# Principal's Report

**Mrs Susan Chen**  
Principal

All of us know education matters and we are fortunate to live in a country that values education and today provides funding for schools to ensure our children have adequate resources for learning. Australia has not always been like that. In 1842, Mary MacKillop was born in Fitzroy, Victoria, the eldest of eight children. She experienced poverty and, while she had access to education, she noticed that many didn't. Her own family fell on hard times and when Mary found employment she helped support her family because, back then, there was no safety net for families in distress. Children remained illiterate because there was no money to send them to school.

**The story of Mary McKillop is one of great courage and faith which inspires Australians today. Perhaps, above all, we can learn from her determination to "have a go" and give everyone a "fair go".**

Catholic education in Burnie has its roots in the efforts of other similar heroes such as our own Catherine McAuley and Jean-Claude Colin who had similar visions for education of the poor and a fair go for all. In their footsteps and inspired by their stories, sisters, priests and brothers came to Burnie in order to make sure children here had access to a quality education. They have handed to us a legacy which is a worthy cause for us to foster and enhance.

While our young people have the opportunity to access a good education, there are enormous challenges. We live in a world where communication and transportation are made easy. National boundaries and distance from other countries no longer protect us from competition and we need to find new and better ways of producing products and providing services. Students need an education that helps them to be flexible and open to change, to use their imaginations as well as to work cooperatively and collaboratively.

How we go about educating young people at our College is under regular review. As educators, we evaluate our provision of curriculum and our teaching practices and we look for creative and effective ways to improve and to innovate. As our vision statement says: we embrace strategies to improve student outcomes.

How are we doing this? As a College we are preparing for the Australian Curriculum and will be introducing elements of English, Mathematics, Science and History in 2011, although implementation is not required until 2013.

**It is not just about a more rigorous curriculum, but also about how we engage students and make learning interesting and enjoyable.**

With the aid of Federal Government Building Education Revolution funding, we have built the Chanel Centre for Year 7 students designed with the learning needs of young adolescents very much in mind. In Term 3, Year 7 students moved into Chanel and were amazed by the quality of the facilities. The "proof in the pudding", of course, is in the quality of student learning, creativity and innovative thinking inspired by the new learning environment. This point is not lost on the Middle Years team who are re-shaping curriculum and learning to meet the needs of 21<sup>st</sup> century learners.

An aspect of this is immersion in digital technology. Our children have grown up with computers and are eager to use these tools to help them in their learning. For this purpose one of our teachers has been given substantial time in 2011 to work with teachers and students to keep them up to date with the latest developments in eLearning. The number of computers in the College has risen from about 350 in 2009 to 475 in 2010 and will grow to more than 600 in 2011.

In November we also received the exciting news that our submission to the Federal Government for funding of a trade training centre was successful. This will inject almost \$1.5m

into our building program and will result in an integrated commercial cookery, bakery, tourism and business training centre. It provides options for students who are looking to achieve industry recognised VET certification and will contribute to the Australian Government's program to increase the percentage of students leaving school with industry skills.

**As has been demonstrated time and time again, the most important factor in ensuring good outcomes for students is good teachers.**

Each of us can recall that good teacher who was patient, kind and firm enough to make sure we understood and grasped what was being taught. Those who show us respect usually secure our respect. It is in that atmosphere that we can learn best and I both thank and commend the College teaching staff for their commitment to College values and encourage parents, caregivers and students to engage with teachers in conversations where listening is the focus.

Candi Dempster, Susie Bond, Ian Margetts, Michael Ireland, Les Allen and Alanna Stretton work with me on the College Leadership Team. It is a wonderful group to work with, one that has built up great expertise and supports each other in an environment allowing for both autonomy and teamwork due to high levels of mutual trust and respect. The resignations of Candi Dempster and Ian Margetts are a big loss to the team and to the College, and we wish them well in their new endeavours.

Mrs Dempster, through her leadership of learning and teaching, has helped us embrace change with the focus always on student needs and striving for excellence. She will be sorely missed especially by students, staff and parents who hold her in high regard as someone who genuinely cares and

does her best for them. Mr Margetts is an old scholar who is a very loyal supporter of the College and its values. He has put his stamp on the role of promoting faith formation and the religious education of the College community and articulating the vision of the College through the Marist and Mercy charisms. His gentle presence will be greatly missed.

I would also like to thank Mr Garry Dazeley, retiring Chairman of the Board, who has given six years dedicated service. Having had dealings with many different College Board members for more than eight years now, I assure you that our College has been well served by its Board members. Finally, I would like to thank the Governing Council for the guidance they provide to the College and their support of me in my role as Principal.

As I reflect on 2010 I can't help thinking it has been a very special year for learning at Marist Regional College. An event that stays with me was the Year 12 Graduation Mass and dinner dance. We farewelled a wonderful cohort of Year 12 students with their teachers, parents and caregivers. Over their six years at Marist, they have grown from childhood to adulthood. They have undertaken learning that will set them on a career pathway. They have learned for the sake of learning, for their health and for their spirituality. Our graduates will make a difference in the world. They are creative, questioning and responsible young adults and we are proud to have played an important role in their development.

**Mrs Susan Chen**  
Principal

Another year has passed for Marist Regional College and the Board is proud of the work that has been done to assist with the achievements and improvements to facilities made during the year. This year has seen change in the membership of the Board, introducing new skills and knowledge. The new members are:

Mrs Jennifer Cordwell	Mr Paul McGrath
Mrs Alison Harriss	Mr Wayne Licht
Fr Ray Chapman	Mr Dean Waldhauser
Fr Tony Kennedy	Mr Douglass Doherty

I would like to thank these people, along with Board members who stayed on from last year, Mr Adrian Coward, Mrs Tess McDonagh and Mrs Susan Chen. I would also like to acknowledge the contribution to the governance of the school by members of the Leadership Team who attend the Board meetings: Mr Les Allen, Mrs Candi Dempster and Mrs Susie Bond.

## Annual Board agenda topics

This year the Board introduced an annual agenda, with a topic relevant to the governance of the school scheduled for each meeting. The topic was generally supported by a working paper, prepared by a member of the College Leadership Team, to help inform discussion on the topic.

The topics covered during the year included:

- **facilities**

A tour of the school was conducted to help ensure Board members understood the functions and workings of the College, the facilities that support the school and the condition of those facilities.

- **school mission**

The Director of Mission provided a paper aimed at ensuring the College was achieving its mission, meeting the Archbishop's charter and working towards achieving our vision.

- **enrolment**

This agenda item helped members understand factors that could affect future enrolments and, where possible, plan for the impact those factors might bring.

- **long term finances**

The Finance Manager prepared a paper to help satisfy the Board that the College will continue to be financially viable and in particular that future capital and recurrent expenditure can be appropriately funded within the expected fees and grants.

- **building plans and capital works**

This agenda item was intended to assure the Board that the College building assets are being appropriately maintained and that we continue to provide educational facilities that meet contemporary educational expectations.

- **safety**

This agenda item was intended to satisfy the Board's duty of care that we are providing a safe environment for students and staff. The paper presented information on the injuries that have occurred during the year, the status of safety policy and procedures, and the risks and risk-control measures that are in place.

- **benchmarking**

Numerous papers were presented to the Board comparing Marist Regional College with other schools and colleges within Tasmania and Australia. The benchmarking compared indices such as student-teacher ratios, fees, capital expenditure and administration-teaching staff ratios.

- **annual budget**

A budget, addressing enrolment, long term finances and building plans, was prepared and approved by the Board.

- **succession planning and board review**

This paper helped with planning for the coming year with respect to Board membership and Board performance.

## New projects

The 2010 year saw some planned improvements completed and new projects initiated.

- **Chanel Centre**

The Chanel Centre was completed and occupied in September of this year. This is a fantastic facility that will help ensure our Year 7 students receive a good education in a first class, contemporary educational facility. This facility was financed by the Federal Government under the Building Education Revolution program and from College funds and borrowings.

- **Trade training centre**

The Federal Government has approved funds for the refurbishment and conversion of a part of the western wing of the school into a new trade training centre. This facility will include a commercial kitchen, an artisan bakery, restaurant and classrooms. We will be relocating some of the College's music and textile design facilities.

The College had a visit by the Catholic Secondary Education Review panel who interviewed members of the student, staff, parent and Board groups. The College received some positive feedback from members of the panel.

Board members continue to either lead or work as members of standing committees including the Finance Committee (Dean Waldhauser and Garry Dazeley), the Safety Committee (Paul McGrath), the Building Committee (Wayne Licht) and Strategic Planning (Tess McDonagh). These committees continue to work successfully to guide the activities of the Board and the College.

Mrs Clare Kiely-Hoye,  
Dr Trish Hindmarsh,  
Mr John Bloomfield.

**Front:**

Sr Jan Geason,  
Archbishop Adrian Doyle,  
Fr Bill Ryder.

**Absent:** Mr Carey McIver.

It is my pleasure as your Archbishop and Chairman of the Marist Regional College Governing Council to contribute to your College Yearbook 2010.

I speak to the students who reach another milestone in their education for life beyond school. To those of you who will leave the College at the end of this year I extend every blessing and wish you every success in whatever pathway you choose to follow. To those who will continue their education at the College I ask that you take every advantage of the wonderful educational opportunities which are available to you and to continue to contribute to the ethos and spirit of College life.

To the parents and guardians of our students I express my appreciation for choosing this educational pathway for your children, mindful of the many sacrifices that you make to ensure they receive this unique educational experience.

With much gratitude, we acknowledge the generous commitment and contribution of the members of the Governing Council who share with me, on behalf of the Roman Catholic Church Trust Corporation of the Archdiocese of Hobart, the overall responsibility of governance of the College in association with the College Board, Principal and College Leadership Team.

## Canonisation of Mary MacKillop

As you read this year's *Kalori*, Australia will already have its first Saint and on reflection we become very much aware of Mary MacKillop's influence and contribution to Catholic education in Tasmania through the Sisters of St Joseph. The first sisters arrived in Tasmania in 1887 and over the next several years schools were opened or taken over by the Sisters of St Joseph at Westbury, Forth, Ulverstone, Devonport, Tunnack, Colebrook, Oatlands, Zeehan, Cygnet, Richmond, Queenstown, Franklin, Lymington and

New Town and thereby laying a large part of the foundation of our Catholic education system.

## Appreciation

In keeping with the theme of Catholic Education Week 2010 "We Are Church" I wish to take this opportunity to thank all of the dedicated people who constitute Catholic education in Tasmania for without their faith, dedication and commitment our system could not operate, prosper or grow. In the first instance, I acknowledge our principals, teachers and staff in our schools and colleges, the director and staff at the Tasmanian Catholic Education Office and regional offices. Secondly, I particularly wish to acknowledge the many hundreds of wonderful people who volunteer their services, expertise and counsel in the general operation and governance of our schools and colleges.

Listed below are some of the areas that are undertaken on a voluntary basis in our schools and colleges:

- trade, maintenance and transport,
- sports and excursions,
- parents and friends associations,
- clothing stores and school canteens,
- committees and working parties,
- boards and governing councils.

As your Archbishop, I am eternally grateful to each and every one of you for your most generous contribution to our Catholic education mission in Tasmania.

