MARIST REGIONAL COLLEGE

YEAR BOOK

KALORI — *Message Stick*. These are round or flat sticks in which the aborigines cut a series of lines, circles and dots in an endless variety of patterns. The pattern is not a form of writing, but the stick is a symbol possessing significance that is understood by both sender and receiver. Some of the markings may serve as a reminder to the messenger who carries a stick from one local group to another or to another tribe; he delivers the message orally, and the stick is a guarantee that he is telling the truth.

1974

**HIS GRACE, DR. GUILDFORD YOUNG. D.D.
ARCHBISHOP OF HOBART
PATRON OF THE COLLEGE**

PRINCIPAL'S REPORT

Fr. J. G. Jago

The third year of Marist Regional College is now drawing to a close and we look back on our efforts to continue the processes laid down and developed in the last two years. At the commencement of the year, enrolments increased again to five hundred and seventy eight, of whom two hundred were girls. Although there were fewer boarders this year, day students continued to increase.

VICE-REGAL VISIT

One of the highlights of the year was the visit of His Excellency Sir Stanley Burbury and Lady Burbury to the College on May 22nd. His Excellency met the members of the Students' Council, spoke to the assembled school and then had lunch with the staff.

We all deeply appreciated the honour of such a visit.

THE STAFF

As I have said publicly a number of times before, the most important thing in education is the relationship which exists between the Staff and the Students. The importance of the staff contribution cannot be overestimated in my opinion, and accordingly, we can look to the evident co-operation and good relationship, which exist between the staff and the students, for the successes which have been achieved through the school.

This year we were joined by Mr. C. Dickinson for senior Science, Mrs. M. Browning for Maths and English, Mrs. L. Price for Physical Education and girls' Sports' Mistress and Mrs. P. Gill for Commercial Subjects.

At the beginning of the year Father R. Cavanagh from New Zealand came to us and in the second term Father J. Worthington also joined the staff in the place of Father J. Hopkinson, who unfortunately became ill during the first term.

I regret having to report that we are going to lose three staff members at the end of the year. Mrs. D. Wood wishes to continue her academic studies after a period of almost four years of service with the college. Sister Clare leaves us after two years to go to the National Pastoral Institute in Melbourne for a year of sabbatical leave and Sister Borgia who has also been with us for the last two years is moving. It is with regret but with deep appreciation that we see these three ladies leave us and we hope that they will be happy in their new undertakings.

While expressing thanks, I should like to say how much I have appreciated the spirit of generosity manifested by the teaching and general staff during the year and how much that has been a support to me in carrying out my work as the Principal of the College. In thanking the staff, I should like to speak especially of Sister Bridgman and pay public tribute to the outstanding assistance which she has always given so unselfishly.

Sr. Bridgman

NEW DEVELOPMENTS

This year saw the continuing development of the woodwork programme, which began in Grade 10 for the first time. Metal work commenced in Grade 9 this year, and will be extended to Grade 10 in 1975. Cookery (Home Arts & Science) has continued through to Grade 9 this year, and will go on to Grade 10 in 1975.

As was announced during the year, the Grade 6 girls from the Stella Maris Primary School will join the boys at the Regional College next year to form a co-educational group. This will enable us to have a middle school of Grades 6 and 7, which will greatly assist the students in the transition from primary to secondary education. It will also be an advantage to have the majority of the Grade 8 students in the senior section of the school.

Arrangements have been made to use the present dormitory areas for enlarged H.S.C. Student facilities. Full occupation of this area will take place at the end of 1975.

BOARD OF MANAGEMENT

Once again I must pay tribute to assistance that I have received from the members of the Board of Management during 1974. This has been a year in which inflationary pressures have made financial operations of any kind particularly difficult, but especially in a school of this size, and it has been a tremendous help to have the combined experience and advice of the various members of the Board of Management in the determining of policy, particularly in these areas. The Board of Management consists of the same members as last year, except that Mrs. Anne Tammens is a new representative of the Parents and Friends Association. It is impossible to forecast what fee situations will be with the way the economy is going at the present time. One can only hope that the inflationary trend will be brought under control as soon as possible so that further burdens will not have to be placed on parents ill able to carry them.

ACADEMIC

Earlier in the year it was announced that there would be no further Commonwealth Secondary Scholarships for students completing their School Certificate examinations. The government, at the date of composition of this report, has not indicated the way in which Secondary Grants will be awarded in the future and has not told us what kind of means test is likely to be applied. This being the case, we cannot use this as a record any longer, of the standard of scholarship being achieved in the school. Generally speaking, progress has continued to be satisfactory and we expect that examination results this year will be as good as

they have been in the past. One of the matters for concern is in the Higher School Certificate area where students do not realise the substantial increase in standard after the School Certificate exams and consequently, are not preparing themselves as well as they should for Higher School Certificate examinations. Teachers are being struck by the fact that students are returning to school to do studies at the higher level without really being convinced that their programme is worthwhile. This being the case, many have difficulties in this area and would probably be better off having some work experience before undertaking H.S.C. examinations.

SINGING AND DRAMA

Once again this year the Burnie Eisteddfod was a high point in this area of the school's activities. Mrs. Tanner and Mrs. Gill Reeve led the Girls' choir to success in The Advocate Secondary Schools' Choir competition, Sunday School Choir competition and the Eric Reece Shield competition. Mrs. Browning and Sister Raphael cared for two groups of boys who performed extremely well. Mrs. Kelly and Mrs. Browning were responsible for verse speaking choirs, which also achieved very satisfactorily. It was most pleasing to see that more than one hundred and eighty students from the College took part in the Eisteddfod and that so many of our boys took part and performed so well.

In July, the students under the direction of Father Pidcock, assisted by Mr. George Gregory, Mrs. Martha Morse and members of the staff, put on a performance of "The Sound of Music", which was seen by more than three thousand people in Burnie. Without a doubt it was the most successful production that the school has undertaken and we look forward to something of an equivalent standard next year. Certainly the attendance by three thousand people is indicative of the public's appreciation of the work done by the students and those responsible for training them.

In October we had a Drama Evening again and the successful plays from each grade were selected for performance. It was pleasing to see the standard at which the students were able to perform in this area.

EDUCATION DEVELOPMENTS

The biggest development in education during this year has been in the increased emphasis on the participation of the community in the educational process. Certainly the college is most fortunate that, in the management area, this is being well catered for with the representatives from different sections who are at present on the Board of Management. However, it is most important in speaking of community involvement in education to point out the importance of parental interest and involvement in the education of children. More and more as one experiences relationships in

the educational process, one realises that the major influence in the life of any developing child is that of his parents, and certainly, children who have the support, concern and interest of parents during their education seem to perform far better than those whose parents do not show their concern in a practical kind of a way. We hope that we shall be able to continue to have the interest of parents in their children's education and by co-operating in this way achieve the results that a school of this kind is aiming for.

SPORT

Once again the usual sporting programme has been undertaken during the year and the outstanding achievements were wins by the senior football team of the Northern Tasmanian Independent Schools' Football competition and the win by the senior girls' A. Grade Hockey team, which won for the fourth consecutive time the competition in which it was participating. Nearly 400 students have been involved in the sporting programme and in fact the number of teams competing during the winter was 23. There is a continuing search for people who are able to assist with the coaching for both the boys and the girls. In the latter part of August the annual Catholic Primary Schools Football Carnival took place at the College. It has been decided that in the future this will be both a football and netball day so that the primary girls can benefit as much as the boys do.

