# Year 10 Introduction to Automotive

## What will I gain from completing this short skill set?

Do you enjoy getting your hands dirty, working on machinery and wondering how engines work? This course provides students with fun, practical hands-on learning and knowledge about a wide range of areas associated with the automotive industry. This taster course will include three (3) nationally accredited VET units of competency, which may go towards the Tasmanian Certificate of Education (TCE), if the student is deemed competent in each unit. Students may choose to enrol in the full qualification in AUR10120 Certificate I in Automotive Vocational Preparation in their Senior College years (subject to change).

- **AURAEA001** Identify environmental and sustainability requirements in an automotive service and repair workplace
- **AURASA001** Apply automotive workplace safety fundamentals
- **AURTTK102** Use and maintain tools and equipment in an automotive workplace
- **AURTTE003** Remove and tag engine system components

## Delivery time-frame:

1 year.

## What will I learn?

- Identify environmental and sustainability requirements in an automotive service or repair workplace.
- Gain an understanding of hazards in the environment from the service and repair of vehicles, as well as identifying sustainability practices that may reduce the environmental impact of work practices and outputs.
- Apply automotive workplace safety fundamentals and prepare, identify basic workplace emergency and safety practices and procedures.

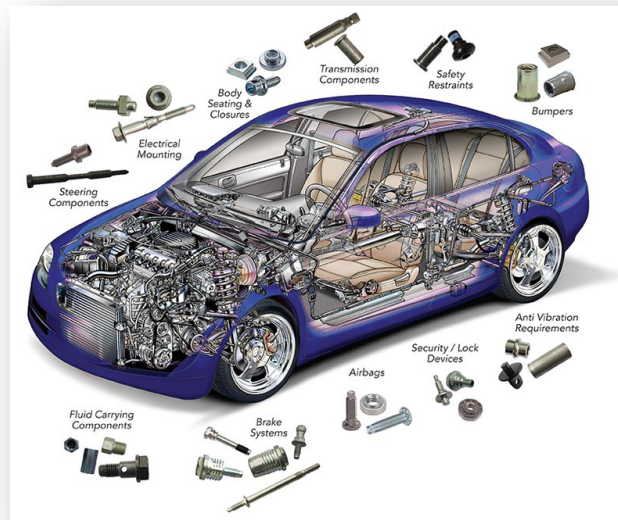

## Safety requirements:

Safety glasses are supplied by the College.

Safety boots are required for practical workshop lessons.

## Entry requirement:

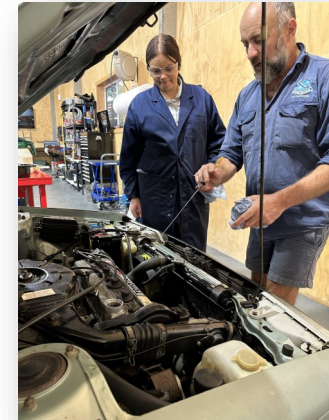

Interviews will form part of the enrolment and selection process.

## Possible Year 11 and 12 study pathways:

- AUR10120 Certificate I in Automotive Vocational Preparation

(There are huge opportunities to expand into different specialised areas in the Automotive Industry)

## Future career and post-secondary pathways:

- Apprenticeship
- Traineeship
- AUR20720 Certificate II in Automotive Vocational Preparation
- AUR32112 Certificate III in Automotive Body Repair Technology