The annual fete has been the traditional fundraiser at Marist for the Parents and Friends Association. This year the committee decided to break with tradition and opened four Marist family gardens on the weekend of October 9-10. The gardens were opened in collaboration with Australia's Open Garden Scheme.

Approximately 250 people visited one or more of the gardens located at Somerset, Elliott, Table Cape and Boat Harbour. The garden hosts spent countless hours toiling in their patch of heaven to have them looking manicured for the weekend. We are greatly indebted to the garden hosts: Jenny and Bruce Watson, Liz and David Murton, Robyn and Tony Smith and Bev Ryan. During the weekend more than 60 parents volunteered their time. Many families assisted with cooking and plant donations. Most helpers commented that they would be happy to assist again if the P&F decided to organise another Open Garden weekend. The weekend raised \$3800. It is envisaged that the next Open Garden fundraiser will be in 2012.

We received a submission from the Textiles Department to assist with the replacement of sewing machines. The P&F donated \$1400 to the Textiles Department, which enabled them to purchase a new Bernina sewing machine.

Many Marist students enter various sections of local eisteddfods held annually in May and June. The P&F donated \$200 to the Burnie Eisteddfod Society this year. We believe this event deserves support given the opportunity it provides our students.

The P&F once again played a key role in organising the Year 10 Dinner which was held on November 25. Susan Bracken, our secretary, did a splendid job coordinating the meal. I would like to thank all the Year 10 families who generously donated food to this event which students enjoy immensely.

On December 5 the P&F held a second-hand uniform and textbook sale at the Harcombe Centre. This event is growing in popularity as Marist families realise the benefits of purchasing textbooks and uniforms at very reasonable prices.

I am extremely grateful for the support given to me by other members of the P&F executive, Susan Bracken and Julie Barnett. Your willingness to act when needed is sincerely appreciated.

**Mrs Tess McDonagh**  
P&F President

**Mrs Candi Dempster**  
Deputy Principal Learning and Teaching

This year has proven to be a very rewarding academic year for Marist Regional College. The outstanding achievements of our students across traditional subject areas and vocational learning courses continue to show the depth of our academic program.

Much learning occurs parallel to formal classes and students have achieved wonderful successes in academic competitions, regional, state and international competitions. This year we celebrated our first winner of the Frank MacDonald Memorial Prize, a competition that has been running for the past six years. Year 9 student Declan Fahey wrote a moving essay on Gallipoli and this win enables him to attend the ANZAC Day Service in Gallipoli, Turkey in 2011. The College also provides students with a variety of opportunities to extend their learning and skills through co-curricular clubs and after-school programs like Stitched, Tai Chi and fitness classes.

Certificate I and II qualifications in construction, hospitality, business, tourism, electro-technology and child studies have been a highlight of the vocational learning of students in 2010. Australian school-based apprenticeships have also been taken up by students, this year in the hairdressing area.

ICT usage has increased dramatically in 2010. Class-pad technology in mathematics classrooms, interactive whiteboards, projectors and 24/7 on-line learning access to assignments have all enhanced the flexible and innovative delivery of learning.

## Year 7 and 9 NAPLAN

This year saw 158 students enrol in Year 7 from 31 different primary schools. The NAPLAN data indicate the current Year 7 cohort is slightly lower in spelling, and grammar and punctuation than previous years.

There were 153 students enrolled in Year 9. The Year 9 NAPLAN data reveal the value-adding the College curriculum has made to students' overall literacy and numeracy efficacy from Year 7 to Year 9.

**The NAPLAN results indicate the College is performing at a consistently high level when compared with other Tasmania and Australian schools.**

**Table 1: Percentage of Marist students above NAPLAN benchmark**

Year 7	2008	2009	2010

## Literacy enhancement

A strategic direction for 2010 was to continue to enhance the literacy and comprehension skills of Middle Years students. The literacy enhancement program, undertaken by all Year 7 and Year 8 students, focused on the ability to decode, comprehend and apply literacy knowledge across the curriculum. The data clearly demonstrate the positive impacts the program is having on students' comprehension levels and reading confidence.

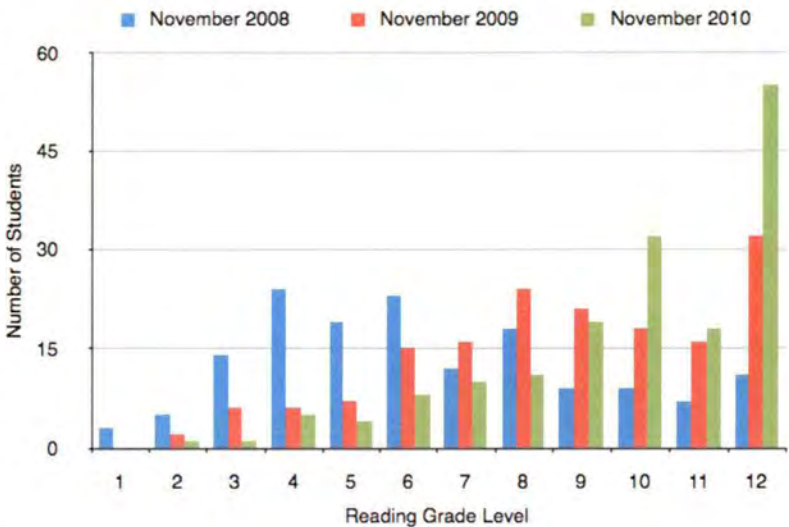

## Movement in reading grades for the Year 7 Cohort of 2009

Reading is the precursor to improved comprehension, vocabulary, creativity and literacy confidence. Improvement in reading enables learners to better access the curriculum. The graph to the right illustrates the progress of learners from 2008 to 2010. The graph shows a dramatic improvement in the number of students, from 11 in 2008 up to 55 in 2010, reaching a Grade 12 reading level.

The next phase in embedding challenging and specific literacy development for learners will be through a program to be formulated throughout 2011 that maps where literacy is specifically taught in each of the key learning areas. The aim in 2011 is to provide critical links between the literacy enhancement program and the Year 9-12 subject programs, teaching pedagogies and learning sequences. The 'filter' on literacy will also be used to align our current literacy areas to the identified areas where literacy is explicitly taught in the Australian Curriculum.

### Pathways

The continued tracking of our students and their employability skills for the future reveals that our students have a well-balanced approach to their chosen careers, whether in the traditional trades, emerging trade areas, university, certificate courses or employment. Our pathways tracking and career counselling program yields many successes, with students able to fulfil their dreams through hands-on experiences such as structured workplace learning and try-a-trade experiences.

A rigorous academic program coupled with our strong pastoral care breeds success and a climate of respectful and calculated risk-taking in our graduates.

I extend warm and heartfelt thanks to all teaching and non-teaching staff for their dedication and witness to our young people throughout 2010, and wish the College community every success for the future.

# Student & Staff Welfare

**Mrs Susanna Bond**  
**Deputy Principal Student and Staff Welfare**

The Pastoral Care Team is led by the Deputy Principal Student and Staff Welfare and consists of the College Counsellor, the Year Level Coordinators and the LEC Coordinator. They have been working hard this year to ensure consistency of practice when responding to the management of student wellbeing and behavioural issues.

The team has updated policies concerned with academic, social and emotional wellbeing. The Safe School Policy, Personal Responsibility and Student Behaviour Management Guidelines were also reviewed. Our aim is to promote empathy, understanding, responsibility and accountability within the student body. For this reason, we work closely with students, helping them to reflect on their choices and the impact of those choices on others. The principles of working restoratively to promote justice are embedded in our practice.

Working in partnership with parents and building links with the community is fundamental to our practice in supporting student wellbeing. To this end, we invited parents and the wider community to three evening workshops on the topics of Drug and Alcohol Education, Cybersafety and Raising Boys.

The Pastoral Care program at the College has supported students by focusing on issues responding to their developmental, social and emotional needs. Consistent themes throughout the College have been the promotion of positive peer relationships, making safe and responsible choices and decisions and raising awareness of the complex issue of cyber safety.

Mr Paul Dillon, from Drug and Alcohol Research and Training Australia, presented workshops for students and staff from Years 10-12 on the topic of harm minimisation in relation to the consumption of alcohol or other drugs. Year 10 students were given a further opportunity to explore safe partying behaviour later in the year with the team from iparty.

The very topical issue of cyber safety was addressed. Brainstorm Theatre performed *The Hurting Game* for Year 7 and 8 students, while Mr Greg Gebhart, from the Australian Communications and Media Authority, provided practical and comprehensive strategies and advice regarding online safety. As a result our students have become more proactive and responsible with regard to their communication online.

During a half-day workshop, facilitated by speakers from Youth Health and Tasmania Police, Year 9 students were offered the opportunity to explore their rights and responsibilities in relation to sexual health and relationships. In small groups, the students discussed a range of scenarios involving young people and the issue of consent. Older students have had similar opportunities to discuss the personal, social and legal ramifications of some of their choices and decisions.

Numerous special events across each of the year levels have also continued this year. Highlights have included camps for Year 7 and 9 students, held at various locations across the State, Rome Day, Medieval Day, driver education, Harmony Day, the annual social, as well as the Graduation Ball and Masquerade Ball for Senior College students.

I would like to thank the Year Level Coordinators and Class Teachers for their commitment to ensuring students are offered opportunities beyond the classroom to participate in activities that greatly enrich school life, increase self-confidence, resilience and a sense of belonging, teach new skills and encourage appropriate risk-taking behaviour in a safe and supportive environment. These activities could not take place without the dedication and support of our teaching staff to the holistic education of our students.

It has been a very exciting, challenging and rewarding year for the Student Representative Council. We were fortunate enough to be given the opportunity to organise and oversee many events including the swimming carnivals, social, Feast Day and various other organised activities such as Super 8s Day. We were also given the opportunity to hold Class Teacher period on Friday mornings with the Year 7s, which developed great relationships between the junior and senior students. We hoped we could help with making the transition from primary school to secondary school a little easier.

The SRC held many fundraisers to raise awareness of major global issues such as third world poverty, school bullying and discrimination. The SRC raised funds through casual clothes days, the social, and selling food and drinks at all College carnivals and events. By the end of the year, we managed to raise enough funds to help purchase four large shields, each representing the College houses: McAuley, Chanel, Frayne and Colin. These shields will be featured on the walls of the Harcombe Centre in 2011.

The SRC was given the responsibility of organising and running whole school assemblies every fortnight. Each assembly saw the inclusion of a new theme. One of our most significant themed assemblies was 'school pride'. Our aim was to highlight the importance of maintaining pride in ourselves, our school and the school uniform. The SRC gained a large amount of positive feedback from students regarding the school pride assembly and its positive message. There were many comments on the noticeable improvements in the way students wore their uniforms.

Towards the latter half of the year SRC member Sophie Davey encouraged students to donate blood and many students voluntarily participated in this important community activity. Many other events were held to encourage teamwork, participation and school spirit in the Marist community. The traditional Futsal competition was a particularly fun highlight.

Our main focus throughout the year as an SRC group was to reinforce the importance of student suggestion and feedback. We worked hard to spread the message that our main purpose was to be a voice for the entire student body.

We would sincerely like to thank Mr Margetts, Mrs Bond and Mrs Chen for the guidance and the continual support they have given us. We also thank the Marist Regional College community for allowing us the opportunity to lead and serve the student body. As captains, we would also like to express our thanks to the rest of the SRC for their hard work and the dedication they showed to ensure that SRC activities were such a success.