CHRISTIAN LIFE

The primary objective of a college of this kind is, of course, the development of Christian values and the development of character along moral lines. On 1st March the girls participated in the Women's World Day of Prayer in Burnie. At the commencement of the second term, a Renewal Programme was arranged for the students in the senior school and it is hoped that a similar type of programme will be able to be arranged for the junior students before the end of the year.

SOCIAL

This year the dancing instruction was included as part of the physical education and extended through to the lower classes in the school. We think that the overall results from this have been much more satisfactory and shall continue this policy in the future. At the College Ball, which took place in July, there were about 120 couples present with representatives from several Launceston girls' schools. There have been various other social activities of which you would have heard from your children and these have turned out quite satisfactorily.

COLLEGE AUXILIARY

The leadership of the College Auxiliary in 1974 has been in the hands of Mr. John Freeman — President, Mrs. Shirley Ling — Secretary, and Mr.

Mervyn Summers — Treasurer. There has been an increase in the number attending meetings and we hope this will continue to be the case during the coming year. The Auxiliary followed its usual programme, starting the year with a College picnic at Somerset on the 24th February and did very well at the annual Fair and the very successful car raffle. These funds have been put to very good use in improving the conditions in the College. Certainly I should like to thank very much all those people who so regularly have attended meetings and those who have helped on special occasions, particularly behind the scenes, to make them as successful as they have been.

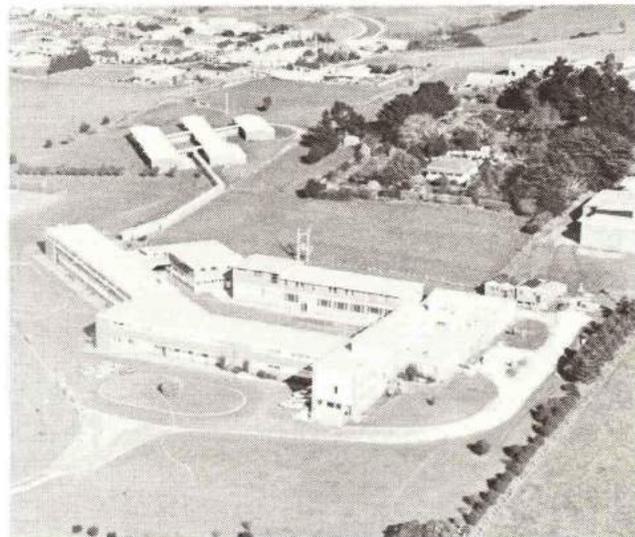

During the first term members of the Auxiliary worked for a number of Saturdays enlarging the basket-ball area so that there would be a second basket-ball court and a net-ball court. This term the students have been raising funds to help with the erection of a fence, 12 feet high, on the two lower sides of the area. It is hoped that this work will also be able to be completed through the efforts of parents.

Through the P. and F. this year there has been established a group of voluntary workers to help with the work in the library. These ladies have been coming for half a day or a day a week and their help has made a great difference to the operation of the library.

We are most grateful to all these parents and hope they will be able to manage similarly in 1975.

In conclusion I should like to express my thanks to all those who have been associated in a helpful way with the school and trust that our relationship will continue as happily next year.

I should like to take this opportunity of wishing you all a very happy Christmas and New Year.

THE GOVERNOR'S VISIT

It was with special pleasure that we welcomed Sir Stanley and Lady Burbury to the College in May as the representatives of Her Majesty the Queen: it was also a joy to meet them again as old friends of the school. Although this was a formal occasion, in contrast to their more informal previous visits, a relaxed and happy atmosphere prevailed, particularly during luncheon. The Governor personally met and spoke to every student, which made this a memorable day for them all. We look forward to the next time that the Governor and his lady pay us a visit.

His Excellency meets students

and the office Staff.

Sir Stanley and Lady Burbury welcomed on arrival at the College.

OPEN DAY

Parents are at least equal partners with the staff in the education of the students of the college, and it was most pleasing to see that so many of them recognised the privileges and responsibilities involved in educating their children when such a large number attended the College Open Day on October 22nd.

During the day a number of parents accepted the invitation to observe the College in operation and their own particular children operating in classrooms, laboratories and workshops.

This year the Open Day included an evening program, which, judging by the large attendance, was welcomed by most parents. This evening program gave many an opportunity to inspect various displays of students' work and activities and to obtain a better understanding of the depth and scope of the many educational opportunities offered, and activities undertaken, within the College.

Open Day.

GRADE SIX AND SEVEN ARTWORK

DRAMA

During the four-day drama festival held in October, twelve plays were staged. These were:

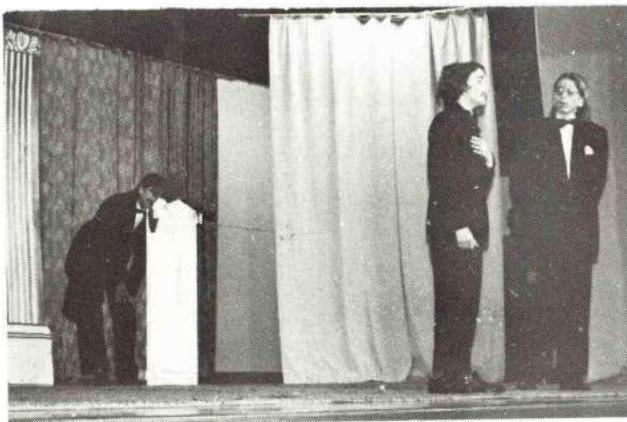

- Grade 6: Peter Coffin.
- Grade 7: The Ghost of Ah-Foo.
- Grade 8 Red: A Fruity Melodrama.
- Grade 8 White: Fishers Ghost.
- Grade 8 Blue: Safety First.
- Grade 9 English Classes: Ned Kelly.
That Scoundrel Scapin.
The Tragedy of Mr. Punch.
- Grade 10 English Classes: Shall We Join the Ladies.
The Paper Bag.
No! No! Nikita.
Story Without Words.

Adjudicators and audiences enjoyed the varied and entertaining selection of plays which gave approximately two hundred players the chance to "tread the boards" while many other students were involved in the making of props, sound effects and learning something of stage management and production.

To conclude the festival, parents were invited to an evening performance of award-winning plays. Father Worthington acted as compere and the large and enthusiastic audience saw "Peter Coffin", "The Ghost of Ah-Foo", "A Fruity Melodrama", "The Tragedy of Mr. Punch", "No! No! Nikita" and "Story Without Words".

STUDENT COUNCIL

Ben Hiscutt, Harry Howman, Ben Cooper, Geoff Lynd, Tony Bajzelj, Garry Dazeley, Mary-anne Blizzard, Jan Roughley, Belinda Kley, Fr. B. McFadyen, Sr. Clare, Anne Baker, Pauline Looney, Catharina Kramer, Shane Freeman, Keith Billing, Julia Kramer, Kevin Neilson, Robert Howman, Peter Fraser.

STUDENTS COUNCIL REPORT

The students' council for 1974 consisted of eleven boys and seven girls, elected from fourth, fifth and sixth forms. It was headed by Kevin Neilson and Julia Kramer.

At the beginning of the school year, members were allocated to a class in order to bring their class motions before the Student Council meetings. These meetings were held weekly and chaired alternatively by Kevin Neilson and Julia Kramer. Sister Clare and Father McFadyen attended the meetings and carried forward our motions to the Staff Meetings.

