

Delivery time-frame:

Over 2 years only /1 full day per week

Timetabled lessons:

This qualification is a general pre-vocational qualification aimed for inclusion in a VET in Schools program or as an entry point into the animal care and management industry. It is highly recommended that whilst undertaking this qualification the learner should seek to gain a period of work placement or work experience in an animal care environment and/or workplace.

A student must be deemed competent in all units (12) to receive the full Certificate. Failure to complete all units will result in a Statement of Attainment only.

VET courses do not support Literacy, Numeracy or ICT ticks.

ACM20121 Certificate II in Animal Care

Year 11 enrolment only (2 year course).

Delivered and assessed off-campus at St Brendan Shaw College—Devonport.

(44 points towards TCE)*

*subject to change

ACM20121 Certificate II in Animal Care

What will I gain from completing this VET Qualification?

This qualification is for entry into sectors of the animal care and management industry, where workers provide care for animals in workplaces such as animal shelters, kennels, catteries, sanctuaries and veterinary clinics.

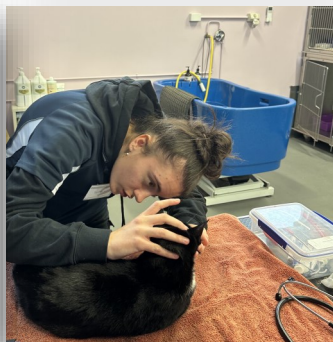

If you like to work with all creatures great and small, from domestic to native through to livestock, consider choosing this program.

Mandatory work placement of approximately 40 hours (once each year) is a component of this course at a variety of animal industry businesses, including native animal parks, veterinary clinics and animal welfare centres.

Completing this qualification provides an entry point to a career in the broader animal care industry and employment opportunities.

Pre-requisites:

Interviews will form part of the enrolment and selection process.

What will I learn?

Learning activities include hands on care of a range of animals including cats, dogs, fish, birds, native animals, cows, sheep and more.

Please note:

Practical learning activities forming part of the assessment in the program include general animal care, providing information on companion animals, products and services, working with a range of animals, client communication and interaction, undertaking routines in a veterinary clinic and preparing animals for operative procedures.

Travel to and from St Brendan Shaw College will be organised and arranged by Marist Regional College (TBC).