The friendships we developed and shared will last for many more years to come. Finally, to the 2011 SRC and the students of Marist, we wish you every success for the future. Enjoy!

# Staff Farewells

Each year we farewell staff who leave the College to pursue a diverse range of interests. Each person has made a unique contribution and, in a different way, left their mark on the College. We wish them well in their new endeavours and hope they remember us with affection, as we do them.

## Kevin Hope

After 19 years of committed service to the College, Kevin is retiring! Kevin has worked tirelessly to ensure that our buildings are in good condition and well maintained. Many times he has come in at the weekend to sort out rain damage, plumbing issues etc. He is a stalwart of the College and will be missed.

## Nora Gleeson

Nora left us in mid-March. Nora has worked as a cleaner for the College for 18 years, as well as being a parent of former students, and during her time has looked after the staff in the main staff room with care and affection.

## Candi Dempster

Candi came to the College in 2004 as an energetic and capable teacher with leadership aspirations. She was appointed Year 7 Coordinator and carried out the task with great enthusiasm and skill. As a leader of professional colleagues, she constantly sought to improve the learning of students through best practice and innovation.

## Ian Margetts

Over seven years, Ian's contribution to the College has been outstanding in the areas of classroom teaching, Year 7 Coordinator, sports coaching, World Youth Day organisation and as Director of Mission. His development of the ministry team and the REMAR groups, Ian has enabled the Catholic identity of the College to flourish.

## David Buchanan

During his six years, David made a great contribution as a science teacher and Faculty Head. His gentleness, genuine care for students, hard work behind the scenes and sense of humour were a great embodiment of the Marist spirit.

## Brigid Daly

Brigid joined the staff in June 2007 as a science teacher and was soon involved in developing middle years' science and maths programs. This year, she taught senior students and has left to spend time with her two young children.

## Claire Dwyer

A middle years' specialist, Claire made her mark as an innovative and well-organised teacher whose fun-loving sense of humour was appreciated by staff. She left mid-year to take up a position in Saudi Arabia.

## Anthony Hall

Across his six years at Marist, Anthony worked in English, SOSE, Music, MDT and Year 10 Work Studies. As the Year 8 Curriculum Leader he was instrumental in developing the middle years' curriculum that instigated Medieval Day. Outside the classroom, he has been a tremendous asset at Year 9 camp, the musicals and as a soccer coach.

## Bonnie Court

Bonnie has been a teacher at Marist for five years. Her primary focus was Year 8 English and SOSE but she also taught Senior College English and Sociology. Bonnie's extra-curricular interests included surf trips, Year 9 camps and the College musical. She contributed to innovative pedagogy, pastoral care for students and the development of positive staff relationships.

## Jillian Hastings

Jillian taught both SOSE and Drama during her time, lending valuable assistance to musicals and drama productions. Her energy and generosity were appreciated by all.

## Shaun Summers

Shaun was our MDT Technical Assistant for three years. He proved himself to be a dedicated worker who was very popular among the staff and student body with his 'no problems' attitude. Shaun was a tennis, football, basketball and soccer coach and also found time to complete a teaching degree in MDT. He leaves us to pursue that career.

## Wendy Engwerda

Wendy left to join her family in Victoria. Wendy's association with Marist has been as a parent, uniform shop manager and Home Economics assistant. She was highly regarded in all of her roles as incredibly organised and dedicated.

## Sarah Cowan

Sarah's dedication to the position of trainee Harcombe Centre manager was over and above the "gym management" job description. She provided valuable assistance to the HPE staff for lesson preparation and sports carnivals as well as coaching the Girls' State premiership soccer team.

## Jacqui Fishwick

Jacqui worked conscientiously to ensure the College's Faith mission came alive through the myriad of relays, social justice actions, missions and volunteer programs available to students.

## Blaine Jarvis

The multi-talented Blaine was superb as the Sound Engineering Trainee. He produced outstanding quality recordings of a huge number of our students' work and unearthed a multitude of talent through his encouragement of all musicians in our community.

# Our Faith Community

**Mr Ian Margetts**  
Director of Mission

Staff and students were formally welcomed to Marist Regional College for the 2010 school year at the annual Commencement Mass. The College student leaders were also inducted at this time and we met and welcomed the new Burnie-Wynyard Parish Priest, Fr Tony Kennedy. Other liturgical celebrations included Ash Wednesday, Holy Week, Catholic Education Week, as well as Mass for Feast Day and Year 12 Graduation. We also met to remember passed loved ones at a memorial liturgy for Alex Waugh and our annual Mass for deceased members of the College community. Mass continued to be celebrated every Wednesday morning in the College chapel.

Renewal and Retreat programs formed a part of the Year 7-12 Religious Education program. Years 7-11 undertook a one-day program that took in such themes as values, giftedness and respecting difference, personal best and social justice. The Year 12 cohort undertook a two-day program that included presentations from Nick Clements, a motivational speaker and mentor from the Whitelion organisation, Stuart Wright from UCANDO New Zealand and Fr Richard Ross from Catholic Youth Ministry Tasmania.

The REMAR program provided an opportunity for students to undertake personal, spiritual and leadership development activities. These occurred through fortnightly meetings and a variety of local and national camps and retreats for the students from Years 10-12 who are involved in the program. In addition to this, REMAR students undertook community service in the local area. This included Yaraandoo Aged Care visitation, assisting with the College Winter Breakfast Club and raising money for charities. The Year 11s again travelled to Melbourne for a solidarity camp that included helping out at the St Mary's House of Welcome, packing Christmas hampers at the Collingwood Community Shop and assisting with St Vincent de Paul Society's Fitzroy soup van services.

Under the guidance of the Youth Ministry assistant, students were involved in various activities to support both local and international groups. The College community also continued to support fundraising initiatives of Caritas, Marist and Mercy Missions and the Archbishop's Samaritan Fund.

During the September holidays, five students and two staff members embarked on the College's inaugural International Immersion Experience to Fiji. Partnering with Catholic Mission and Marist schools in Fiji, the 10-day experience allowed participants to:

- develop an appreciation of the work of the Church in Fiji;
- develop an appreciation of the spiritual wealth, but material poverty, inherent in non-western indigenous communities;
- develop an appreciation of the depth of relationships and sense of community;
- critique our own culture from the vantage point of a culture very different from our own;
- search for reasons for the huge disparities in wealth between the minority world and the majority world from a justice and gospel perspective; and
- become advocates for social justice.

**Mr Ian Margetts**  
Director of Mission

REMAR is a movement in youth ministry for Years 10, 11 and 12 students that has been running in schools in Australia for a number of years. It is focused on personal and spiritual development, leadership training, community experience, social justice education and action.

Each year level is characterised by a colour and participants are challenged to live by a motto and associated values.

Participants in Year 10 are part of the "Red Crossing". The motto for the year is "Sailing away from mediocrity."

Participants in Year 11 are part of the "Blue Crossing". The motto for the year is "Living as Christ's disciples."

Participants in Year 12 are part of the "Gold Crossing". The motto for the year is "A witness in my community."

## Red & Blue embarkation camps

Embarkation camps were held at Bridport. The camps aimed to provide "rowers" with the basic knowledge necessary to undertake the year in REMAR.

At the end of the camp those who chose to join were officially received as members of the REMAR group for 2010.

## Red leadership camp

Red leadership camp, held in Melbourne, brought together more than 300 people from across Australia, along with an enthusiastic contingent from New Zealand. The camp aimed to provide "rowers" with a deeper experience of the REMAR spokes – community, skills and knowledge, faith development and ministry and service. Sessions were interspersed with drama, games, discussions, workshops and prayer, all of which helped students to develop a personal understanding of what it means to "sail away from mediocrity".

## Red caravel day

Red caravels from both Marist Regional College and St Patrick's College came together for two days of fun, laughter, prayer and challenge. Sessions include topics such as leadership, community building and social justice.

## Blue solidarity camp

The solidarity camp provided an opportunity for students to venture out of their everyday lives and comfort zones for an immersion experience. For one week "rowers" worked in solidarity with people experiencing urban poverty. The students experienced living in community, preparing most of their meals and looking after their living quarters.

Activities include:

- assisting at St Mary's House of Welcome;
- assisting at the Collingwood Community shop; and
- serving on the St Vincent de Paul Fitzroy soup van.

## Gold retreat

Caravels from all over the country gathered in Mt Evelyn for a weekend of personal reflection, faith exploration and fun! The program was staged in a retreat format and focused on "how God continues to call each of us post-school". Sessions looked at the contrast between how society "calls" us to be in contrast to our God who calls us to be people of love, justice and faith.

## Ministry

One of the main areas of the REMAR program is social justice, ministry and service to others. Activities included:

- weekly Yaraandoo visitation to assist with beauty care and bowls activities;
- cooking and serving Friday Winter Breakfast Club;
- set up and supervision of Parent-Teacher Night Kids Room; and
- raising money for a variety of charities, including Hospice.

During the September holidays, a group of students travelled to Fiji for a 10-day immersion experience. This group did not travel to Fiji as tourists, visiting resorts and other attractions but, rather, participated in a cross-cultural immersion program that took participants off the beaten track to be with local communities and experience, if only briefly, the daily realities of students their own age in Fiji and their communities.

The program included:

- a welcome by the Bishop of Fiji;
- boarding and going to classes at Marist Brothers High School, Suva and St John's College, Cawaci; and
- a three-night village immersion experience.

The Fiji Immersion allowed us to see how people in another part of the world live – an experience that opened our eyes to how lucky we truly are to live in a country like Australia.

The trip also let us try out things we would not otherwise do. We are very grateful for the opportunity to get to know some really amazing people in Fiji.

We were genuinely uplifted by the friendly, warm and welcoming nature of the Fijians.

# Middle Years

**Mrs Alanna Stretton**  
Head of Middle Years

This year the College commenced a middle years' learning program which recognises that young adolescents have particular academic, pastoral and social needs as they make the transition from primary to secondary education.

The middle years' learning program includes integrated curricula structured around themes that relate to all subjects. In Term 2, Medieval Day for Year 8 students and Rome Day for Year 7 students were very successful cross-curricula days, also having a strong pastoral care focus.

A feature of middle years' education is creative 'hands-on' learning. Some examples of the creative 'hands-on' learning that occurred are constructing Roman architecture, Aboriginal art, designing and constructing board-games and infomercials.

The Ancient Rome unit in Year 7 SOSE required students to research Roman architecture, design and build a replica model of their architecture and design an information sheet explaining the interesting parts.

In the Year 7 SOSE Tasmanian Aboriginal history unit, students worked in small groups to explore different topics: clans, roles of men and women, food, clothing and technology, language, Dreaming and culture.

In Year 8 English, two of the classes read *Lockie Leonard*, a novel by Tim Winton. Students constructed their own board game that was based on the novel. In the game they had to include 40 or more question cards, figurines to move around the board, a board to play on and a set of instructions. The finished games looked fantastic and were great to play.

All Middle Years students continued to participate in the Literacy Enhancement Achievement Program. Students worked in small groups four times a cycle to develop their literacy skills. Students were grouped according to their reading grade level – from Grade 1-12. All students were tested in November 2009 and again in November 2010. The results have clearly shown the value of the program with substantial increases in students' reading grade levels.