Within the framework of the S.C. were three separate committees; improvement and maintenance, social and entertainment and fund raising. Members were appointed to these groups.

The social and entertainment in conjunction with the fund raising committee, held many

successful social evenings throughout the year. From the one in March, \$60.00 was donated to the School Fete. The most successful one, overall, was the "Freakers Ball" held in third term. It was a financial success and a good time was had by all who attended. The highlight of the evening was the crowning of the "Freaker of the Year" which was won by Ian Tabart.

This function helped to bring our bank balance up to \$180. It was decided at the beginning of the year that we would help the Parents and Friends Association to finance a safety fence around the netball courts. The balance will go towards this cause.

The S.C. would like to sincerely thank Sr. Clare and Father McFadyen, the Staff and students for the co-operation and help received from them throughout the year.

REPORTS

THE LIBRARY

1974 has been a very successful year for the library, our book stock has increased to 7,300, and many new pamphlets and study notes have been introduced. The teaching staff have worked very closely with the librarian and because of this we see the students use of all library material, and their enthusiasm growing.

During Book Week we were fortunate to have Mr. Eugene Lumbers the author of "A Taste for Blue Ribbons" speak to our junior students on the writing of books, this talk was enjoyed by all.

Earlier this year Mesdames Boddington, Poole, French, Stammers, Barwick, Pink, Kelly, Freeman and Fraser offered to assist in the library and to these ladies I say, "Thank you, your help has been much appreciated." A big thank you also to the many students who help at recess and dinner time, especially Anne Maree Gale, Gillian Bennett, Janine Milburn and Sarah Johnston.

Much credit must go to the Art Department for keeping us supplied with varied material for displays throughout the year.

Beth Liotta.

SOCIAL SCIENCE REPORT

This year has seen the introduction of Social Science into all grades, either fully or partially. From students' reports it would appear to have more than half the students' support, covering a wider range of topics than the former Social Science.

The most enjoyable features from the students' points of view were group assignments, library research, pupil-discussions and guest speakers. Areas where the teachers felt there was a need for greater thought in future years included excursions and the provision of more resource materials for individual note taking.

Excursions which proved very useful were Grade 10's visit to a Criminal Court hearing, Grade 7's visit to A.P.P.M. and to an Indonesian cultural display. One Grade 8 boy, L. Huang was also able to visit a Trade Union meeting after studying the Industrial Revolution.

It is pleasing to note that only after two years, Social Science is giving the pupils a greater understanding of themselves and society.

D. Wood.

CHESS CLUB

1974 saw the commencement of the Marist Regional Chess Club which was housed, at first, in the Geography Room but due to complications it is now in the Physics Laboratory. We hope this is only temporary and we look forward to a time when there will be a room provided for chess.

Thanks to the efforts of Mr. Dickenson, we can truly say that 1974 saw the beginning of a new era of chess at Marist. Every Friday, in familiar surroundings, he is able to coach promising young players.

This year three representatives from the Chess Club participated in the North West Finals in Ulverstone.

Of Gordon Duff, Andrew Wickham and many other players from the Coast, Peter Foong came second, and then went on to claim the U/16 championship title for the state at Hobart.

It is hoped that next year the club will be more successful with more members.

Paul Freeman.
Lindsay Kelly.

OUR YOUTH GROUP

In response to a deep need felt both by many of the students and staff alike, we have this year formed a youth group in the College.

The fundamental purpose of the group is to provide a forum in which we can come to a deeper knowledge of Jesus Christ and his place in our lives. From this search together, it is hoped to develop leadership within the Student Community, and provide opportunities for creative leisure and serious discussion.

There have been two camps this year and both proved very enjoyable and fruitful. The presence of Sister Margaret Chappell from the Primary School was much appreciated by all.

Father Cavanagh and Father Whelan are the clerical chaperones to this new surge of the Spirit at Marist.

Father Whelan.

REPORT ON GRADE SEVEN SOCIAL SCIENCE VISIT TO A.P.P.M. MILL.

Last July the Grade 7 Social Science classes were taken on a guided tour of the A.P.P.M. Mill at South Burnie.

It was both entertaining and educational and both groups enjoyed it, except for when the second group was nearly drowned in a heavy down-pour.

Thanks go to Mrs. Moles and also the A.P.P.M. Staff who organised the tour.

On Behalf of Grade 7,
David Bevilacqua.

HELPING THE MISSIONS

During the year we managed to collect **\$310.00** for the missions.

The sale of stamps to our many collectors was a fruitful source of revenue. Some of the classes ran a weekly collection in their classrooms. Special mention must go to Grade 7, who in this way raised **\$35.00** during the year.

In addition to contributions there have been other generous deeds, such as the purchasing of Indian pictures sent by the missionaries. One lot raised **\$35.00**. Another succeeded in raising **\$10.00**, but as the pictures were worth more, we used another **\$10.00** from the sale of stamps to a Melbourne dealer, and sent the total of **\$20.00** to the missionary for his pictures.

And now another lot of pictures arrived recently and several students are prepared to pay **\$3.00** for each one. This will mean a very charitable assistance to a very needy cause, and blessings will be given by God to all those who have been so interested. I hope this interest will keep up during the years ahead.

During the second term a raffle brought in **\$75.00** and our third term activity realised **\$115.00**

Early in the year three of our Marist Missionaries visited us, and spoke to some of the classes. Fr. Wicks from Japan, and Frs. Begg and Moore from the Solomon Islands each received a contribution from our funds.

Donations were also sent to a very poor mission in India, to the missions of the Sisters of Mercy in New Guinea, and to Fr. David Wilson in the Solomons, who was assistant priest in Burnie in 1972.

The Catholic Schools of Tasmania all help to support the Seminary in Korea, and our Contribution to this at the close of the year amounted to about **\$70**.

ART

Grade 6, 7 and 8.

We have followed a general basic course, with an introduction to media and materials and training in studio procedures. Practical work consists of imaginative development in picture making and the acquisition of skills and techniques with media.

Grade 9 and 10.

This year the Schools Board classes have followed the new Visual Arts course, which is an open ended syllabus with almost unlimited scope. The course has been divided into two sections, Fine Art and Applied Art, the former following the more traditional study of history of art and practical painting, and the latter more concerned with the history and development of design, and the work and place of the designer in modern society. Classes have co-operated with other school activities — posters for the Fair, scenery for the opera properties for the drama festival, and requirements and signs for various teachers, as it is my aim to involve the art in the life of the school as far as is consistent with courses.

A series of short courses have been presented in spinning, weaving, leatherwork, metal enamelling, creative stitchery, sculpture, scenery and stage design. Craft equipment purchased during the year includes a jewellery kiln for copper enamelling, 2 pottery kick wheels, and some leatherwork equipment; twelve looms have been built, and twelve hoops purchased for circular weaving, and a small letterpress for block printing is on loan to the Art Room. Work in the pottery has developed particularly well this year.

Grades 11 and 12.

Higher School Certificate students have continued to work and develop along individual lines, and their standard and originality has improved considerably.

Mary Jolliffe.

JAZZ GROUP

Early this year four enterprising youths decided that they preferred music to extra art and requested permission to work as a guitar group. Chris Mehegan, Nicky Bellinger, David Strochetter and Philip Morris went out under the pine trees to practice — nobody loved their sound enough to listen to it. However, some months later they played for the Archbishop's Mass, for a school social, and by invitation for a small function at Breckenborough. Dancing Water is now a local sound, and we look forward to hearing more from them. Rumour has it they write some of their own music too.

