrick's College hosted this year's NSATIS Swimming Carnival which was held at the Windmill Hill Pool in Launceston.

Congratulations to all squad members, swimmers and reserves, for an excellent effort in the water and for a high level of support out of the water. Marist finished fifth on aggregate points and was well placed in all shields.

SATIS SWIMMING CARNIVAL

The SATIS Swimming Carnival was held in Hobart at the Hobart Aquatic Centre. A team of 49 swimmers travelled to Hobart and battled the heat and humidity of the indoor venue.

All swimmers swam well and many achieved personal best times in the events. Marist finished in sixth place overall on aggregate points which was a terrific effort. Well done to all competitors and thankyou to Lyn Fergusson for coaching our squad members.

CROSS COUNTRY

On Wednesday, July 14th, the College held the Cross Country Carnival. It was a perfect day weather wise and a high participation level from students made the afternoon a big success. There were many outstanding runners in all age groups.

First placings went to:

Girls:

U/12	Courtney Brunetti
U/13	Jane Forrest
U/14	Stacey Ashton
U/15	Haani Beswick
U/16	Candice Broomhall
Open	Andrea Boland

Boys:

U/12	Michael Neilson
U/13	Sam Fergusson
U/14	Brett Robinson
U/15	Johnny Lipsius
U/16	Aaron Jones
Open	Adam Fergusson

The final points were:

Tasman	730 points
Flinders	662 points
Bass	585 points
Cook	580 points.

NSATIS CROSS COUNTRY

The 1999 NSATIS Cross Country was conducted on Thursday, July 22nd, near the Maritime College, Launceston. The Marist Regional College team performed creditably finishing third overall in the aggregate points score.

Aaron Jones and Brett Robinson were the outstanding performers for Marist in winning the U/16 and U/14 events respectively. Other strong performances were put in by Courtney Brunetti, Michael Neilson, Adam Fergusson, Haani Beswick and Robbie Moore.

LISA MAY

Along the river on both sides
are flowers, barley, wheat and rye,
farming sheds full of hay,
and a little girl called Lisa May.

In the winter, cold and bare
Lisa May would sit and stare
Longing for the summer sun
so she could jump, skip and run.

But one day when it was snowing
Lisa May finished her sewing,
stood up straight and ran outside
right to the lake to slip and slide.

When she ran straight out the door
she left her coat right on the floor.
Her mother called out loud in fear
but Lisa May did not hear.

Lisa May ran on and on
looking for the great big pond.
Her poor dear mother ran after her
holding Lisa's coat of fur.

"There it is" called Lisa, loud
holding her head up very proud
she ran across the ice covered lake
really happy, not having to wait.

Sliding and slipping and spinning in circles
falling and yelling, tangled in merrils
Lisa was having so much fun.
Little can we say for her poor old mum.

All of a sudden she fell on her back
and all of the ice began to crack.
She kicked and screamed which made it worse
calling out loud for nurse.

Straight through the ice did Lisa go
falling and drowning deeper below.
Her mother ran in, right through the gate,
then she realised, that it was too late.

Lisa May had gone for good
but her mother just looked and stood
staring out across the lake
why did she have to be so late?

SPORTS PRIZE LIST - 1999

SWIMMING:	Senior Champion Boy	Duncan McKenzie
	Senior Champion Girl	Sylvia Hinkley
	Outstanding Performance in Aquatic Sport	
	'The Grieve Family Trophy'	Duncan McKenzie
	Junior Best Performance - Boys	Kieran Rimmelzwaan
	Junior Best Performance - Girls	Kate Speed

HOUSE REPORTS

FLINDERS

This year Flinders got off to a flying start by coming second in the school Swimming Carnival after leading for most of the day, showing that participation by all members can achieve desired results. A very vocal squad encouraged all competitors, some even to personal bests. Perfect weather conditions added to the success of the Athletics Carnival and by the end of the first day Flinders was setting the pace and leading by a healthy margin. Unfortunately Flinders couldn't maintain its momentum, finishing not last but fourth. This was not indicative of the wonderful amount of team spirit and many inspiring individual performances. Enthusiasm by all house members will see Flinders soaring in the years to come with the great amount of talent in the junior and middle levels pushing through the ranks. Special thanks must go to vice-captains Luisa Lyall and William Hindmarsh and all the teachers associated with Flinders, for their support and encouragement. Tyron and Anna wish Flinders every success and encourage all members to strive for excellence. Only **your best** is good enough.

Anna Lillas and Tyron Waugh (House Captains)

TASMAN

1999 was a most successful year for Tasman house members as they dominated several sporting activities. They convincingly won the Cross Country and Athletics and although, unfortunately, did not make a clean-sweep of all three major events, Tasman strove to maintain its fine reputation for team-work. The true colours and spirit of Tasman were displayed in the Swimming Carnival by the determination of members to compete.

All members from years 7-12 must be congratulated for their enthusiasm and participation in all sporting events which makes us proud to be part of Tasman. Special thanks must go to Vice Captains Sarah Bartlett and Damien Grave whose assistance and energy helped make our year so successful.

The support of house teachers has also once again been greatly appreciated. Remember to keep the true spirit of Tasman alive, continue the winning feeling and dedication to team work. Good luck for future years.

Kelly Gleeson and Clay Walsh (House Captains)

BASS

It was a disappointing start to the year for Bass. The Swimming Carnival resulted in a terrible loss which left us speechless after such a convincing win last year. A slight improvement was headed our way as Bass' participation heightened in the Cross Country. We were able to secure third position, only five points ahead of Cook. Yet again we were able to show our full strength and willingness in both track and field events at the Athletics Carnival. A strong performance on the second day of the carnival made a dramatic change in the leading positions, but in the end Bass was outrun by Tasman finishing the day in second position. Thanks must go to all the enthusiastic Bass House members who competed with such willingness and determination throughout the year. A special thanks is in order for the vice captains, Casey Daley and Kim Lyons and all house teachers who assisted in making the year run smoothly. There's big room for improvement Bass so make it happen next year! Good luck for the future.

Naomi Clayton and Joel Alderson (House Captains)

COOK

Cook had a fantastic start to the year winning the Swimming Carnival. This came as a surprise to everyone as Cook had not excelled in swimming for many years. Our success was owed primarily to the Cook boys who were particularly strong this year and the extra points achieved for our enthusiastic chant. The Cross Country showed that Cook's talents in water were better than our running skills, however, participation was pleasing. Cook was at the other end of the scale winning the wooden spoon by a mere five points. The Cook boys excelled once again on day one at the Athletics Carnival while the girls left room for improvement which we saw the following day. Cook finished third, less than fifty points behind Bass. As House Captains we were proud of the effort put in and pleased with the overall results for the year. We would like to thank Hayley Becker and Jared Smith the Vice-Captains for their contribution to Cook House this year. Finally may Cook keep up the pride and team spirit shown in 1999 and all the best for the ever improving Cook House in 2000.

Claire Dean and Craig Freeman (House Captains)