The concept of students only having two main core subject teachers has contributed to the building of positive relationships between students and staff in the Middle Years. The first two days of the year for our new Year 7 students involved a transition program to assist students into settling in at Marist. The focus of the two days was to make students feel welcome and part of the Marist community. It also aimed to develop positive relationships between students and Year 7 teachers prior to commencing timetabled academic study. Year 8 students participated in a Super 8s Day early in the year to assist them in developing their cooperation and teamwork skills.

Overall 2010 has been a fantastic start to Middle Years at Marist Regional College.

**Mrs Alanna Stretton**  
Head of Middle Years

# Year 7 Homerooms

It was a very successful year for our Year 7 students. The camps held at Camp Banksia, Port Sorell, early in Term 1, quickly enabled friendships to be formed in a relaxed environment. Flip Flop Day, organised by the Year 10 Peer Leaders, was a fantastic way to cap off a busy, yet rewarding term. The last day of Term 2 witnessed our students embracing their gladiatorial spirit for the cross-curricula Rome Day.

Thank you to all our Class Captains for their commitment to their roles and for the support given to the Year 7 Class Teachers.

I would like to congratulate Jonty Fahey on a very successful academic year. Jonty's award for his science project is testament to the dedication and commitment he gives to his study. Congratulations to Jake Bergman who had an outstanding swimming season. I would also like to acknowledge Zoe Crawford's successful season with the NSATIS Hockey team.

On behalf of the Year 7 students I would like to thank the Year 7 Class Teachers, Miss Amy Barwick, Mr Peter Budzul, Miss Leah Englund, Mr Marcus Rossetto, Mrs Ann Whitmore and Mr Xavier Williams, for their commitment and support throughout the students' first year at the College.

Last, but not least, I wish the Year 7 students of 2010 all the very best as they continue their journey at Marist Regional College. May all your future ambitions come true through hard work, dedication and commitment to studies.

## Year 7 Fair Dinkum Flip Flop Day

On the last day of Term 1, Mrs Horniblow and the Year 10 Peer Support Leaders organised a Fair Dinkum Flip Flop Day so that the Year 7 students could get to know their Peer Leaders.

We could choose any theme for our costumes.

We raised approximately \$250 from the barbecue lunch and gold coin for casual clothes.

As 7W was the winner of the Fair Dinkum Flip Flop Day Tug of War all money raised went to their chosen charity – the Asthma Foundation.

Monty Roberts, 7W.

# ROME DAY

Year 7 Rome Day was held on the last day of Term 2. Starting with a Fashion Parade, students strutted the catwalk. We were impressed by the effort that went into many Roman costumes.

The Class Captain Dress Competition followed with some entertaining teamwork from our Term 2 Class Captains! After many attempts, and some interesting demonstrations of how to put on a toga, we were finally able to have recess.

Following recess, 7B and 7D were first up for the Tug of War challenge. 7D went through to round two and took on 7P, who won convincingly over 7E. With 7D progressing to the finals, the pressure was on 7W and 7X. It came down to the third game with 7W pulling through as the stronger team. 7D proved too strong for 7W in the final, winning two out of the three games.

The Gladiator Wrestling proved a popular activity. The aim was either to get your opponent down or

to push them off the mat. The boys were up first and were very serious about the competition. The girls took a lighter approach with more giggling than actual wrestling! The day concluded with a Chariot Race on the oval. The chariots were well designed and looked amazing.

I would like to take this opportunity to thank Mrs Stretton and the Year 7 Class Teachers for all their hard work leading up to the day and for their support and enthusiasm throughout the challenges and activities. Thank you to the Student Representative Council for their help in preparing the BBQ.

Last, but not least, I would like to thank the Year 7 students for their enthusiasm, sportsmanship and dedication.

Miss Nicki Pitt  
Year 7 Coordinator

# YEAR 7 CAMP

The format for the Year 7 Camp for 2010 reverted to that of previous years. Three Class Teacher groups (7D, 7W and 7X) set off for Camp Banksia on Monday, February 15. The remaining three Class Teacher groups (7B, 7E and 7P) joined us on Wednesday, February 17 for our Ash Wednesday Liturgy and some team building activities. After a shared lunch 7D, 7W and 7X headed back to Marist while 7B, 7E and 7P remained.

The theme for the camp was "survivor". Students were allocated a "tribe" and the tribal challenges included: tying four different knots, building a shelter that could withstand a bucket of water thrown at

it, building a raft that needed to hold a small toy, creating a distress signal, creating a map and instructions using a compass and designing a new sport. I was very impressed with the manner in which the tribes worked together to achieve their goals and token rewards.

Renewal was also a major focus throughout the camp. Topics explored included: looking at our College values and history, recognising our gifts and talents, friendship and conflict and a Liturgy which looked at taking our gifts with us. During the Liturgy we discussed what it meant to be a WEST person (Welcoming, Encouraging, saying

Sorry, and saying Thanks) and being a giver in preference to being a taker.

No-one from 7B, 7E or 7P will ever forget the vegemite and cheese challenge! Congratulations to Zoe Crawford who took first place and, of course, there was the baked beans competition which Emily Lamb won very convincingly!

I would like to take this opportunity to thank the teachers and support staff who attended the camps. Without the support and dedication of many staff members, the camps would not have been such a success story.

Congratulations to the following award winners:

#### Initiative awards

Jake Wolfe, Ashleigh Swain, Jacob Hanson, Katelyn Cramer, Nick Wood, Brad Wescombe, Matt Donnelly, Allyce Rocher and Danae Ling.

#### Community Builder awards

Lachlan Mason, Gemma Winton, Jack Tunstall, Gabrielle Viney, Molly Mitchell, Angus Thomson, Bryce Butler, Tysin Chatwin, Jake Bergman and Emma Hill.

#### Respectful to Others awards

# Year 8 Homerooms

**Mr Thomas Lamb**  
Year 8 Coordinator

2010 featured many exciting activities including the picnic at the Ulverstone waterslide, Medieval Day and the inaugural Super 8s Day plus many personal achievements by students.

Ishka Heart and Blake Peiper gave dynamic performances as leads in the school musical *Back to the 80's*. Few could forget Cale Barrett's wonderful National Championship winning efforts in Snooker while Hugh Plats' successes in the school and State swimming championships thrilled everyone.

Connor Parke and Jacqueline Smedley, along with many others, achieved outstanding academic results and all these factors combined to make the 2010 Year 8 cohort a truly memorable group.

Medieval Day was a great way to conclude our studies of Medieval History throughout Term 2. It was great to have some of the senior students being involved and helping out with the various activities. On Medieval Day all Year 8 students participated in a series of activities such as medieval cooking, scavenger hunt, calligraphy, stained glass window making and archery.

# MEDIEVAL DAY

We started the day with a medieval fashion show. We had the chance to choose which activities we wanted to do. All the activities were lots of fun. After the activities concluded, we dined medieval style, with potatoes, peas, corn, carrot and roast!

We finished the day with a movie, *A Knight's Tale*. All up, we had a great day and it was fun for everyone.

Shelby Hay, Kirra Ryan  
and Nic Jones

# SUPER 8s DAY!

Super 8s Day was a great success. Everyone improved teamwork skills and enjoyed all the tasks. The highlight of the day was Go, Go, Stop. Other activities included: Make a Monster, Toxic River, Mind Games, Egg Drop and how many people can fit on a tarp folding it every time you succeed.

The most challenging event was working in pairs while one person was blindfolded. The 'blind' person had to fill a cup and empty it into a 2L bottle following the instructions of their 'sighted' partner. The egg challenge brought up some wonderful ideas, especially from the group who connected the straws to lower their egg safely to the ground.

We all enjoyed the change from daily school work while still learning many things and having our brains stimulated Overall, it was a memorable day for all!

Jiven Chartrain, Amy Coull, Steven Cable, 8V

# Year 9 Homerooms

**Mr Adrian Pearce**  
Year 9 Coordinator

What a year it was! 2010 was action-packed and fun-filled from day one. Relay for Life was our first organised event, in which 30 students participated. Although the weather was unpleasant the results were fantastic and it was a very enjoyable experience for all involved.

Next on the schedule was Harmony Day that consisted of students participating in a variety of activities, guest speakers and a barbeque lunch – which made it all the more enjoyable.

Year 9 Renewal saw the group venture west to Wynyard for a day filled with emotion. We had two amazing guest speakers who told their life stories and certainly made an impression.

What had already been a fantastic year was made better by the much anticipated Year 9 camps. We scattered all over the State and participated in some amazing activities. Thanks to all staff who gave up their time to support the Year 9 camping program, which for many students is the highlight of their time at Marist. Our picnic at Boat Harbour brought to a close a great year.

Many thanks to all staff for their wonderful assistance and generosity in helping to make Year 9 such a memorable experience for all!

**Mrs Wendy Horniblow**  
Year 10 Coordinator

I always find it very satisfying and pleasing to witness the developing maturity of the Year 10 students as they work through the year and become aware of the connection and significance between school learning and their future career paths.

Thank you to the Peer Leaders and Class Captains for their support and assistance they have provided to the Class Teachers and myself.

Congratulations to all those students who applied themselves to their studies and achieved academic success, particularly to the joint duxes of the year, Madeline Marshall and Alexander Gaggin.

Thank you and well done to those students who participated in College sport and cultural activities. The Dinner, as always, was a highlight of the year and a fitting celebration.

My best wishes to you as you continue on your educational and vocational pathways in 2011.

# Work Experience

Year 10 Work Experience was conducted in the last week of Term 2. The aim of the week was to provide all Year 10 students with the opportunity to venture into the workforce and experience the demands and challenges of working five full days and in some cases shift work. The most popular occupations again this year were Hospitality, Education, Building and Early Childhood. One of the most pleasing aspects was that all students participated in the program and can now state they have experience in the work force, have an up-to-date resumé and can write an application letter at any time if required.

Many of the students were particularly nervous yet, at the same time, excited at the prospect of working away from the College. Work Experience week is designed to broaden and inform the student of future career pathways and gain first-hand experience. The program is now a central component to the Vocational Education Learning (VEL) course.

Marist Regional College remains indebted to the many employers and businesses for their ongoing support to the Work Experience program. Without the support of the wider community the program would not exist.

Students gained placements locally and interstate. These placements included working with the Hawthorn and Richmond Football Clubs, the Supreme Court in

Burnie, the Burnie Art Gallery, B and S Furniture, Stubbs Construction, De Jong Building, Angus and Robertson Booksellers, numerous primary schools, Cloverlea and Plant Plus nurseries, Somerset Pharmacy, Wilkinson's and Boland's pharmacies, Grange Resources, The Circular Head Chronicle, Roger Spinks Plumbing, Hotondo Homes, Contours and Healthglo gyms, numerous hair salons, Supreme Detailing, Alpha Electrical, Retire Investment, the RSPCA, the State Library and a host of other businesses. Our thanks to all the employers for their time and willingness to support our students in gaining this life experience.

Although it has become apparent that many of our students cannot be placed in the allied health fields due to privacy issues, it is very pleasing that the University of Tasmania's Rural Clinical School has developed a Year 10 careers camp which has been most beneficial for many of the Marist students aspiring to enter this career pathway.

My thanks to the VEL teachers Mr Schmidt, Mrs Thynne, Mr Sheahan, Mr Hall and Ms Harrison for their support throughout 2010.