WINTER SPORT

FOOTBALL

The Opens football team repeated the efforts of the 1973 side when they won the Northern Premiership and were convincingly beaten by St. Virgils in the State Final.

The season began in a mediocre fashion. At the end of the first round Marist had lost two key back-men and trailed St. Pat's by one game. However, harder training and a more dedicated approach by all players paid dividends with victories being recorded in five of the remaining six games. In the State Final Marist contested every issue but found St. Virgils a superior side.

Centreman, Chris Fletcher and first-year rover Jon Dyson had great seasons and their courage and perseverance provided an example which was followed by their team-mates. Harry and Robert Howman showed vast improvement on last season, while Greg Moore and Garry Gale acquitted themselves extremely well when introduced into the line-up. Other consistent performers were Peter Gaffney, Peter Rimmelzwaan, Geoff Lynd, Peter Smith and Arthur Morris. Carl Ridge displayed strength and determination in his relentless efforts to assist his team-mates.

Credit for the success of the team must go to Mr. Bevilacqua who has put both time and effort into making Marist College the force it is in Independent Schools Football. Justice would be done if 1975 could provide him with his first, and Marists second State Premiership.

Kevin Neilson.

During the season Marist Regional College fielded seven football teams for five premierships and two runners-up. Premiers: 1. Grade VI Team — N. West Catholic Primary Schools.

- (2) U/13 A's — N.W.J.F.A. and Coastal Premiers.
- (3) Schools Board Reserves — N.W.J.F.A.
- (4) Schools Board 'A' — N.W.J.F.A. 2nd Division.
- (5) Seniors — N.T.I.S.S.A.

Runners-up:

- (1) U/13 B's — N.W.J.F.A.
- (2) U/14 — N.W.J.F.A.

Thanks to all coaches — Fr. Cavanagh, Brendan O'Garey, Danny Clark, Ted Jones, John and Gavin Moles, Don Gale.

GIRL'S HOCKEY REPORT

The hockey season for all Marist teams was very successful with a Grand Final to the Firsts and a Grand Final place to the Thirds.

Although the Seconds did not make it to the Finals, experience was gained by all and will be useful in the 1975 season as Independent School-girls are now able to enter into the State U/16 Hockey Squad.

Considering the Fourths were just starting out in senior hockey it was not disappointing that they didn't reach the Finals. Their talents will surely be needed in future seasons.

The Firsts have kept their good name for three consecutive years by winning their Grand Final, 3-Nil against Parklands 1st team. The Firsts were fortunate enough to be asked to play against the State U/16 team and they are proud to say they drew 1 all with the State team scoring in the final moments.

Of course the standard of our hockey could not have been achieved without the help from our fine coach, Mrs. Dorothy Anderson. All teams would like to express most sincerely their gratitude to her and thank her for all she has done.

Trudy Hayes.
Captain.

SOCCER 1974

This season the soccer teams have had greater success than at any time since their 1962 premiership win. This was due mainly to the rapid improvement of the many new recruits to soccer, most of whom started the season with little previous experience.

Notable in this category were goalkeeper John Fox, Kevin Mills, Cyril Smith, Nicky Duggan and Tony Lynch (all U/14's) and Bruce Poole, Ray Herman, and Donald Craig (U/16's).

Both teams had several victories, especially the seniors, who defeated such strong teams as St. Brendans and Parklands. Much of the credit for the improvement is due to the training methods and tactical ideas of Mr. Liotta, who was assisted by Mr. Dickinson and Mr. Christofi. Our thanks go to these and to all who supported us.

M. Stephens. Capt. U/16
A. Townley-Jones. Capt. U/14.

BOYS HOCKEY

This year, Marist Regional College fielded two under-14 boys' hockey teams — coached by Mr. B. Shaddock and one under-16 team — coached by Mr. D. Barwick.

The under-14 "Gold" team won the premiership in their division and the under 16 team drew 2-2 in the second semi-final, but since the opposition was higher on the ladder at the end of the roster matches, they played off in the Grand Final.

Our thanks to both coaches for their support and encouragement, resulting in our most successful season to date.

Gerard O'Donnell.

NETBALL

The 1974 Netball season showed great enthusiasm, involving approximately 72 girls. Two teams competed in the Women's roster and six teams in the schoolgirl's roster.

It took a long while for the schoolgirls to become fully involved in their games, and due to cancellations, the two full rounds were not played, with the result being that each team did not reach it's peak. However, each member learnt that hard training was essential.

The two teams which competed in the women's roster, were graded into A grade and B grade, and although not highly successful, each girl gave of her best and gained invaluable experience. Improvement in our standard of play was inevitable; and I would like to see next year's netball teams aim as high as possible, because, playing in a higher grade, undoubtedly improves standard.

Two girls were fortunate in taking out the Association's A and B grade awards. — H. Morse and J. Kramer.

Our sincere thanks and congratulations are offered to Mrs. Price, Mrs. Dean, Mrs. Dare, Mrs. Browning and Mrs. Moles for their persistent and patient coaching.

J. Kramer.

BOYS TENNIS

Boys tennis in the college took a step forward this year with the inclusion of two teams in the Northern Independent schools roster. The results were better than expected with both teams finishing second in their respective divisions.

Also this year five teams were entered in the local town roster.

After such a successful year on the court we cannot omit the fact that Fr. Whelan has been the driving force behind the tennis, and the boys in the college would like to thank him for his time and effort.

Grades 9 and 10 tennis players are looking forward to playing hosts to a tennis contingent from Murray High School (Queenstown), late in November.

GIRL'S TENNIS

This year Marist Regional College has entered three girls teams in the N.W.T.U.'s Junior Roster. One in A grade and two in C grade. The A grade team is at present on top of the ladder and the two C grade teams are placed third and fifth.

Although there has been no increase in the number of teams entered this year Girl's Tennis is still progressing in that there are a number of very keen players from Grades 7, 8 and 9. There has also been an increase in interest shown and help given by staff, and with regular practice after school on week nights it is hoped that their interest will be maintained.

Sue Walters.

ATHLETICS REPORT

The School Athletics carnival was held on the 4th and 8th of April. The weather was very good and so were many of the performances.

The junior athletes provide the strength of the athletics team in the future and the efforts of N. Hardstaff in the Under 13 sprints and N. Hays in the Under 14 Middle distance events suggests a stronger team next year when the Northern Carnival is held at the Marist College for the first time — due to rain the event was cancelled at the College in 1971.

This year's carnival is to be held at York Park and for the first time it will be a mixed carnival — both girls and boys competing. A week after this the boys athletics squad travels to Hobart to the state championships at the Friends School.

At the end of this season a twilight carnival is to be held between schools in the Burnie area.

J. Boddington.

ATHLETICS

This year is one to remember for the girls involved in Athletics. It is the first year that there has been a combined Independent Schools Athletic Carnival. This involves running, jumping and throwing events, and will enable us to compare our standard to that of the Northern Independent Schools.

The competitors were chosen from the winners of events in the first term School Carnival. With such a long break, training is important, and each squad member must give much time and effort to training. For next year, I would like to suggest, either, a minimum training programme to be carried out during the winter months, or an earlier start in training.

Mrs. Price has had to train us in one short month, and we thank her for her time and effort.

J. Kramer.

INDIVIDUAL SPORTING HIGHLIGHTS

1. International diving representative — Scott Fletcher - won world wide recognition for himself and his College when selected to represent Australia at the International Diving Meets in America and Europe.

