

Delivery time-frame

1 year/2 days per 10 day cycle.

Please note that this introductory course does not lead to an ATAR, nor entry into a Bachelor of Nursing at University.

The units are delivered using a blend of knowledge-based learning, online resources and practical activities.

Students must complete the following areas to competency standards:

- 100% completion of theory
- 100% completion of practical based work

Introduction to Nursing and Health Occupations

What will I gain from completing this VET short skill set?

This course includes units that are part of the Health & Community Services Training Package.

This skill set will provide you with skills and knowledge that may lead to a career in the health industry or further studies.

This may be in a direct support or health professional role, or working with people to improve their health and wellbeing.

This course will provide an understanding of the career as a Nurse, but is not part of the Bachelor of Nursing training, which can only be studied at a University level.

VET courses do not support Literacy, Numeracy or ICT ticks.

What will I learn?

- BSBMED301 Interpret and apply medical terminology appropriately
- HLTAAP001 Recognise healthy body systems
- HLTINF006 Apply basic principles and practices of infection prevention and control
- HLTWHS002 Follow safe work practices for direct client care
- HLTAID011 Provide First Aid

Entry requirement:

Interviews will form part of the enrolment and selection process.

Post-secondary pathways/suggestions:

- CHC33021 Certificate III in Individual Support
- CHC32015 Certificate III in Community Services
- HLT33021 Certificate III in Allied Health Assistance
- HLT54121 Diploma of Nursing

Future career pathways/suggestions:

- Personal Care Worker
- Support Worker
- Aged Care Worker
- Allied Health Assistant
- Medical Receptionist
- Dental Assistant