# DINNER

# Senior College Homerooms

**Mr Peter Keegan**  
Senior College Co-coordinator

**Ms Ann Roberts**  
Senior College Co-coordinator

**SCA - Mr John Ashwood**

Senior College got off to a great start with our Year 12 Retreat where students and staff forged close working relationships. The Masquerade Ball was a resounding success with students demonstrating their ballroom and freestyle techniques; a great night was had by all.

The mid-year exams provided an opportunity for students to gauge their progress and gave them focus for settling into the necessary productive study patterns in readiness for the end of year exams. Many Senior College students were involved in NSATIS sports, the musical, SRC, REMAR and other extra-curricular activities.

Some Senior College students enjoyed a trip to Japan, Fiji, skiing on the mainland and participating in National

and International competitions. Students completed units in academic, university level courses and VET. A considerable number of awards were won in subject specific competitions.

Our end of year graduation activities were a resounding success, including the Mystery Bus Tour, Year 12 Breakfast, Graduation Mass and Ball.

The Senior College results were exceptional with 21% of Year 12 students achieving an ATAR above 90%, 27% achieving an ATAR above 80% and 43% achieving an ATAR above 70%. Congratulations to all the Senior College students – we wish you all the very best for the future.

The Year 12 Retreat forms an important book-end on a student's personal, spiritual and faith journey during their time at Marist Regional College.

This year, the Retreat was once again held at Rutherglen Holiday Village, Hadspen, a location chosen for its distance from the distractions of city life.

Retreat is an opportunity for all students to reflect on life and the choices they are making. Just as Jesus retreated to the desert for a time, far away from the secular world to focus on the spiritual, we too need time away from the day's distractions to gather a different perspective on life and on our chosen path. This "act of retreating or withdrawing ourselves", is the equivalent of stepping back from a painting to look at it with new eyes. Retreat is a chance to step back or step away from the ordinary in order to see our path from a fresh perspective.

This year's Retreat was enriched by a workshop run by Catholic Youth Ministry's Fr Richard Ross. The Whitleion Organisation helped empower our students by encouraging

them to set life goals and take real steps to meet them. Our thanks go out to Nick Clements and Cameron McGlinchey for their work in this area. Stuart Wright, from Ucando, helped set the tone for academic study in 2010 with workshops on learning theory, brain theory, motivation, study skills and goal setting.

The Year 11 Renewal Day provides an opportunity for students to spend time reflecting on significant issues with their peers under the guidance of their Religious Education teachers and guest speakers. Bernadette Black, a teenage mum, spoke to Year 11s on the gift of a teenage life.

**I found Year 11 Renewal to be a very informative day. Bernadette Black's talk to us, on her experiences of teenage pregnancy and how she overcame her struggles and raised her baby, was enlightening.**

# SWIMMING

The annual swimming carnivals were a huge success this year, with incredible participation from students in all age groups. Many students participated in freestyle events, novelty events, volleyball and the incredibly popular iron person races. The "Best Dressed" competition was again popular. Despite strong competition, Tom Hartley's interesting interpretation of Robin Hood won.

The senior carnival had many outstanding individual performances, especially Zoe Gee, Jacki Cook, Sam Edmunds, Joe Pfund, Ben Hill, Diew House, Lily Horniblow, Emma Lovell, Laura Wood, Jenna Schumann and Liam Keegan. Zoe

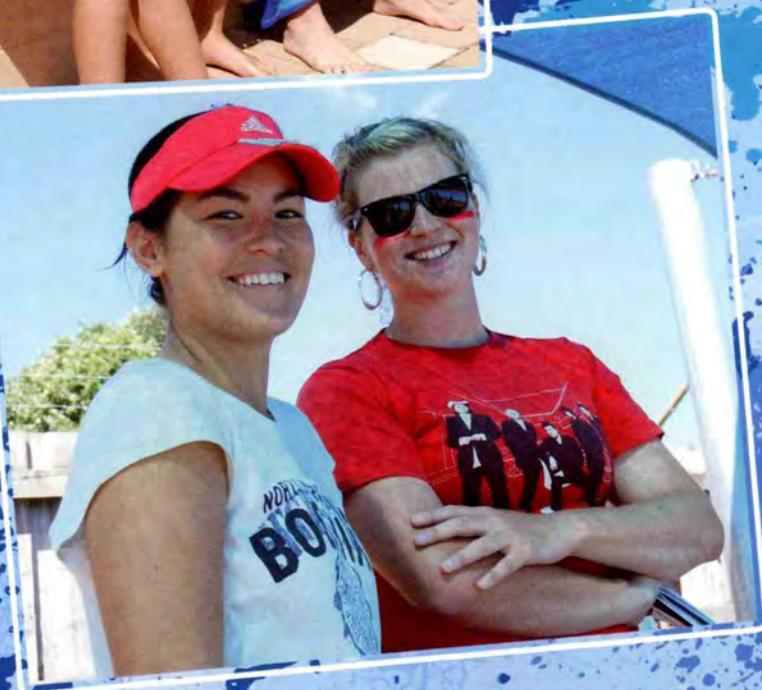

Gee was milliseconds from breaking the 50m Open Girls freestyle record. Colin took first place on 2336 points, 300 points ahead of Frayne.

At the junior carnival, Colin again won the carnival with 1565 points. There were many competitive individuals, in particular: Emma Hill, Zoe Crawford, Jake Bergman, Isobel Horniblow, Kaylee Hardy, Levi Quilliam and Hugh Plats.

Thank you to those who helped on both days, the SRC for their organisation of the BBQ and encouragement of House spirit and, finally, to all the students who joined in the fun!

# CARNIVAL

# ATHLETICS

There were many outstanding performances at the 2010 Athletics Carnival. Morgan Gaffney broke the Open Girls 200m record, running the slippery time of 25.87. The 1984 javelin mark of 44.35m was broken by Robbie Fox with a throw of 44.68m. New triple jump records were set by Sarah Radford (8.61m), Gabriel Dennison (9.54m), Montana Bradley (8.25m) and Lachlan Weller (10.79m).

Laura Wood broke the Under 15 Girls 1500m record of 5.34.84 by a mere second and the Under 15 Girls 3000m with a time of 12.14.97. Leah Waldhauser smashed the Open Girls 1500m record of 5.09.94 held by Jayne Engwerda with the fantastic time of 5.06.08, and well and truly smashed the Open Girls 3000m record of 11.56.00 with a time of 11.13.03.

Boys 3000m new records – U13: Gabriel Dennison 10.53.16; U14: Harrison Bradley 11.58.87; U16: Harry Davey 10.34.73; Open: Robbie Fox 10.22.80.

Points: Colin 8484; McAuley 7825; Chanel 7289; Frayne 6383.

# Japanese Trip

In June a group of Year 10, 11 and 12 Japanese students visited our sister school in Kochi to learn more about Japanese culture. We started with a week of travel, getting to see and do amazing things like eating okonomiyaki in Hiroshima, climbing a mountain at Miyajima, visiting temples at Asakusa, travelling around the old capital of Kyoto and seeing many wonderful temples, all of which were spectacularly beautiful.

One of the highlights for me was Hiroshima. At the peace museum we learnt about the day the first atomic bomb was dropped. We were so inspired by Hiroshima that we folded 1000 paper cranes to leave near a statue dedicated to the young people who died that day.

Finally we made our way to our sister school in Kochi for a two-week stay and were reunited with our friends who visited us a few months earlier. Mai, my host student, took me to the Yosakoi festival, to dinner for yakiniku (Japanese barbeque) and to school in Japan. Saturday school was interesting! I had a wonderful time and I am so thankful to our teachers who helped make it possible. Thank you, thank you and thank you.

# BACK TO THE 80's

...THE TOTALLY AWESOME MUSICAL!

*Back to the 80's* is an appealing story as the songs are well loved by so many people and the bitter sweet memory of that challenging and heart wrenching last year at school is close to the hearts of most of us. This cast is talented, vibrant and shows great commitment. The staff team is enthusiastic, skilled and experienced in their artistic areas. It has been a rewarding experience to work with them.

# Ski Trip

During the September school holidays, Senior College students were given the opportunity to travel to Mount Hotham for a fun-filled week of skiing and snowboarding.

Once we had arrived, we checked into the Snowbird Inn – our home for the next week – and went to hire our snow gear. Mornings consisted of a two to three hour ski and board lessons and we were free to traverse the mountain with friends in the afternoon. The snow quality was great and we often skied until dark. On Wednesday we even went night skiing at the 'Big Dipper'!

Snowball fights, toboggan races and "snowperson" building were other popular night time activities.

We were also given the opportunity to participate in the Tasmanian School Snowsports Competition. Tom Rimmelzwaan won first place in Division A male skiing. Nikki Gibson, Ben House and Jack Newling all won first place across the B grade divisions. Dominic Spinks came 2nd in the C Grade male skiing.

We all had a lot of fun at Mount Hotham and everybody had a great time! Thanks to Mr Wayne Gale, Mrs Chelsea Gale, Mr Joe Pearson and Mrs Sue Viney for accompanying us on a wonderful trip!

Students once again represented the College in the Australian Mathematics Competition and the Maths Relay with great success. Students continue to find the challenge very rewarding!

## Mathematics relay

On August 8, eight students made up two teams of four to compete in the Tasmanian Mathematics Association Annual Relay. Teams have a maximum of 45 minutes to solve 20 questions, competing against other schools from the North West region. Marist entered a team in both the upper and junior secondary divisions with each team finishing in a creditable second position. Many thanks go to Ms Ann Burke and Mr Richard Holwill for their marking duties and encouragement on the day.

## Mathematics competition

In August more than 30 Marist students entered the Australian Mathematics Competition. The school was awarded three proficiency awards and 12 credit awards. distinctions were awarded to: Jonty Fahey, Hayden Medwin, Alice Djacic, Dylan Cowgill and Alexander Gaggin. Lachlan Mason from Year 7 achieved the College's only high distinction.

The students, teachers and support staff must be congratulated on an excellent year in mathematics.

It has been a highly creative and rewarding year in the English Faculty. Three students entered the Voice of Youth Public Speaking Competition in May. Catherine Gaggin, Melissa Redman and Emily Mackrill, presented a prepared speech of up to eight minutes and a three-minute impromptu speech. The students certainly reaped the benefits of the public speaking workshops conducted at Marist by Mrs Tess McDonagh as they were all commended on their enthusiasm, insight and courage in partaking in this challenging event. I would like to congratulate them for their hard work leading up to the competition.

Senior College and Year 10 students attended a lively presentation by acclaimed Australian poet Geoff Goodfellow. The presentation centred on Geoff's battle with throat cancer and other significant stories from his life. Geoff's style of poetry was originally written for the "working class" but, from the enthralled response of his listeners, it was obvious anyone can benefit from hearing his works.

Many of our Year 7 and 8 English students entered the "Chocolates in Rhyme" poetry competition as part of the Chocolate Winterfest held in mid-July in Latrobe, celebrating all things chocolate. Congratulations to Alice Djakic who was a joint winner in the junior secondary section with her poem *I Am Chocolate* and Emily Lamb who was a joint runner up with her wonderful *Aztec Chocolate*. Both girls attended the Chocolate Winterfest to read their poems to a delighted audience. Congratulations also to Kate Willmot who received a highly commended for her outstanding poem.

I encourage all students to continue to take up the many creative challenges offered in their secondary schooling.