Congratulations Scottie!

2. Tony Clarke and Bernadette Jago, State hockey representatives for U/12 boys and U/18 girls teams respectively. Trips to the mainland were well deserved.

OPENS CRICKET REPORT

1974 heralded the beginning of a new approach to cricket at Marist Regional College with the appointment of Fr. Cavanagh to the Staff, and the Opens' cricket team was presented with an experienced and determined coach. He introduced a serious approach to the game — something which had been lacking in previous years — and continually passed on his knowledge of the game in the form of specialised coaching and instruction.

On-field performances were on a par with previous years, with two wins from five games. The highlight of the season was the dismissal of Grammar for a mere 36 runs on a good batting wicket. It was Grammar's lowest score ever in Independent Schools cricket. The following week Marist had a golden opportunity to defeat Scotch College, the eventual state premiers, but dropped catches proved costly.

Individual performances have always been a feature of the game of cricket. Rod Sumners' hat-trick against St. Pat's rates a special mention as he becomes the first Marist Opens' player to achieve this.

Winning Athletes — Girls, Northern Independent School Sports.

Winning Athletes — Boys, Northern Independent School Sports.

PHYSICAL EDUCATION

As we all realise, the world at the moment is in a state of flux, and this is most evident in Education generally. As Physical Education has all the general aims of Education — development of the whole child physically, mentally, socially, religiously, psychologically — change is a key word!

Here at Marist Regional College we have seen many changes over the last two or three years particularly in Physical Education of which sport is an area. With the appointment of qualified Physical Educationists for both boys and girls and the Time Table allotment of three periods per week per class the aim is to have a balanced yet varied Physical Education programme throughout all forms.

In these periods it is aimed to assist each child individually as much as possible and help that child develop as himself or herself.

Skills are taught in as many varied areas as possible so that each child can pick and choose his/her own particular likes to follow when formal education has been completed.

Some of the skills and activities taken, lead on to such sports as Netball, Basket-ball, Volley ball, Softball, Tennis, Hockey, Swimming, Athletics, Football, Cricket, Soccer, Badminton, Squash and many others.

Attitudes and behaviour are areas which can be developed through a well balanced and planned Physical Education program. This is a prime concern for all teachers. It is often quoted that Sport is a great character builder but it should be added that sport can be a great character builder if correctly supervised and bad or socially unacceptable habits are not allowed to develop. This is where parents can and have helped throughout the year.

This year has seen the implementing of a compulsory physical education/sport/recreational type double period for all grades 11 and 12. In this changing world working hours per week are shorter and leisure time is increasing. It is felt that education for leisure time or recreational activities should be undertaken at this level. Seeing that so much of our leisure time is now spent near water, a remedial swimming program has been followed and it is hoped that aquatic recreational activities such as water polo, canoeing will be continued or introduced.

Children throughout the school are encouraged to participate in as many sporting activities as possible. The theme is generalisation before specialisation. Round off the "whole" child before he/she selects his/her specialist activity. This aim has resulted in much better performances on the sporting fields in all areas in which College teams participate.

BOYS CRICKET TEAM GRADE VI – LOCAL COMPETITION.

SWIMMING

The 1974 School Year was opened with the School Swimming Carnival. The increase in the number of girls who participated in the girls events was pleasing. This improvement in both the ability and school spirit of the girls made it possible for a squad of fifteen girls to be sent to Launceston to participate in the Girls Independent Schools Swimming Carnival.

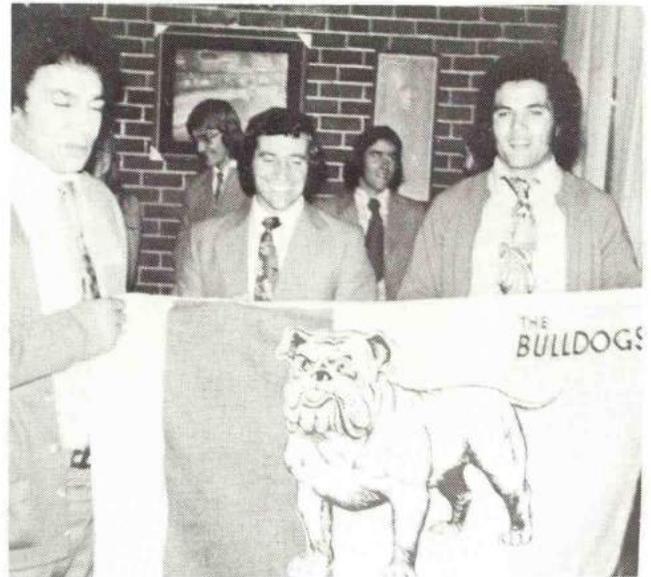

This was the first time that the School had entered a team in the competition, and the results were encouraging. With individual wins going to Veronica Willcox and Jan Roughley, and relay events being won by the Open Relay Team from Marist Regional College.

Another first for the School was the entry of Veronica Willcox and Jan Roughley in the state Independent Schools Swimming Carnival in Hobart. For the first time the name of Marist Regional College was entered into the record books with a win by Jan Roughley in the 100m Freestyle event.

This success in the swimming field was only possible through the support of the school, the girls and those who gave their time to the organisation and supervision of training sessions and the arrangement of transport to Launceston and Hobart.

I am sure that the girls would like to thank everyone concerned for their support, and I hope that in following years Marist Regional College girls will improve in their interest in and enthusiasm for, the sport.

Jan Roughley.

ROBERT AND HARRY HOWMAN – EQUAL SECOND BEST AND FAIREST STATE FINAL.

Although not an outstanding year for the swimming squad, 1974 was a step in the right direction.

In both the Northern and State Independent Schools Carnivals Marist acquitted themselves well, with the younger classes showing the way with some outstanding efforts from Alan Smith, Craig Brakey, Guy Harrison, Shane Hepburn and Hadyn Fletcher.

Third term compulsory swimming classes, included in the sports periods, cater for (1) remedial swimming and (2) regular swimming training for members of the swimming team, and the introduction of a mixed swimming carnival for both boys and girls attending Independent Schools, spells a bright future for Marist.

Chris Fletcher.

ROSETTA PRIMARY SCHOOL

They came

THE AUXILIARY

Once more the P & F of the College has had a very successful year. There have been the usual fund raising projects such as the College Fete and the Car Raffle — thanks go to all who helped with these functions thus enabling the P & F to assist the College with finance to provide such items as Netball Court, Metalwork Lathes, First Aid, Sewing Room benches, Record Player, Carpet etc.

Meetings have been well attended, but — there is always room for new members and also a warm welcome.

The P & F also holds various Social Functions during the year.

Shirley Ling,
Secretary.

Were part of our School said "Thank You"

. And went away again.

THE SOUND OF MUSIC

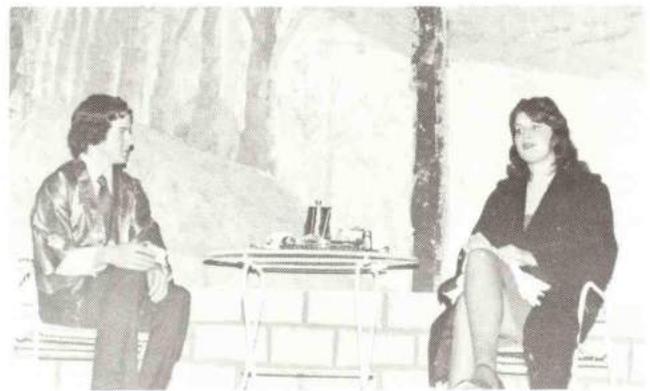

Another year, another show; And this year what a show! and what a sound! 'The Sound of Music' vibrated through the college for the first six and a half months of the year, and reached its crescendo in July when our 'star studded' cast once again took to the boards and mesmerised the audiences with four polished performances.