## Season

Winter is long gone  
The last snowflake melted  
Into the swimming pool which is full  
Full of swimming mosquitoes  
Leaves from autumn twirling on the surface  
Turning in rhythmic circles  
As we dive in, fully clothed  
And hide our dripping ice cream  
From spring's dated insects  
In the fading summer's light

**Emily Mackrill - 9G**

## Winter

To wake on morn of Winter's cry,  
A sudden, quiet start;  
And know that all of all your dreams  
Rest silent in your heart.  
Unknowning, beginning motion  
Switching off, on, subtly -  
Blindly light the torch of Hecate.  
The notion of a complex potion.  
Light dims horizon,  
Finding death in its own birth;  
Shriek of life and pain.

Parrots  
Feathers like silk,  
Beaks like rocks  
Their eyes are stars,  
Peering out of the tree  
Soaring like a plane,  
Screeching like a monkey  
Landing swiftly in a tree,  
Colouring the greenery  
With rainbows

Faculty Head Science

It has been a productive year for the Science Faculty at Marist. We welcomed Dr Nigel Minchin to the staff to teach Chemistry and Physical Sciences in Senior College, Year 9 and 10 Science. Dr Peter Pullinger resigned at the conclusion of Term 1 to pursue business interests. We welcomed Ms Kiran Dhot to take on Dr Pullinger's teaching load.

Mr Darren Cox and Mrs Anita Duraj accompanied a large group of students to the regional heats of the Science and Engineering Challenge held at Devonport on July 13. The students performed well and progressed to the super challenge in Launceston, running into some very stiff opposition. Marist was placed third or fourth for most of the day; however, with the afternoon being particularly challenging, finished well down the list. The event proved

to be an excellent learning opportunity for the students in teamwork and applied science and technology. A big thank you to Mr Cox and Mrs Duraj for their help on the day.

We also had 228 Marist students participated in the International Competitions and Assessments for Schools (ICAS) Science Competition. Congratulations go to Year 9 student William Sikora who achieved a high distinction placing him in the top two percent of Tasmanian students in Year 9. The following students achieved distinctions placing them in the top 10 percent of Tasmanian students:

**Year 7:** Zoe Crawford

**Year 8:** Georgia Cottnam

**Year 9:** Danielle Anstis, Bradley Bell, Dylan Cowgill, Brendan Faulks, Kelsey Johnstone, Alexandra Kear, Emily Mackrill, Lee Mason.

**Year 10:** Domenic Colpo, Brent Langham, Alexander Licht, Grace Potter, Zachary Whiteley.

Our students also received 51 credit certificates. Congratulations to all students who participated. The results obtained in this competition are a good reflection of the commitment and dedication of the Science Faculty teaching staff.

Marist has again been successful in having a student gain a place at the National Youth Science Forum (NYSF) held in Canberra during January. The NYSF provides great opportunities with places being limited and competitive.

## Science and Technology Challenge

**Back:** Mr Darren Cox, Alexander Gaggin, Alexander Licht, Nicholas Hayes, Brent Langham, Liam Keegan, Wade Dunham, Zachary Whiteley, Diew House, Declan Fahey, Lee Mason.

**Middle:** Harrison Jaffray, Joshua Un, Samuel Brown, Shannon Heald, Abbey Dowling, Bobbi-Jo Smith, Danielle Anstis, Jarrod Scolyer, William Sikora.

**Absent:** Vikki Wilkinson.

Congratulations to Georgia Jaffray on gaining a place at this event for 2011.

Thank you to Miss Lauren Gray for coordinating the Science Research Competitions. Marist students performed well in the Cradle Coast Science Fair and the Tasmanian Science Talent Search. Thank you also to the many hours that teachers, mentors and parents devote to students undertaking research projects. Your help is greatly appreciated.

In 2011, we will see some changes to the Science Faculty. Mr Wayne Gale will take over as Science Faculty Head with the challenging task of beginning the implementation of the Australian Curriculum. Senior College science has experienced some growth over the past two years. Physical Sciences increased from two to three classes for 2010 and will remain so for 2011. Chemistry and Biology will increase from one class to two for 2011.

I would like to thank Marist Regional College for allowing me the opportunity to be Faculty Head of Science from 2007. Thank you to Mrs Candi Dempster for her support, timely feedback and, above all, encouragement.

Finally, a huge thank you goes to the teaching staff in the Science Faculty. The support, dedication, expertise and collegiality of the Science Faculty have been highlights of my time here at Marist. I wish Marist Regional College and the wider school community all the best into the future.

## Science Competitions

During Term 2, the Science Faculty implemented an inquiry based research unit for Years 7-10. This involved students posing a question, creating a scientific hypothesis and developing and carrying out a testable method. From this, students were to discuss data and draw conclusions. Many of these inquiries were entered into the UTAS Science Research Investigation Awards.

These awards required students to produce a poster and a booklet of their work and present their findings to judges. Judging took place at the UTAS Cradle Coast Campus on August 31. The students who participated did a wonderful job and represented the College proudly.

Prizewinners were:

- Year 7 People's Choice Award & 1st Prize: Jonty Fahey
- Year 9 1st Prize: Emily Mackrill
- Year 9 People's Choice Award: Danielle Anstis
- Best Investigation Year 7/8/9: Declan Fahey

A select group of projects was entered into the Tasmanian Science Talent Search, a competition which included student projects from across Tasmania. Marist students won awards in the following categories:

### Junior Section

- Year 7 equal 3rd prize: Jonty Fahey

### Intermediate Section

- Year 9 equal 3rd prize: Declan Fahey
- Year 9 Merit: Danielle Anstis, Emily Mackrill
- Year 10 Merit: Alexander Gaggin
- Year 10 Participation: Zachary Whiteley, Wade Dunham

Congratulations to Jonty, Declan, Danielle and Alexander who will contest the BHP Billiton Awards in 2011.

## SOSE

It was a very busy academic year for the SOSE and LOTE faculty.

Year 9 student Declan Fahey won the Frank MacDonald Memorial Prize. Mrs Chen and I travelled to Hobart to see Declan presented with his award. We were dazzled by the previous year's winners with their outstanding presentation of the research and activities that they participated in during their trip to Europe. Declan has a lot to live up to and I wait in eager anticipation for his turn to hand over to the next group of winners. Good luck to Declan for 2011.

After three failed attempts due to poor weather conditions, the Senior College Geography class finally made it to Cradle Mountain for the annual field studies trip. While the group was faced with sleet while trekking around Dove Lake, the warming hot chocolates that followed at the chateau certainly revived everyone's spirit.

## Japanese

Japanese was especially fun and very interesting. We learnt greetings and more hiragana. Our class learnt things like introducing a friend, explaining where we live, telling our age, asking which star sign we are and practising for speaking tests. Our class listened to a story about a young girl who was killed in Hiroshima, at the end of World War 2. During August, we discovered more about Tanabata – the Star Festival. We made decorations to hang on long stems of bamboo, each with a wish on them. The highlight of the year was the Taiko Drum performance. It was truly amazing!

Lucy Thamm, 8C

As you can see from the student reports on this page, LOTE has again had a very busy year, hosting visiting students from our sister school Kochi Minami, the bi-annual trip to Japan and a spellbinding performance by Taiko drummers from Hobart.

## French

In Year 7 we had the chance to study two foreign languages. We spent the last half of the year studying French.

In French, we learnt about sounds and accents, as well as masculine and feminine spelling for words. We had fun speaking simple sentences to each other and our teacher, Ms Ball, as a way of improving our speech.

Many thanks to the Year 7 LOTE teachers for the knowledge they passed on to us all and for their dedication. LOTE has been an interesting and fun experience this year.

# Health & Physical Education

**Mrs Amanda Johnstone**  
Faculty Head Health & Physical Education

The Health and Physical Education Faculty consists of the following areas of study:

- Year 7-10 Health and Physical Education;
- Sport Science – Years 9 & 10 and SC pretertiary;
- Outdoor Education – Year 10 and SC (Adventure Recreation);
- Health Studies – SC Pre-tertiary;
- Athlete Development – SC non-pretertiary;
- Physical Recreation – SC non-pretertiary.

We are very fortunate at Marist Regional College to have many experienced Health and PE educators and I would like to thank them for the contribution they have made to the

education of our students in this Faculty. I would particularly like to mention the excellent start to her teaching career made by our newest member, Miss Leah Englund. Miss Englund's enthusiasm, fresh ideas and experience in the gymnastics area have been a real asset to our Faculty and to the College.

## Pierre de Coubertin award

Named after Baron Pierre de Coubertin, the founder of the modern Olympics, the program recognises those students who demonstrate attributes consistent with the fundamental aims of the Olympic

movement, such as mutual respect, friendship, fair play, understanding of others, a striving for excellence and sense of pride in the achievements of others. Importantly, the awards recognise and foster leadership qualities, as well as providing role models for peers to emulate.

This year's recipient is Tom Hartley.

## What is Olympism?

To me, Olympism can be summed up in one single Australian sporting moment. This was a moment that demonstrated friendship, respect and a level of sportsmanship possessed by very few people. It was during the 1956 1500 metre final at the Australian National Championships. On the third lap, with a tussle for position at the front of the pack, Ron Clarke was clipped by the fellow runners and fell. John Landy, the one-mile world record holder at the time, leapt over him but caught Clarke with his spike and injured him. In a spontaneous act of true sportsmanship, Landy stopped, turned back to the fallen Ron Clarke and helped him up to his feet. He brushed him off, and checked his bloodied shoulder and simply said 'sorry'. Landy had stopped, without hesitation, to return to his fellow runner showing genuine concern. With the lead pack now some 30 yards in front of him, he was determined to strive for excellence and get himself back in the race. Landy pushed himself and went on to win the race, only six seconds shy of his world record. Was this a stupid or foolish act that Landy committed by going back to help his fellow competitor and sacrificing what would most likely have been a world record? For me it was a beautiful, selfless, incredible act of Olympism.

Music

The year began in earnest with auditions for the musical production *Back to the 80's* with class singers and musicians focussed on this magical event.

The Burnie Eisteddfod provided a further performance opportunity and a performance goal of excellence for practical work in and out of class.

By the start of Term 2, the recording studio was up and running, providing a means for students to record their performances. This valuable learning tool enhances students' instrumental skills and unearths a wealth of talent, as well as improving students' technological skills.

Rock bands practised diligently in preparation for the Battle of the Bands, run by the Contemporary Music class.

Senior College music students participated in the newly offered university performance course which extended the practical capabilities of our top level instrumentalists Ellie House, Daniel Acheson and Sophie Davey.

The musical was a huge success and our 375 music students had a great year.

Media

Media Production, offered to Senior College students, covers a range of issues and technical skills that allow students to produce their own media and develop an understanding of how consumers are manipulated by advertising, news and media bias.

Students also learn how to use digital imaging software like Photoshop to create and manipulate images, as well as using InDesign for magazine and newspaper layouts. The practical skills encouraged Year 11 Media Production student, Kirsty Bennett, to create a magazine specifically for students at Marist. Her enthusiasm and drive to produce the magazine and her willingness to present her ideas to senior management were particularly impressive.

The result of her efforts was the first edition of *Insight*, a magazine full of stories and images that represent teenagers and their lives in the 21<sup>st</sup> century. Students from all year levels contributed artwork, photos, stories and creative writing. Kirsty aims to have more editions of *Insight* produced in 2011 and will be calling for more student submissions.

## Art & Photography

Students in 2010 thoroughly enjoyed the theoretical and practical components of the Art and Photography programs offered.

It was fantastic to see the creative and inspiring works developed through various design briefs. Over the year students from various year levels entered community events, giving them the opportunity to compete for prizes but, more importantly, to receive public recognition for their work.

## Drama

Many drama classes took part in the Eisteddfod this year, performing duologues, monologues and some successful one-act plays. Our mime team won the perpetual trophy.

The drama department hosted performances by Australian travelling artists SVARGO, Bell Shakespeare, Black Light Theatre and Dennis & Clare. We were also entertained by the performances of Christof.

Our own AfterThree Theatre Company collaborated well to produce *Much Ado About Nothing* which delighted audiences.

Of course, many of our drama students took advantage of the opportunity to extend their drama skills by becoming involved in the College musical *Back to the 80's*.

## MDT

Technology subjects offered at Marist Regional College in 2010 again proved popular amongst our student body. Traditionally popular subjects such as Design in Wood and Design in Metal now sit with newer offerings like Small Engines and VET General Construction Certificate I.

It is hard to capture in a few photographs the busy nature of the subjects and the quality of the work produced. We are continually impressed by the ability of our students to utilise their design and practical skills to their fullest extent.

This year our General Construction course reached into the community when the participating students were commissioned to design, price, quote and construct a chicken coup for the nearby Footprints Educational Complex. This proved most successful and the very happy children received their chicken coup in October with the occasion being highlighted in *The Advocate*. We look forward to another creative year in 2011.

## Home Economics

Food Studies students from Years 7-10 were able to demonstrate their culinary skills and flair for design through the creation of various food items. The twin highlights of the year were the novelty cakes produced in Year 8 and the enterprise of the Year 10 students who sold their giant cookies.

**My favourite moment in Food Studies in Year 8 was decorating our cakes. All Year 8 students were given the task of making a themed cake for a party. The theme could be anything. Some examples were football, Elmo, Hippy and Sesame Street. We also had to make a list of party food and design an invitation outlining our theme.**

**The theme for my cake was 'AFL Grand Final' and it was a football field iced in Hawthorn colours. It was lots of fun decorating.**

Brooke Nolan

## Lifestyle, Fashion & Technology

In Year 7, Fashion uses the design process to create simple objects such as keyrings and a pencil wrap. In Year 8, students have produced more complex projects such as pyjamas. Year 9 students were thrilled with their hoodies, with personalised touches abounding. The highlight of the Year 10 program was the display of students' paper dresses at the Makers' Workshop.

## Introduction to Hospitality

Students have the opportunity to achieve competence in three units of the Certificate I in Hospitality. We focused on a range of basic skills and techniques which were applied to a variety of recipes. They included:

- knife skills and precision cutting;
- mise en place and basic preparation skills;
- use of standard recipes;
- costing food items and workflow planning;
- teamwork;
- presentation and garnishes; and
- kitchen safety and hygiene.

# Learning Resource Centre

It has been an action-packed year in the library. As well as lending around 15,000 items to 123,000 people, we welcomed new staff and assistants.

We have been blessed with the addition of Ms Barb Simpson, formerly of Burnie Public Library. Ms Simpson's effervescent personality has had a positive impact on both staff and students, particularly with the high number of senior students who frequented the library during their study periods. She even inspired Kirsty Bennett and Ben Hansen to be library monitors, sharing custody of our one and only library monitor badge, rearranging our book displays and 'helping' behind the circulation desk. Our unofficial library assistant, Hannah Dodd, reshelfed our books and prepared books for cataloguing and we were fortunate to have Emma Williams, who came to us through Ability Work Skills.

The senior students were also the main entrants in our library quizzes. The constant competitions covered a huge range of topics including Little Britain, horses, James Bond, FIFA, Australian politics, 80s song lyrics, the RSPCA and vampires. We would like to congratulate all our competition winners.

Early in 2010, staff, students and parents became part of our Library Advisory Group, which met to discuss a variety of ideas and issues such as DVD ratings, food and drink in the library, a homework group, parent tutorials and different activities and display ideas. Our thanks go to Mr John Sheahan, Ms Amy Barwick, Mrs Debbie Freeman,

Lillian Stewart, Meg Finn, Zac Whiteley, Ms Lindie Brett, Ms Lissa Williams and special thanks to Mr Michael Ireland.

To celebrate the movie release of *Alice in Wonderland*, we were loaned a number of items by the Makers' Workshop including life-sized paper statues of the White Rabbit and Mad Hatter, myriad cups, saucers and teapots and costumes. To complement the fabulous display, we ran an *Alice in Wonderland* quiz. The 50-plus staff, parents and students who attended the Mad Hatter's Tea Party were thoroughly entertained by Slipstream Circus.

Other displays included an 80s display to fit in with the school musical, Library Lovers, study tips, eyesight testing, Halloween, Twilight, St Patrick's Day and the Melbourne Cup. During Term 2 we staged 'Guess Who's Coming to Dinner', where students had to work out the hidden identity of literary characters such as Dorothy from *The Wizard of Oz*, Scarecrow from *Ice Station* and Ellie from *Tomorrow When the War Began*.

The RSPCA fundraiser, where Mrs Thynne's puppy Salty acted as our mascot while we ate cupcakes supplied by B'Lite Specialty Chocolates, was most successful with just over \$100 collected for the RSPCA.

We've had a fun and full year and would like to wish all staff and students a safe and happy Christmas and New Year.

Librarian/Library Manager

Marist Regional College continued to raise the sporting bar throughout 2010. Approximately 40 students represented Tasmania and a further 40 represented the North West Coast in a wide range of sports across the year. This equates to about one in 11 students at the College reaching a very high level in their chosen sport. The College competed in five State Finals, winning three. We also saw a number of excellent athletics, cross-country and swimming performances that have seen records being broken from as far back as 1984.

A large number of Marist Regional College students were nominated in *The Advocate* Junior Sport Awards, which recognise sporting excellence along the North West Coast, with the College providing six of the 16 finalists and also a team nomination.

## Excellence in sport

Some of our outstanding individual and team performances included:

- Matthew Phillips, who represented Australia in the World Motor Cross Championships in France in September and finished a creditable 15th in the Under 19 age group.
- Five players representing the Tassie Mariners this year and our Year 8 football team running out convincing winners of the NWJFU competition.
- Emma Humphries, who was recognised as the State's most promising junior cricketer by being awarded a Lord's Taverners Scholarship. Emma, a right arm leg spinner and right hand bat, has been training with the State's open female cricket team, the Tasmanian Roar. Emma is also a talented soccer player and scored both goals in the College's 2-1 win against St Mary's College in the State soccer final in August.

- Luke Plane, who made it all the way through to the national final of the 71kg division at the Australian Amateur Boxing Championships, losing out in the final on a points decision.
- Estelle Margetts, who has continued to work hard at improving her netball skills within the TIS programs and also playing a major role in assisting our Year 9-10 girls to win the basketball State title.

## Girls in sport

The dominance of our senior girls has been a real highlight for the College. Leah Waldhauser again took out the All Schools Cross-Country and performed a clean sweep of the 3km, 1500m and 800m at the NSATIS Athletics Carnival and had another strong performance at the SATIS carnival a week later. Morgan Gaffney and Zoe Gee dominated the sprinting events at the northern carnival finishing first and second respectively in the 100 and 200 metres, with Morgan going on to record a win in both events at the SATIS carnival as well.

Year 11 student Tayla Britton continued to impress with an outstanding performance at the 2010 Under 18 Indoor Hockey Championships in Perth, being named "player of the tournament" and being selected for a three-day national training camp, which looks to develop players for the 2015 World Cup team. Tayla was also an important member of the College team that was narrowly defeated in the State final this year.

## Team success

The success and improvement of a number of our College sporting teams has also been pleasing this season, with a number of our junior teams performing well in sports such as soccer, netball, basketball, hockey, tennis, equestrian, futsal and Australian Rules Football.

## State Representatives

**Fourth:** Brendan Ward (squash), Connor McCreadie (rugby), Casey Radford (football), Angus Cumming (golf), Zachary Hislop (football), Mitchell Futcher (hockey/cricket), Robbie Fox (football).

**Third:** Cameron Ward (squash), Alexander Gaggin (futsal), Evan Smith (hockey), Liam Keegan (surf life saving), Benjamin Hill (surf life saving), Eli Templeton (basketball), Lachlan Weller (athletics).

**Second:** Tallissa Wilson (basketball), Kelsey Johnstone (basketball), Estelle Margetts (netball), Lily Horniblow (surf life saving), Laura Wood (surf life saving), Emma Humphries (cricket).

**First:** Catherine Gaggin (futsal), Zoe Crawford (hockey), Jemma Kenworthy (hockey), Chloe Leary (hockey), Nikita Jago (hockey), Tayla Britton (hockey), Ebony Grey (hockey).

Some team highlights included:

- our Senior Girls Soccer team winning the SATIS State final,
- our Senior Girls Hockey team making the SATIS State final but being narrowly defeated, 1-0 in overtime,
- our Senior Boys Seconds Basketball team winning the SATIS State final and our Boys Firsts narrowly losing the final,
- our Year 9-10 Girls Basketball team winning the State Championships in Kingston.

I would also like to make mention of the impressive performance of the Marist Regional College golf team at the State Championships. The team, consisting of Angus Cumming, Mitchell Clark and Kurtis McNeair (pictured left) was the only team in the championships with three players playing off a handicap of less than 10. The team had

the best score off the stick for the championship and was only beaten once handicaps were brought into play.

## Participation

More than 600 of our students take part in some form of team sport during the school year and none of it would be possible without the amazing support and contribution of a number of staff, parents and volunteers, so we are very thankful to these people. I would especially like to recognise the contribution of our Health and Physical Education staff members who have given countless hours of their own time to ensure that students can choose from a variety of options in sport.

In 2010 Marist Regional College was represented by three tennis teams. We entered a boys team in Division 1, and both a boys and a girls team in Division 2 of the NSATIS competition.

The roster consisted of eight matches against the following sides: St Brendans Shaw College, Launceston Church Grammar School, Scotch Oakburn College and St Patrick's College.

Montana Bradley received the Most Valuable Player award for the girls while Caleb Hislop was awarded the Best and Fairest for the Boys Firsts. Connor Parke received the Best and Fairest for the Boys Seconds.

It was a successful year with many new players joining both the boys' and girls' training squads.

Tuesday, March 23 saw a team of 40 students travel to Launceston to represent Marist Regional College at the SATIS Swimming Carnival. The team represented the College in an outstanding manner and despite being up against some very talented swimmers we had some pleasing results, personal best times and a fun trip.

Isobel Horniblow was our standout performer at the carnival and produced some strong results in Division 1, notably her fourth place in the Under 14 Breaststroke. Hugh Plats, Emma Lovell, Levi Quilliam, Sam Edmunds, Zoe Gee, Joe Pfund and Jacki Cook had some excellent swims throughout the carnival.

It was pleasing to see the improvement of our junior swim team over the past few weeks. Congratulations to all students who participated in the event.

On July 6, our NSATIS team travelled to Symmons Plains to compete in the All Schools Cross-Country.