Father Pidcock's musical talents were again to the fore with this year's production. With the assistance of Mrs. Lean and Mrs. Bellinger, Father Pidcock created a phenomenon that will be difficult to surpass. Authentic costuming was once again the brain-child of Mrs. E. Grieve, with the assistance of Mesdames Cullen and Kramer. Mrs. M. Jolliffe's talents were noticeable this year with our breathtaking sets and scenery.

Maryanne Blizzard took our lead as Maria and by her performance we can see past experiences beginning to show. Our austere Captain Von Trapp was well handled by Michael Rubock. Debbie Bellinger took the role of the glamorous and sophisticated Elsa, and the debonair Max was played by Ian Tabart. The double role of Rolf the telegram boy, and Rolf the Nazi was portrayed by Raymond Herman. Belinda Kley ably led the angelic voices of the nuns' chorus.

Therese McKenna, Gary West, Lesley Walters, Jacqueline Gardner, Glenn Bellinger, Lisa Cullen and Anne Liotta pulled many heart strings with their performances and singing as the children Von Trapp.

N. Bellinger.

THE SCHOOL TRIP

SCHOOL TRIP

(B/R) M. Reid, A. French, A. Gale, A. Weinert, Fr. R. Cavanagh, R. Howman, G. Dazeley, T. Hayes.
 (2nd B/R) Mrs. B. Grieve, P. Lucas, J. Gardner, M. Catchpole, D. Bellinger, M. Roles, G. House, B. Hiscutt, P. Rimmelzwaan.
 (3rd B/R) Mrs. N. Bellinger, J. Barwick, R. Berechree, Y. Lockett, A. Smink, E. Barron, K. Billing, T. Bajzelj, G. Gale, J. Buckby, Fr. M. Whelan.
 (F/R) C. Millar, C. O'Donnell, J. Morris, C. Ryan, C. Nelson, P. Smith, G. Lynd, A. Ransley, P. Rocher.

THE SCHOOL TRIP. 2nd Sept. – 10th Sept.

36 + 4 = The school trip. On the 2nd September, 36 students and 4 staff members set off for the unknown hazards and pleasures of the little island to the north.

This being our first attempt at such a venture, at times the hazards outnumbered the pleasures, (especially for the staff). After going around in circles in Canberra for several hours we eventually reached our motel to be greeted by Patrick Griffen who later proved essential to the success of our tour of Canberra. Popular opinion voted Canberra "the city without a soul". But Sydney was another kettle of fish as Ben said to Mrs. Grieve as she stood outside the shop "You've lost your touch Mrs. Grieve". Another highlight was dinner and a floor show at "The Music Hall".

Friday 6th September we left Sydney and travelled to Port Kembla for an inspection of B.H.P. works and from there back to Canberra.

Saturday – travelled via Cooma (where we thoroughly enjoyed watching clogs being made) to Thredbo, where to the dismay of the 3 remaining teachers students scattered all over the mountains up ski lifts and down toboggan slopes and our only accident, "Poor Cecily"! Eventually we settled down 36 + 3 at the Adaminaby Country Club where the behaviour and dress of our students was highly complimented by the manager and his staff.

After a sleep in on Sunday we set off on the long drive to Lakes Entrance.

Monday saw us again on the road to Melbourne and another highlight of our tour "a night on ice skates".

Tuesday at 4.00 p.m. 31 + 2 very tired and exhausted members of our party waited for the plane HOME.

N. Bellinger.

Debbie Bellinger and Cathy Millar. "The long and the short of the girls on the school tour".

Robbie Howman. "At least one of our Open Football team almost made it at the M.C.G."

THE COLLEGE BALL

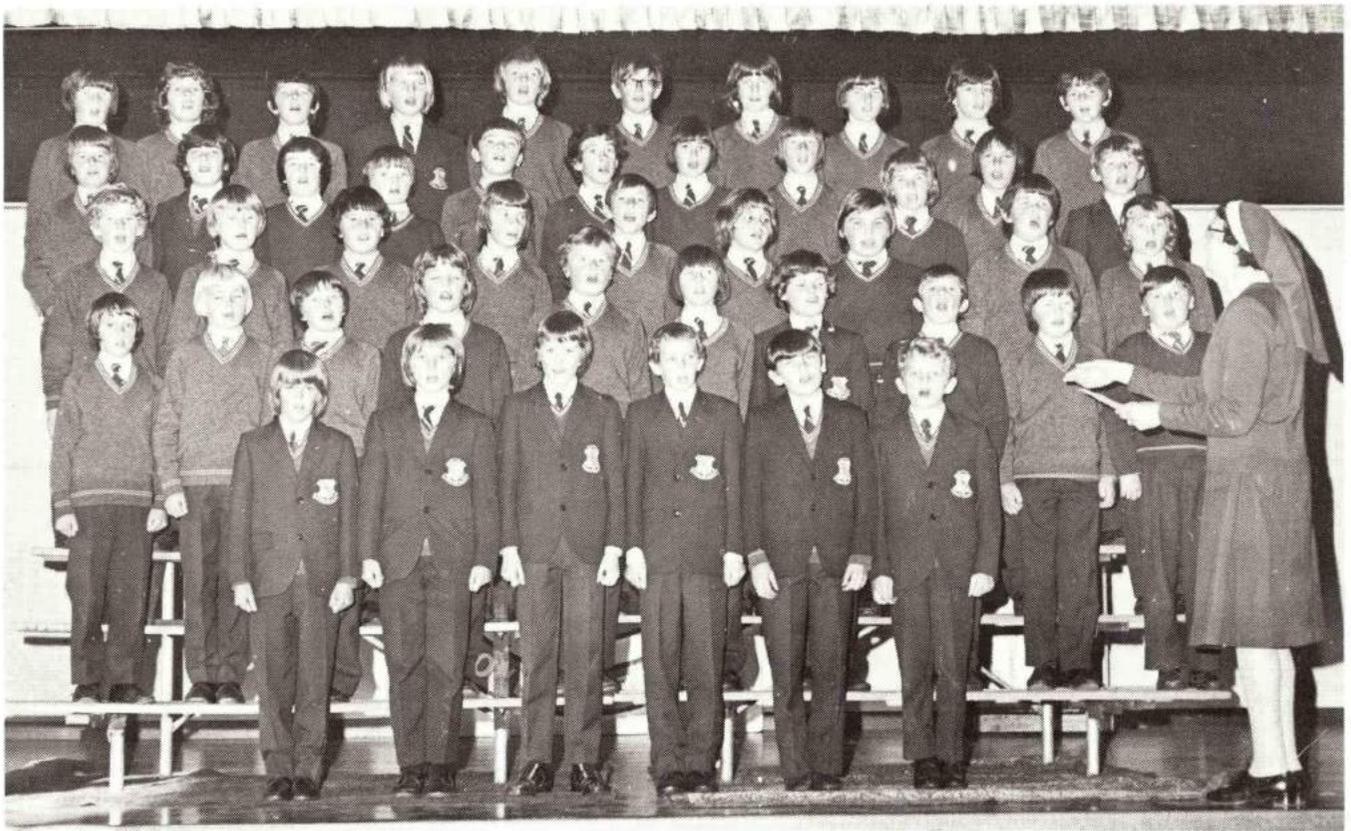

Much talk! Much fuss! Material, patterns etc!!! Will it be finished? Has my suit been dry cleaned? I can't put this tie on straight! — Darn! I've laddered my stocking! Mum heaves a sigh — Son or daughter at last in the car to be chauffeured to the Social Event of the Year — you've guessed — THE SCHOOL BALL. The most successful and enjoyable yet.