We had some very good performances on the day coming third overall. Leah Waldhauser won the Under 20 Womens both in NSATIS and overall, with a fantastic run as always. Laura Wood put in a strong run to take first place in the NSATIS and third overall in Under 16 Girls. Chloe Gillett placed third in the Under 17 Girls NSATIS race.

Strong individual performances saw the Under 15 Boys win their division. Lachlan Weller was the NSATIS winner in this division and Nicholas Mitchell ran in third. In his first year of running for Marist, Gabriel Dennison came second in the Under 14 Boys NSATIS race. Finally, Harry Davey raced strongly for a third in the NSATIS Under 17 Boys race.

**Under 20 Men:** Tom Hartley 38:10; Ethan Johnstone 38:21; Angus Cumming 39:16; Mitchell Clarke 39:42. **Under 20 Women:** Leah Waldhauser 25:20; Krystal Blyth 30:31; Jackie Cook 33:50. **Under 18 Boys:** Robbie Fox 23:28; Sam Wood 25:18; Tom Mitchell 25:50; Ben Dunn 29:02; Brodie Mihocek 29:11; Tyler Parker 29:13. **Under 18 Girls:** Zoe Gee 18:39;

# SOCCER

## NORTHERN MATCH

Our Senior Girls Soccer team made history this year taking out both the Northern and State Premierships. Catherine Gaggin and Sarah Cowan reveal how the girls captured both titles.

Catherine Gaggin: "Two wins, one draw and three losses, and somehow we made it into the NSATIS final on August 4 to face off against longtime rivals St Patrick's College, who had been undefeated for the last 12 years. The first half was dominated by St Pat's who pressed forward at every opportunity, pushing our defences to the limit. We pushed on, and amazingly Chloe Gillett's right foot found the back of the net, and we went 1-0 up.

The second half was far more evenly matched and the combined forces of Sophie Coldicutt and Meagan Kiely in the midfield, and Laura Wood, Tegan Mevissen and Katrina Cowan in the back, gave us a solid platform. After a number of shots on open goals, Emma Humphries made it 2-0 and the damage was done. Marist came out victors, 2-1."

Sarah Cowan: "The following weekend the girls travelled to Hobart to take on St Mary's for the title of State Premiers.

The game started with an immediate onslaught from Marist. Despite the presence of two TIS players in the St Mary's team, Marist

## SOUTHERN MATCH

dominated the first half with Emma Humphries practically walking around the keeper to score the first goal. That goal gave us a halftime lead and a good chance of winning the shield.

St Mary's came out fighting in the second half and levelled the scores within the first 10 minutes. They peppered the goal but Cat Caggin's spectacular saves kept the scoreline even. Our defence picked away at their forwards, with Carlie Freeman doing a fantastic tagging job. Chloe Gillett made a run up the wing in the final 10 minutes of the match. A push to the ground put us on the edge of the penalty box and Emma Humphries put the ball in the bottom corner.

Meagan Kiely dominated the midfield, Tegan Mevissen cleared the ball at every opportunity and Laura Wood pushed through injury pain as we finished the game in fine form and came back to school with the shield in hand, 2-1 victors over St Mary's.

We are very grateful to all our supporters and to Sam Wood for running the line. Many thanks to manager Liz Cowan and a massive congratulations to every single one of the girls who were a part of the team this year. Even if you didn't get much of a guernsey on the day your efforts all year helped us through to the final."

# Netball

Our NSATIS team travelled to Lismore, NSW in June to participate in the Australian Marist Schools Netball Carnival. Although the girls did not win any matches, they were very competitive and all played well. Danielle Bracken was one of the outstanding players of the tournament and polled several votes in her matches.

More than 60 students participated in seven teams in the Burnie Netball Association winter roster for 2010. Congratulations to Year 8 MRC 4 who were premiers this year. The Year 7-8 team and MRC 1 were runners-up in their divisions.

Marist fielded two teams in the North West Schools' Netball Carnival held in November. Both teams played exceptionally well, coaching themselves for most games.

Congratulations to all players who participated this year.

On Thursday May 13, three Futsal teams from Years 9 and 10 travelled to the Upper Burnie Sports Centre to compete against other North West schools in a futsal competition.

We were up against a few schools, with Burnie High School dominating all rosters. The day was very successful with wins in the Under 16 Boys and Under 16 Girls competitions.

The Year 10 Boys were undefeated with a very intimidating team. Erik Pedersen and Alexander Gaggin played outstanding all day with Jacob Langham surprising everyone with his speed and skill. It was no surprise that these boys won their competition.

The Under 16 Girls team, although underestimated, easily took home gold medals, with an undefeated run as well. All girls played exceptionally well, both individually and as a team. Emma Humphries had a great day, easily slotting goals past the Burnie High School keepers.

Well done to all students who participated and many thanks to Mr Brett Argent, Mr Derek Griffiths and Miss Sarah Cowan for their coaching.

The College also entered four teams in the North West Under 14 Futsal titles and was well represented with two Year 7 teams and two Year 8 teams.

The competition was very close throughout the day and all teams came away with at least two out of four wins in the qualifying rounds.

Marist A, coached by Ben Dunn and Robbie Fox, and Marist C, coached by Sam Wood, finished in second place in their respective pools and played off for a place in the final.

Despite Mitchell Stanley's outstanding goal keeping, Marist A had their first loss for the tournament in their semi final and finished the day in a respectable third place.

The other Marist semi finalist, made up of all Year 7 students, put in a great showing to push the eventual tournament winners to a 4-2 score line. With Jack and Nick Wood firing and Sinjon Wiseman, Jaidyen Cox and Tate Townsend playing well, the fourth place finish was an excellent effort for the team.

A big thank you to Mr Eddington for assisting with the day.

# Hockey

On Friday, August 13, the NSATIS Girls Hockey team travelled to Hobart to play The Friends' School in the State final.

After a successful season taking out the NSATIS premiership, the girls were determined to put up a great show against Friends'.

Right from the starting whistle, our girls showed their supreme skills by putting together some great passes to dominate the opening half. Scoring opportunities were thwarted by the excellent goalkeeping from the Friends' goalkeeper.

The second half was more even with Friends' having some opportunities to score but great defence from Nikita Jago, Alex Mainwaring and Cailin Ogston in goals held out the Friends' attackers.

With the score remaining at 0-0 at fulltime, two 7-minute halves of extra time were played to obtain a result. A very even contest resulted and, with two minutes remaining in the second period of extra time, Friends' gained a short corner which they converted, much to our girls' disappointment.

All girls played their best with special mention to Alex Mainwaring (3 votes and best on ground), Nikita Jago (2 votes) and Cailin Ogston (1 vote).

Congratulations to all girls on a fantastic effort in this game and on all of their achievements throughout this season in making the State final.

On Monday, August 23, the Year 7-10 Schoolgirls Hockey team played against Parklands High School in the play off for third position. The girls did an excellent job in winning their match, 5-1. Jemma Kenworthy and Tiffany Gregory scored two goals each and Clrys Hursey scored one. Well done to

all the girls for a great year, and for everyone turning up to each game and having a great time. I'm proud of all of you and hope to see you next year.

# Equestrian & Surfing

**From left:** Abbey Campton, Lauren Smart, Montana Broomhall, Holli Hofing, Elise McArthur, Cheryl Roberts (coach), Kristyn Cowley, Ellie Smith, Stephanie Cowley, Allison Burgess.

In March, Marist entered three teams in the annual Interschool Horse Trials with students ranging from Years 7-9. The competition was a one-day event requiring the horse and rider combination to complete a dressage test, a cross-country course and a round of showjumping.

Cross-country and showjumping were definitely the Marist horses' forte and all horses and riders were to be commended on their efforts. When all the scores were

totalled, Marist unfortunately didn't place, but all in all a wonderful weekend was had by everyone. Hopefully we can try again next year.

A big thank you goes to our wonderful coach Cheryl Roberts for her support and help. Also thanks to the parents who took all competitors to the event and volunteered to sit on jumps.

## Surfing Team

**Back:** Keenan Jackson, Thomas Cure, Cameron Graham, Benjamin Hill, Liam Keegan, Alexander Fairbrother, Ashley Howard.

**Front:** Maddison Viney, Emily Probert, Jessica Cure, Sarah Cowgill, Gabrielle Emmerton, Georgia Bradley, Mica Schmidt, Isobel Horniblow.

In April, the biggest State junior surfing contest of the year took place at Clifton Beach near Hobart. Our team of 24 students was the largest team in the competition.

While our main aim was to enjoy surfing and become familiar with competitive surfing, we were very pleased with our results. We convincingly won the teams event in the Boys High School Division 2. Sarah Cowgill was third in the Open Girls Division 2. Courtney Schmidt surfed well to finish fourth in the High School Boys Division 2. Ben Hill and Liam Keegan also performed well in this division. Well done also to Emily Probert and Maddison Viney.

Students are to be commended for their exemplary behaviour, cooperation and sporting behaviour. Special thanks are extended to Miss Bonnie Court, girls' manager, and to parents Michael Schmidt and Marty Viney for their assistance in transporting the surfboards and organising students during the day.

# Student Achievements

## Frank MacDonald Memorial award

Declan Fahey worked tirelessly at his successful attempt to win the Frank MacDonald Memorial Prize. This prestigious competition is open to all Year 9 students in Tasmania. The prizewinners travel to Belgium, France and Turkey in 2011 to visit World War I landmarks and battlefields.

Declan won this award for a very touching, historically accurate essay about the Gallipoli campaign and the ANZAC legend. He used a range of different information sources, both primary and secondary, demonstrating his understanding of the attitudes and values of this terrible time in history with compassion and empathy. Declan used this evidence and information to create an effective argument. He did this not only as a story-teller but by showing his ability to analyse and interpret the question he was required to address.

Congratulations Declan on this prestigious award.

## Premier's ICT Mobility Award

Throughout 2010, Luke Fletcher developed an iPhone application designed to be a time saving, paperless, intuitive and efficient way to record "on call" and "callback" details for busy doctors working in a hospital environment. The application, entitled *Overtime*, organises this information into a pay statement which can conveniently be emailed to the hospital pay office.

Luke submitted his application to the Premier's ICT Mobility Competition. He was awarded first place at the TasICT awards ceremony by Premier David Barlett, and won a cash prize of \$5000.

Luke's application is also commercially available on the App Store. He hopes to continue developing iPhone, iPod touch, and iPad applications in the future.

Congratulations on this award. We wish Luke the very best.

# One Night

I see you,  
unsure if you notice me  
you lay deep, deeply undisturbed.  
My ears hold waiting to hear the laugh,  
the giggle of time that has passed.  
But as the day grows older  
and so do I,  
I can reminisce of your jokes once more  
upon your cheeky smile.  
The night sky is softly lit,  
by shards of gentle lighted diamonds  
shown to us until once asked,  
the most noticeable fades away  
to show you haven't passed  
us by, as we had believed,  
it is although supposedly,  
you're doing and wish for us to see.  
To notice this gesture  
callow at least unforeseen,  
the feat performed to really  
rob the sky of a tiny light gleam.  
As it stole from us a precious jewel,  
sitting above forever leaving us in awe,  
knowing that we all once saw  
the kind signal that you are no more.  
You see me,  
unsure if I notice you,  
you lay deep, deep in our hearts.

*In loving memory of Alex Waugh*