The Burnie Theatre and the Town Hall received a face lift with wonderful decorations by the Students and Social Committee and their many helpers. Although this was a formal occasion, the atmosphere was relaxed and the floor fast. (As some staff members found out). It was hard to believe that the students who have to be reminded — "Tuck your shirt in" "Straighten your skirt" were the same handsome, petite and well groomed students who came to the Ball.

The organisation was excellent and it was a pleasure to be able to attend such a happy function, and besides — I enjoyed myself!

A special "Thank you" to Shirley Ling for all her effort in organising the Ball — each year she works quietly in the background, and many of us do not realise the amount of time and energy that she actually gives to our enjoyment.

Betty Grieve.

BOYS JUNIOR CHOIR.

BURNIE EISTEDDFOD COMPETITIONS

The importance of culture in the educational program cannot be over emphasised. Hence, the Burnie Eisteddfod Competitions provided a splendid opportunity for students to exercise their talents in the Choral and Art of Speech sections.

In May of this year, our College presented some enthusiastic singing choirs, with excellent results. Under the thorough training of Mrs. Tanner the girl's choirs took first places in the following sections:

The Advocate Secondary School Choir
 The Eric Reece Junior Shield – Junior Choir
 Sunday School Choir (6–12 voices)

Boys' Choirs from Grades VI and VII were likewise determined to show their ability. Grade VII boys gained second placings in the four sections for which they entered, while Grade VII, trained by Mrs. Browning, gained second and third places in their respective sections.

We congratulate all concerned and are most grateful to Mrs. Reeve and Mr. Browning for their excellent accompaniments of these choirs.

Entries in the Art of Speech sections proved enjoyable and successful. Mrs. Browning and Mrs. Kelly are to be congratulated for the first and second placings which these choirs gained.

Philip Essam of Grade VI is always an enthusiastic entrant in the Art of Speech section as a solo performer. Philip appeared in both Burnie and Devonport Eisteddfod Competitions with excellent results – two firsts and three seconds.

Congratulations to all of these entrants. We look forward to even greater success in future competitions.

TO SEEK

The glory of the sun, brings to me the thought of
 what the world used to be and could be, but never
 will be.
 People who don't care and won't care.
 About the pain they cause for others.
 What sort of world do they make?
 A place of misery-where life has no meaning.
 A place where war is the major event of their lives
 and where life is but a mere nothingness.
 But there are persons,
 Maybe a few- even more than a few.
 That when on seeing the glory of the sun,
 Wish that the world was better,
 Than it ever will be.
 They dwell on the harmony and peace,
 and have no reason for the casting of darkness
 from their soul.
 They leave no withered petals,
 They have no regrets.

Liz Baron.

FLOODS

Night had fallen. The little town was quiet. Everyone slept except the policeman who was keeping his lonely watch at the station.

Nobody dreamed that danger was near. No serious trouble had come to the town in years and years. There was no sign of trouble now except the water level was a little higher than usual.

The night wore on. Only the sound of the rain broke the silence or an occasional bark of a dog.

Suddenly a warning came over the emergency phone! A flood was coming the town's way and it would reach in less than thirty minutes. Quick evacuate!

The police sounded the warning! In an instant the whole town was alive. Police were soon moving people in the houses near the creek to higher grounds.

Then it came, at one o'clock. A wall of water full of uprooted trees, broken houses, and dead animals. On its churning surface were tables, chairs, pianos and even cars. When it hit the bridge, it carried it away like a piece of paper and sent it sailing downstream.

"Look!" cried someone, "Surely that was a light!", "look over there!" "It can't be, there's nobody there and there is no light anyway." "But there it is again, Look! it must be a candle." "That's Mrs. Smith's house. Her husband is in the army. Didn't anyone warn them."

Nobody had. Somehow in the darkness the house was missed. Now it was surrounded by rushing water that threatened to carry it away at any moment. "Get a rope", cried some brave soul, "I'll swim there."

They tied a rope around his waist but he did not get anywhere. It was impossible. The swift current carried him away and with great difficulty they hauled him back.

One after another they offered to go. Meanwhile out in the darkness the gallant mother and her children were making a fight for their lives.

The mother woke up to find herself standing in two feet of water. Grabbing her children she lifted them one by one onto the cupboard.

It was three o'clock in the morning, the brave mother was thinking the end was near but she was not ready to give in. Cutting her way through the ceiling the mother and her children sat on the roof.

Six o'clock. It was lighter now, and what a scene! The great brown torrent was still surging by with bits and pieces in it.

Another swimmer tries, he is swept away downstream again, but with one last try he makes

it. One by one they go out and carry back the children and the mother. As they reached the banks, cheers rang in the morning air.

Beverley White

REVENGE

It's now 10.30 a.m. In half an hour I shall be on my way to basketball practice. This practice in Launceston would probably be the most vital practice in my life. I turn up and perform well and I'm in the state side. Thrilling!

Here is the bus now. It's deserted! Where on earth can the others be? Quickly I went over all the arrangements in my mind:—Bus leaves Wilson Street corner 11.00 a.m. Arrives in Launceston 1.30 p.m. Practice 2.30 p.m. Arrive home 6.00 p.m. I decided to board the bus just in case the others had decided to get on at a later stop.

The bus-driver seeing my gear said that all the other players had gone on the previous bus. He informed me that this bus was going on a scenic tour and would not reach Launceston before five. Bang! went my spirit! Missing this practice meant missing out on the state side, because the strict rule was if you did not turn up for training you would automatically be disqualified for selection.

Wandering home I pondered within myself the times, the arrangements. Then, like a spider, it crept into my mind, doubt!! I thought the 11.00 time was a bit late. That Tony must have been pulling my leg. My missing the bus and practice would be very convenient for him, for he was going to miss out if I was awarded a place in the team. He had done it on purpose. Bitterly I went to bed, planning my "revenge"!

Next Saturday I ventured along to the big game. While being alone in the dressingrooms, I made the most of my opportunity. Grabbing Tony's books, I opened the window and went to throw them out when, "Hey! You!", it rang like thunder. It was the coach. We had a good talk and I came off second best. So next time I go to take revenge, I will stop a minute and think what I am doing.

John Fox.

DEATH

Life no longer means anything,
Everything is dark,
Nothing means nothing,
Friends are only memories,
Beautiful memories,
Never to be forgotten;
So little time together,
So long apart.

Diane Webster.

REVENGE

"Court adjourned" the judge's voice boomed, over the muttering of the people in the courtroom.

Peggy Marshall entered the room, with shaggy blonde hair and frightened blue eyes. Why had she done it? Why in the name of God has she taken the blame for something her boyfriend had done.

John Crawford had asked Peggy to bring his motorbike from America to Australia on the ship. Unfortunately, John had tried to smuggle drugs into Australia by hiding them in the handle bars of the bike.

A voice intruded upon her thoughts, "Peggy Marshall take the witness stand please." Gradually climbing to her feet Peggy made her way to the stand.

After being in court for five hours in succession the jury announced Peggy guilty and sentenced her to fifteen months imprisonment.

The fifteen months dragged and she felt that her life would end before her sentence was over. While in prison, Peggy made one resolution that she would not break. John Crawford was going to be sorry for making her suffer.

She was out. Freedom at last. Peggy had been writing to a friend who had found the whereabouts of John, who had mysteriously disappeared after the little incident of the drugs.

Eighteen, nineteen, twenty. Peggy knocked twice, with very loud raps. A gasp escaped John's mouth as he stood watching her apprehensively.

"May I come in?" John led the way to the lounge room. "Do you live here alone?" "Yes, I've had it a few months".

Bang. I've done it now. John can suffer like I did. Better wipe the gun. Now put his finger prints on it. All done and fairly well for an amateur.

"Bye John. Have a good sleep," Peggy thought as she closed the door and wiped the door handle.

In the paper the next day on the front page, it was written, where a twenty-five year old man took his life in a suicidal mishap, causing the man to die three hours later without gaining consciousness.

Beverley White.

THE FIRE

My story is about a fire on King Island. It was a fire in an old building and a very frightening one at that.

It was a hot, muggy sort of day in town and

as I walked down the street, I could see the heat waves shimmering off the roofs of the shops and off the streets and the roads. However what caught my eye most was the sun shining through the window of the old "Pub" and lighting up the dark corners inside. It seemed as if it were alight, with the old yellow paint peeling off the weatherboards and the walls seeming to split. It was an elegant old Pub standing between the Post Office and the electrician shop in the middle of the street.

The day dragged on and on. I felt glad that we had not had to come here too often. When we had finally finished our shopping, we collected our goods and went to the car. As we climbed in, we heard a terrific "boom", from across the street. Pieces of timber and roofing iron were thrown high into the air, and a great roar of flames leapt to the sky. People came bursting out from all directions, dodging the rain of splinters of wood and other objects, falling from the atmosphere above. On and on went the fire, the whole Pub collapsing under the grasp of its power and destructiveness.

Just at that moment there was a scream and an old red fire truck came hurtling up the street, running onto the curb and stopping in the midst of the smoke. The hoses were going at full blast in seconds, sweeping the flames from the upright skeleton of charred timbers. In a matter of minutes the fire was dead, leaving the crumbling mess sizzling and smouldering in the sunlight.

It was a horrible mess, leaving a pile of rubble to be taken away. For days after, people would go over and look for coins in the ugly, filthy mess.

The remains have been cleared away now, and a car park is there. It seems there is something missing from the town now, something that would make it really look like a town.

Tony Wylde-Browne.

IT SEEMED LIKE A NIGHTMARE

I was asleep in an old train which had been blown up in a war or something. I had just escaped from the Polish Police for killing three men and fled to Africa. I wanted to get these hand cuffs off and have a shave.

Little did I know, but underneath the train was the hide-out of the M.S.G. (Masked Smugglers Group). I was woken by a shot from a small pistol and there were three men in front of me. The middle man with the gun must have been the leader. His name was Zolo or Holo; well, anyway, he had a gun and it was pointed at me. I told them my story showing them the handcuffs and the reward note in my top pocket. Reward for \$5,000 in Australian currency.

The men must believe me with this evidence, and the leader said, "Do you know we smuggle Diamonds out of the country, and you, right now

are above \$75,000,000 (Australian) of diamonds." I gasped at the thought of all that money. The man on the left said, "Well we'll let you go because if you tell you will die because of the murders of the three men and if we tell we will probably die also, so we will let you go." I ask but one small favour. Will you give me some money and rid me of these handcuffs," which they did and I was set free. I was on the move again. To remove the handcuffs was a great achievement. I worked out a plan to get to Tangier, which was on the coast. The plan was to wreck the radio line with the neighbouring villages and shoot off with the police jeep. I used the jeep to get to Ceuta. Then I resprayed it and sold it. I bought a fishing boat, 18 feet in length. I started to sail to Gibraltar in Spain. The boat was going great and about 20 miles from shore I dropped anchor and went to sleep. I slept like a log for six hours and woke up, had breakfast and set off again.

The small boat was going well and in the distance I could see, big black clouds coming towards me. Sure enough there was a storm, I struggled two hours against the fifty mile an hour winds. A great wave overcame the boat and I was in the sea.

I grabbed hold of a piece of mast and endeavoured to tie myself to it with my belt, under my arms and around the mast. I floated there for 3 hours until at about 3 o'clock I was found by the Spanish Coast Guard. They found my reward note and I was on my way to Poland. I had a trial and was sentenced to death by hanging.

The next day I was there with the rope around my neck, the platform gave from underneath me, I was choking. Then I woke up, I was having a night-mare.

Paul Gillman.

What is in my soul, that I cannot see,
 Something that is piercing the mind of me.
 What it is, I shall not know or find,
 A mystery surpasses my thoughts and my mind.
 No answer exists to this unknown place,
 The laughter is gone, without even a trace.
 Who is he? That means so much to me?
 Where is he, that I cannot see?
 A man, or is he a spirit or what?
 What is this man, who I haven't forgot.
 He seems so near, yet so far away,
 I wonder if he's here to stay.
 I shake, I tremble, my thoughts run wild,
 His name is carved, his ways defiled.
 A man, like any other, but more to me,
 My God, my friend, what is it I see?

Liz. Baron.

DEATH

Lying in the ground,
 In a wooden box —
 A frozen heart
 Which beats no longer,
 A still brain
 No longer thinking
 All is still and solemn.

A life which once
 Was fulfilled with joy —
 Now lies — still,
 But, doth the soul live on?
 The hard, brown crust
 Which covereth thee
 Is now trodden down.

A. Archer.

FLOOD

The day is born —
 The land is dry and dusty;
 The dry times will soon be gone.
 The wind blows strong and gusty
 And the rains are here at last
 To cover all the land.
 The creeks start to flow fast;
 They seem to expand
 And still the gusty winds blow.
 The sky is dark grey
 The rivers break their banks and overflow
 And then start to flow away.

Allan Ransley.

This poem is a sequel to Matthew Arnold's poem "The Forsaken Mermaid".

THE MERMAN'S WIFE

Children, children, I must go; for my kinsfolk pray
 In the little grey church on the shore to-day.
 'Twill be Easter time in the world — ah me!
 And I lose my poor soul, Mermaid, here with thee.
 Do not call me, I shall not look.
 I shall sit here with my holy book.
 I was faithless to thee
 And I must leave me to dwell in the depths of the
 sea.
 I was cruel to thee,
 But I must leave you lonely to the kings of the sea!

State councillors of the Knights of the Southern Cross, Mr. M. T. Summers (second left) and Mr. E. D. Wyatt, presented the knight's annual bursary to second-year Marist Regional College student Jillian O'Rourke at a special ceremony. Looking on is Jillian's mother, Mrs. H. D. O'Rourke.

Marist Regional College student Josephine Barwick of Burnie being presented with an A.P.P.M. scholarship. The scholarship is worth \$150 a year for two years. Josephine, accompanied by her mother, Mrs. D. F. Barwick, here receives her award from the secretary of the A.P.P.M. Council (Mr. W. W. Stanford). At left is Sister C. Bridgeman, deputy principal of the college.
